ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 368/87.

Exemption—Vaughan Hydro-Electric
Commission—VAUG-T-1.

Made—June 5th, 1987.

Approved—June 5th, 1987.

Filed—June 22nd, 1987.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—VAUGHAN HYDRO-ELECTRIC COMMISSION—VAUG-T-1

Having received a request from the Vaughan Hydro-Electric Commission that an undertaking, namely:

the activity of planning, designing, constructing, operating and maintaining a new electrical

transformer station to transform power from 230 kV to 27.6 kV, on a site located in Lot 7, Concession 3, Town of Vaughan,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Vaughan Hydro-Electric Commission that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The public will be interfered with and damaged since the level of service available from the proponent will be diminished and the reliability of the electrical distribution system will be adversely affected if future electrical demands cannot be met.
- B. The proponent and its customers will be interfered with by the delay incurred by having to prepare an individual environmental assessment for an undertaking which will not adversely affect the environment.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The public directly affected by the proposed project have been informed of the proponent's intentions and no concerns have been raised.
- B. The need for the project is well documented and information provided shows that environmental impacts will not be adverse; however, in the area of noise impacts, the following conditions will apply to this approval.

This exemption is subject to the following terms and conditions:

1. The Vaughan Hydro-Electric Commission shall provide the Director of the Environmental Assessment Branch of the Ministry of the Environment with a letter indicating the date on which construction commenced, within 30 days following the date, and the letter shall be put on file with the public record kept under section 31 of the Act by the Branch at the Ministry's main office located at 135 St. Clair Avenue West, Toronto, Ontario M4V 1P5.

2. The exemption order shall expire if construction of the project has not commenced by June 30, 1988. O. Reg. 368/87.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 369/87.

Exemption—Ministry of Natural Resources—MNR-52.

Made—June 5th, 1987.

Approved—June 5th, 1987.

Filed—June 22nd, 1987.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF NATURAL RESOURCES—MNR-52.

Having received a request from the Ministry of Natural Resources that an undertaking, namely:

the activity of implementing the Ministry of Natural Resources Cottage Lot Development Program including:

1. The implementation of any

(i) Lake Management Plans

(ii) River Cottaging Plans

2. The provision of road access, access points, common docks and solid waste disposal facilities

3. The disposition of Crown land for cottage development

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The public will be interfered with by delay in carrying out management programs to which the Crown has made public commitments and which have no significant negative effects on the environment.

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

A. The Ministry of Natural Resources, through public consultation, has developed District Land Use Guidelines which provide direction for determining areas to be considered for cottage development.

B. The Ministry of Natural Resources has a management planning process for lakes and rivers which considers:

(i) development and evaluation of alternative cottage lot and subdivision development plans;

(ii) the option of no development;

(iii) economic, social and environmental impacts;

(iv) public consultation;

(v) input from other government agencies;

(vi) periodic reviews of lake and river management plans.

C. The Ministry of Natural Resources processes Crown land subdivision development plans in accordance with procedures for private land subdivision proposals established under section 50 of the *Planning Act, 1983*.

D. The cottage lot program provides a service to the people of Ontario in areas where this demand is not now fulfilled by the private sector.

E. No significant negative environmental impacts or other public concerns have been identified with the cottage lot program which was carried out between 1974 and 1982.

F. The exemption will provide for early implementation of Ministry of Natural Resources Northern Competitiveness Initiatives to increase the use of Crown land as a development tool. A market demand study for cottage lots in Northern Ontario being carried out by the Ministry of Natural Resources during the term of this exemption will provide the long term direction for the Cottage Lot Development Program. The results of this study will also allow for an accurate determination of future methods for complying with the *Environmental Assessment Act*.

The exemption is subject to the following terms and conditions:

1. The Cottage Lot Development Program will be carried out in accordance with:

1. The Ministry of Natural Resources

"Interim Lake Planning Guidelines", 1977;

2. The Ministry of Natural Resources "River Cottaging Guidelines", 1982;

3. The Ministry of Natural Resources "Policy for Cottage Lot Development Program" dated March 11, 1987,

as amended from time to time and shall only include activities carried out for the purposes of creating, developing and servicing lots referred to in condition 10.

2. New cottage lots shall only be created in accordance with the procedure under section 50 of the *Planning Act, 1983*, as amended from time to time, which, for purposes of this order, shall be treated by the Ministry of Natural Resources as though the Act bound the Crown.

3. The Ministry of Natural Resources shall provide the Environmental Assessment Branch of the Ministry of the Environment and the Strategic Policy Branch of the Ministry of Tourism and Recreation with a list of existing MNR approved lake and river plans related to this undertaking which are intended to be implemented during the term of this order, within six months of the approval of this exemption order.

Any amendments to this list will be forwarded to the Director of the Environmental Assessment Branch, Ministry of the Environment within thirty days of the list being amended by the Minister of Natural Resources. The names of lakes and rivers for which new plans will be formulated will also be forwarded to the Director of the Environmental Assessment Branch, Ministry of the Environment, prior to the commencement of the lake and river planning process.

4. A copy of each lake and river plan, once it is approved by MNR, shall be made available to the public for examination at the appropriate District Office of the Ministry of Natural Resources at least forty-five days before implementation commences and, in any event, prior to the submission of a draft plan of subdivision or the commencement of construction of an access road, access point, common dock or solid waste disposal facility. A summary of each plan to be implemented will be forwarded to the Environmental Assessment Branch of the Ministry of the Environment and the Strategic Policy Branch of the Ministry of Tourism and Recreation no later than the date the plan is required to be made available at the District Office to be kept with the records of environmental assessments and made avail-

able to the public in the same way as these records.

5. Where the Minister of the Environment determines, after consultation with the Minister of Natural Resources, that a proposed activity,

- (a) may generate an unusual amount of public or Government concern;

- (b) may have unusual or significant potential environmental impacts not adequately treated in the pertinent planning exercise; or

- (c) would otherwise warrant an environmental assessment,

the Minister of the Environment may, by written notice to the Minister of Natural Resources, direct that an environmental assessment be prepared for the activity in which event the activity will not be exempt under this Order.

6. Where the Minister of the Environment has given written notice to the Minister of Natural Resources that he is considering the application of condition 5 to an activity, MNR shall not implement the activity until forty-five days have elapsed from the giving of notice or the Minister of the Environment gives written notice to the Minister of Natural Resources that it is not proposed to require an environmental assessment.

7. The Ministry of Natural Resources as part of its Lake and River Planning Process shall comply with the conditions of approval of the Class Environmental Assessments for Access Points and Docks and Access Roads to MNR facilities approved on April 1, 1982 and the Class Environmental Assessment for Solid Waste Disposal approved on April 6, 1984 or any subsequent approval that is provided for the undertakings described in these Class Environmental Assessments.

8. Where an environmental assessment is submitted for a lake or river plan, that plan shall be deemed to be a separate undertaking not exempt by this order.

9. During the term of this exemption, the Ministry of Natural Resources shall conduct a review of the Interim Lake Planning Guidelines and the River Cottaging Guidelines to ensure that these guidelines take into account the concerns of government ministries and agencies. These guidelines

shall be circulated by the Ministry of Natural Resources for review to all those government ministries and agencies which are normally involved in the Government Review under the *Environmental Assessment Act*.

10. The Ministry of Natural Resources shall offer no more than 350 new Crown lots under this exemption order to the public in each year of the term of this Order.

11. Each lot developed by the Ministry of Natural Resources under this Cottage Lot Program shall be able either in a natural or an engineered state to support a Class 4 sewage system.

12. The Ministry of Natural Resources, in consultation with the Ministry of the Environment, shall determine the most appropriate method for long term compliance with the *Environmental Assessment Act* for this program and shall submit a letter to the Director of the Environmental Assessment Branch by June 30, 1988 which outlines an agreement satisfactory to the Ministry of the Environment.

13. A copy of this guidelines and policy referred to in condition 1, the list and its amendments referred to in condition 3, the summary referred to in condition 4, any notice referred to in condition 5, 6 or 14 shall be kept in the public records maintained under section 31 of the Act by the Environmental Assessment Branch.

- 14.—(1) If the Ministry of the Environment has not issued a notice in writing to the Minister of Natural Resources referring to this sub-condition by the 15th day of July, 1988 stating that the agreement referred to in condition 12 is satisfactory, this Exemption Order shall expire on that date.

- (2) Subject to subsection (1), this Order expires December 31, 1988 except that the Minister of the Environment, taking into consideration but no limited to the agreement referred to in condition 12 made on the long term application of the *Environmental Assessment Act* to this program and upon request of the Minister of Natural Resources, may by written notice referring to this condition extend the expiry date but this extension shall not be beyond June 30, 1990. 16a.—(1) Subject to subsection (2), section 52 of the Act does not apply to a trade by a person or company referred to in subparagraph iii of paragraph 11 of subsection 1 (1) of the Act in a security that was acquired pursuant to a take-over bid that is a formal bid as defined in subsection 88 (1) of the Act if,

- (a) the offeree issuer had been a reporting issuer for at least twelve months at the date of the bid;

3. Part IX of the said Regulation is revoked and the following substituted therefor:

PART IX

TAKE-OVER BIDS AND ISSUER BIDS

163.—(1) In this section,

“formal valuation” means a valuation prepared by a qualified and independent valuer based upon techniques that are appropriate in the circumstances, after considering going concern or liquidation assumptions or both, together with other relevant assumptions, that arrives at an opinion as to a value or range of values for the participating securities based upon such analysis without any downward adjustments to reflect the fact the participating securities do not form part of a controlling interest;

“going private transaction” means an amalgamation, arrangement, consolidation or other transaction proposed to be carried out by an insider of an issuer as a consequence of which the interest of the holder of a participating security of the issuer in that security may be terminated without the consent of that holder and without the substitution therefor of an interest of equivalent value in a participating security of the issuer or of a successor to the business of that issuer or of another issuer that controls the issuer but does not include the acquisition of participating securities pursuant to a statutory right of acquisition;

“insider” means,

- (a) every director or senior officer of an issuer,
- (b) every director or senior officer of a company that is itself an insider or subsidiary of an issuer,
- (c) any person or company who beneficially owns, directly or indirectly, voting securities of an issuer or who exercises control or direction over voting securities of an issuer or a combination of both carrying more than 10 per cent of the voting rights attached to all voting securities of the issuer for the time being outstanding other than voting securities held by the person or company as underwriter in the course of a distribution, and
- (d) an issuer where it has purchased, redeemed or otherwise acquired any of its securities, for so long as it holds any of its securities;

“insider bid” means a take-over bid made by an insider of the offeree issuer or by any associate or affiliate of an insider of an offeree issuer;

“participating security” means a security that carries the right to participate in earnings to an unlimited degree including a security that by its terms is convertible into or exchangeable for or carries the right to purchase such a security;

“prior valuation” means an existing independent apprai-

sal or valuation or any material non-independent appraisal or valuation in respect to an issuer, its material assets or its securities.

(2) Every take-over bid circular and issuer bid circular to which this section applies shall contain, except where the offeror establishes to the Director's satisfaction that the offeror lacks access to information enabling the offeror to comply with this subsection, and subject to any waiver or variation consented to in writing by the Director,

- (a) a summary of a formal valuation of the offeree issuer;
- (b) an outline of every prior valuation of the offeree issuer made within twenty-four months preceding the date of the take-over or issuer bid including a description of the source and circumstances under which it was made.

(3) This section applies only to,

- (a) a take-over bid circular that is required by the Act in respect of an insider bid;
- (b) a take-over bid circular that is required by the Act where it is anticipated by the offeror that a going private transaction will follow the take-over bid; or
- (c) an issuer bid circular that is required by the Act.

(4) Subject to subsection (5), a formal valuation referred to in clause (2) (a) shall be as of a date that is not more than 120 days before the date of the take-over bid or issuer bid and shall contain appropriate adjustments for material intervening events.

(5) A formal valuation referred to in clause (2) (a) may be as of a date that is more than 120 days before the date of the take-over bid or issuer bid if it is accompanied by a letter addressed to the directors of the issuer confirming that the valuer has no reasonable ground to believe that any intervening event has materially affected the value or range of values determined in such valuation or, if there has been such an event, describing it and stating the resultant change in the value or range of values in the valuation.

(6) Where the Director is of the opinion that disclosure of information required by subsection (2) to be furnished to the holders of securities would cause a detriment to the offeree issuer or the security holders of the offeree issuer that would outweigh the benefit of the information to the prospective recipients, the Director may permit the omission of the information.

(7) A formal valuation referred to in clause (2) (a) and a letter of confirmation, if any, referred to in subsection (5), shall be filed concurrently with the filing of the circular in which reference to the valuation is made except

where the Director otherwise permits. O. Reg. 374/87, s. 3, *part*.

164.—(1) For the purposes of Part XIX of the Act, "market price" of a class of securities, as to which there is a published market, at any date, is an amount equal to the simple average of the closing price of securities of that class for each of the business days on which there was a closing price falling not more than twenty business days before that date.

(2) Where a published market does not provide a closing price, but provides only the highest and lowest prices of securities traded on a particular day, the market price of the securities, at any date, is an amount equal to the average of the simple averages of the highest and lowest prices for each of the business days on which there were highest and lowest prices falling not more than twenty business days before that date.

(3) Where there is more than one published market for a security, the market price for the purposes of subsections (1) and (2) shall be determined as follows:

1. If only one of the published markets is in Canada, the market price shall be determined solely by reference to that market.
2. If there is more than one published market in Canada, the market price shall be determined solely by reference to the published market in Canada on which the greatest volume of trading in the particular class of securities occurred during the twenty business days preceding the date as of which the market price is being determined.
3. If there is no published market in Canada, the market price shall be determined solely by reference to the published market on which the greatest volume of trading in the particular class of securities occurred during the twenty business days preceding the date as of which the market price is being determined.

(4) Where there has been trading of securities in a published market for fewer than ten of the twenty business days preceding the date as of which the market price of the securities is being determined, the market price shall be the average of the following prices established for each of the twenty business days preceding that date,

- (a) the average of the bid and ask prices for each day on which there was no trading; and
- (b) the closing price of securities of the class for each day that there has been trading, if the published market provides a closing price; or
- (c) the average of the highest and lowest prices of securities of that class for each day that there has been trading, if the published market provides only the highest and lowest

prices of securities traded on a particular day.

(5) Notwithstanding subsection (1), (2), (3) or (4), for the purposes of clause 92 (1) (b) of the Act, where an offeror acquires securities on a published market, the market price for those securities shall be the price of the last board lot of securities of that class purchased, before the acquisition by the offeror, by a person or company that was not acting jointly or in concert with the offeror. O. Reg. 374/87, s. 3, *part*.

165. A take-over bid is exempt from sections 94 to 99 of the Act for securities in respect of which there is no published market if,

- (a) purchases are made from not more than five persons or companies in the aggregate, including persons or companies outside of Ontario; and
- (b) the bid is not made generally to security holders of the class of securities that is the subject of the bid. O. Reg. 374/87, s. 3, *part*.

166.—(1) Subsection 93 (2) of the Act is not applicable to an agreement between a security holder and an offeror to the effect that the security holder will tender the security holder's securities to a formal take-over bid made by the offeror in accordance with the terms and conditions of the bid.

(2) Subsection 93 (8) of the Act does not apply to prohibit the issue of securities by an issuer pursuant to a stock dividend plan, dividend reinvestment plan, employees' stock purchase plan or other similar plan, notwithstanding that the issuer is making an issuer bid.

(3) For the purpose of clause 93 (1) (c) of the Act, an associate of a security holder referred to in that clause does not include a person or company who is not acting jointly or in concert with the security holder. O. Reg. 374/87, s. 3, *part*.

167. ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 411/87.

Exemption—Ministry of the Environment—
MOE-33.

Made—June 30th, 1987.

Approved—June 30th, 1987.

Filed—July 10th, 1987.

**ORDER MADE UNDER THE
ENVIRONMENTAL ASSESSMENT ACT**

**EXEMPTION—MINISTRY OF THE
ENVIRONMENT—MOE-33**

Having received a request from the Regional Director, Central Region, Ministry of the Environment, that an undertaking, namely:

The removal of lead contaminated soil from residential and municipal properties in the vicinity of the Canada Metal Company Limited secondary lead smelter on Eastern Avenue in Toronto, hauling the soil to approved waste disposal sites, replacing it with uncontaminated top soil and restoring the properties to a condition approximating that which existed prior to the soil removal

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Regional Director, Central Region, that if the undertaking is subject to the application of the Act, the following injury, damage or interference with persons and property indicated will occur:

- A. Since lead contaminated soil on residential and municipal properties poses a potential hazard to the health of pre-school aged children, there will be a prolonged exposure of these children to the potential hazard.

- B. The public will become increasingly uneasy over the continuing presence of lead contaminated soil in view of its potential hazard to pre-school aged children and the Ministry commitment to remove it.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management of Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The lead contaminated soil poses a potential hazard to the children of the area. Delays which would be engendered by the application of the Act to the removal program will add to the duration of this potential hazard. Therefore, it is in the public interest to replace lead contaminated soil in the area expeditiously without waiting for an environmental assessment approval.

The exemption is subject to the following terms and conditions:

1. The Ministry, where appropriate, shall inform and consult with agencies, municipalities,

public groups and the public, which have concerns with the undertaking before the commencement of the undertaking.

2. The Director, Central Region, Ministry of the Environment, shall advise, in writing, thirty calendar days after the completion of the undertaking, the Director of the Environmental Assessment Branch of the Ministry of the Environment, as to how the conditions of the exemption have been met, for filing with the public records kept under section 31 of the Act by the Branch at the Ministry's main office.
3. The Director, Central Region, shall designate specific truck haulage routes to be followed throughout the undertaking, in order to minimize any potential adverse effects on local residents.
4. The Director, Central Region, Ministry of the Environment, shall take steps to ensure that the hauling contractor securely contains all loads in order to prevent spillage and cleans up any spillage that does result from the loading and hauling of the soil. O. Reg. 411/87.

MUNICIPAL ACT

Equalization of Assessments Made
Under Section 368b of the Municipal
Act.

Made—July 22nd, 1987.

Filed—July 22nd, 1987.

REGULATION MADE UNDER THE
MUNICIPAL ACTEQUALIZATION OF ASSESSMENTS
MADE UNDER SECTION 368b OF THE
MUNICIPAL ACT

1. The equalization of assessment made under the Act in each prescribed class of real property necessary to provide, for the County of Brant, assessments of real property that, in accordance with section 368b of the Act, will be equitable one with the other in each prescribed class of real property shall include, as standards to be taken into account in such equalization and the computation of the factors resulting therefrom, the following considerations:

1. The proportion that the municipal and school board taxes levied for the year 1986 against the total assessment of real property in each prescribed class of real property is of the total municipal and school taxes levied for the year 1986 in the County shall be maintained to the extent that, if that single mill rate that would have been required to produce in the year 1986 the amount of municipal and school taxes levied in that year against the total assessment of the prescribed class of real property were applied to the total assessment of that prescribed class of real property resulting from the application of the factors hereafter in this Regulation prescribed for that class of real property in the County, the municipal and school taxes that would have been so levied for the year 1986 from the total assessment for that prescribed class will be substantially the same total amount for that prescribed class of real property as was actually levied in the County for the year 1986 against the total assessment for that prescribed class of real property in the County.
2. All real property within a prescribed class of real property in the County shall, as nearly as may be, be assessed at the same proportion of the market value of such real property in the year 1980, as that market value is determined by the Assessment Commissioner in whose Assessment Region the County is located.
3. The total assessment, including assessments made under section 32 or 33 of the *Assessment Act*, of the real property in the

County shall not be substantially increased or decreased.

4. Equitability of assessment of real property within each prescribed class of real property in the County shall be established without significant alteration of the assessment relationships between prescribed classes of real property in the County, provided that this paragraph does not apply to affect changes in the assessment relationship between prescribed classes of real property that result from an increase in the total assessment of the prescribed class of real property by reason of assessments under section 32 or 33 of the *Assessment Act*. O. Reg. 434/87, s. 1.

2. Under Section 82 of The Regional
Municipality of Haldimand-Norfolk
Act.
Made—July 22nd, 1987.
Filed—July 22nd, 1987.

REGULATION MADE UNDER THE
REGIONAL MUNICIPALITY OF
HALDIMAND-NORFOLK ACT

**EQUALIZATION OF ASSESSMENTS
MADE UNDER SECTION 82 OF THE
REGIONAL MUNICIPALITY OF
HALDIMAND-NORFOLK ACT**

1. The equalization of assessment made under the Act in each prescribed class of real property necessary to provide, for the Regional Area, assessments of real property that, in accordance with section 82 of the Act, will be equitable one with the other in each prescribed class of real property shall include, as standards to be taken into account in such equalization and the computation of the factors resulting therefrom, the following considerations:

1. The proportion that the municipal and school board taxes levied for the year 1986 against the total assessment of real property in each prescribed class of real property is of the total municipal and school taxes levied for the year 1986 in the Regional Area shall be maintained to the extent that, if that single mill rate that would have been required to produce in the year 1986 the amount of municipal and school taxes levied in that year against the total assessment of the prescribed class of real property were applied to the total assessment for that prescribed class of real property resulting from the factors hereafter in this Regulation prescribed for that class of real property in the Regional Area, the municipal and school taxes that would have been so levied for the year 1986 from the total assessment for that prescribed class will be substantially the same total amount for that prescribed class of real property as was actually levied in the Regional Area for the year 1986 against the total assessment for that prescribed class of real property in the Regional Area.
2. All real property within a prescribed class of real property in the Regional Area shall, as nearly as may be, be assessed at the same proportion of the market value of such real property in the year 1984, as that market value is determined by the Assessment Commissioner in whose Assessment Region the Regional Area is located.
3. The total assessment, including assessments made under section 32 or 33 of the *Assessment Act*, of the real property in the Regional Area shall not be substantially increased or decreased.
4. Equitability of assessment of real property within each prescribed class of real property in the Regional Area shall be established without significant alteration of the assessment relationships between prescribed classes of real property in the Regional Area, provided that this paragraph does not apply to affect changes in the assessment relationship between prescribed classes of real prop-

erty that result from an increase in the total assessment of the prescribed class of real property by reason of assessments under section 32 or 33 of the *Assessment Act*. O. Reg. 435/87, s. 1.

2. This Regulation applies to the Regional Area and to the assessment to be shown on the assessment rolls to be returned in the Regional Area for the year 1986 for taxation in the year 1987 and for every assessment made in the Regional Area for taxation in each subsequent year until a new reassessment of all property within the Regional Area is made under subsection 82 (5) of the Act. O. Reg. 435/87, s. 2.

3. For the purposes of this Regulation, the real property situate in the Regional Area shall be divided into the prescribed classes of real property that are designated in this Regulation. O. Reg. 435/87, s. 3.

4. For the purposes of this Regulation, the factor to be applied to the market value, as determined in accordance with paragraph 2 of section 1, of real property in each prescribed class of real property in the Regional Area shall be that shown in the Schedule to this Regulation opposite the number of that prescribed class. O. Reg. 435/87, s. 4.

5. For the purposes of this Regulation, the following classes of real property are prescribed:

CLASS 1

- (b) seasonal residential including vacant land zoned principally for this purpose.

CLASS 2

Property assessed,

- (a) as residential and comprising seven or more residential units, including vacant land municipally zoned principally for residential development described in this clause; or
- (b) as a unit or proposed unit within the meaning of the *Condominium Act* to which subsection 65 (2) of the *Assessment Act* does not apply and that is part of a building or parcel of land containing seven or more residential units, whether or not such residential units are units or proposed units within the meaning of the *Condominium Act*.

CLASS 3

Property assessed as commercial, including vacant land municipally zoned principally for commercial development.

CLASS 4

Property assessed as industrial, including vacant land municipally zoned principally for industrial development.

CLASS 5

Property assessed as farm land.

CLASS 6

Property assessed as pipe line.

CLASS 7

Property assessed as a railway right of way.
O. Reg. 435/87, s. 5.

6.—(1) The rates contained in Schedule 3 to Ontario Regulation 35/87 (Equalization of Assessments made under section 63 of the *Assessment Act*) shall apply to the assessment for taxation of all pipe lines liable to assessment and taxation under section 24 of the *Assessment Act* and located in or on the boundary of any municipality named in the Schedule to this Regulation.

(2) For the purposes of clause 24 (16a) (b) of the *Assessment Act*,

(a) where two or more pipe lines occupy the same right of way, each pipe line occupying the right of way is a second and subsequent pipe line, except that which bears the highest assessed value computed by applying the rates in Schedule 3 to Ontario Regulation 35/87 without the reduction in rates for the second and subsequent pipe lines occupying the same right of way provided for in clause (b) but where two or more pipe lines occupying the same right of way have the same assessed value so computed and that assessed value is the highest assessed value or is the only assessed value for the pipe lines occupying that right of way, each of such pipe lines is designated as a second and subsequent pipe line except that one that was first in use as a pipe line; and

(2) If the landlord purchases a residential complex in a non-arm's length transaction,

- (a) the Minister shall ascertain the real substance of the transaction and the good faith of the participants; and
- (b) the Minister may recognize the costs relating to the purchase, provided that they do not exceed those that would be experienced in similar market transactions. O. Reg. 440/87, s. 4.

5. For the purposes of determining whether a related group of buildings is a residential complex, a related group of buildings,

- (a) does not include a group that consists of two classes of buildings, namely, a building or buildings no part of which was occupied as a rental unit before the 1st day of January, 1976 along with a building or buildings, any part of which was occupied as a rental unit before the 1st day of January, 1976; and
- (b) includes buildings of the same class that,
 - (i) share common services and facilities,
 - (ii) are subject to the same financing, or
 - (iii) are managed and administered as one business operation. O. Reg. 440/87, s. 5.

SEPARATE CHARGES

6. For the purposes of subsection 97 (3) of the Act, "cablevision" is prescribed as a separate charge. O. Reg. 440/87, s. 6.

7.—(1) For the purposes of subsection 97 (4) of the Act, the maximum rent that may be charged shall be increased or decreased in the manner set out in this section.

(2) If all parking spaces are provided for the same charge per space, that charge shall be the amount added to the maximum rent if an additional space is provided or deducted from the maximum rent if the landlord discontinues the provision of the space.

(3) If there are different classes of parking spaces and the parking spaces in each class are provided for the same charge, the charge per space for that class of space shall be the amount added to the maximum rent if an additional space is provided or deducted from the maximum rent if the landlord discontinues the provision of the space.

(4) If subsections (2) and (3) do not apply because there are different charges or different charges within a class, the amount that may be added or deducted from the maximum rent shall be,

- (a) the amount of the separate charge for a space established for the rental unit pursuant to an

order under the Act, *The Residential Premises Rent Review Act, 1975* (2nd Session) or under Part XI of the *Residential Tenancies Act* plus any statutory increases permitted since that time;

(b) if clause (a) does not apply, the earliest charge known for the parking space associated with that rental unit on or after the 29th day of July, 1975 plus any statutory increases permitted since that time;

(c) if clauses (a) and (b) do not apply, the average of the separate charges for other parking spaces within the same established class;

(d) if clauses (a), (b) and (c) do not apply and if parking has been included in the rent without reference to a direct charge in the tenancy agreement, the amount that the parties can directly or by implication establish as the value of the parking space.

(5) If a new parking space is created or constructed and there are existing parking spaces in the same established class, the charge to be added to the maximum rent shall not exceed the average of the charges in that class.

(6) If the landlord provides a parking space that is not on the premises, the charge to be added to or deducted from the maximum rent shall be the cost experienced by the landlord, if that cost does not exceed a cost that is comparable to similar market transactions.

(7) If the landlord provides cablevision, the amount that may be added to the maximum rent is the cost experienced by the landlord on a per unit basis at the time the service is provided.

(8) If the landlord discontinues the provision of cablevision, the amount that may be deducted from the maximum rent is,

(a) if the charge for cablevision is included in the basic unit rent, the cost experienced by the landlord on a per unit basis; or

(b) if there is a separate charge for cablevision, the actual amount of the charge,

at the time the service is discontinued. O. Reg. 440/87, s. 7.

CONTINGENCY FEES

8.—(1) For the purposes of subsection 121 (1) of the Act, the prescribed amount is 10 per cent of the amount that has been or may be recovered, gained or saved in part or in whole through the efforts of the agent over the twelve-month period commencing on the first effective date of the rent increase for each rental unit as set out in the order.

(2) Notwithstanding subsection (1), where an order is made under section 95 of the Act or where a landlord agrees to refund excess rent to a tenant in the absence of an order, the proportion shall not exceed 10 per cent of the total amount of excess rent found owing by the landlord to the tenant pursuant to the order or that the landlord, in the absence of an order, has agreed to repay. O. Reg. 440/87, s. 8.

OPERATING COST ALLOWANCE

9. For the purposes of clauses 75 (a) and 87 (1) (a) of the Act, the prescribed operating cost allowance is 3 per cent of the gross potential rent. O. Reg. 440/87, s. 9.

CONTINUING CAPITAL EXPENDITURES

10.—(1) For the purposes of subsection 76 (2) of the Act, subject to section 20, a capital expenditure is of a continuing nature if,

(a) it is a single capital expenditure completed in stages over, or conducted on a project basis over, a period that extends beyond the applicable period mentioned in section 16 that,

(i) makes related improvements within a specific room or area, or

(ii) involves objects, items or systems that are similar in nature to each other;

(b) the Minister finds, in the initial application, that the capital expenditure,

(i) is not or will not be substantially completed within the time period mentioned in section 16, and

(ii) will be completed within a maximum of thirty-six months after its commencement.

(2) If on a subsequent application a landlord demonstrates that, with respect to the capital expenditure mentioned in subsection (1),

(a) clauses (1) (a) and (b) apply; or

(b) clause (1) (a) applies and clause (1) (b) does not apply but the completion of the capital expenditure was delayed, for reasons beyond the landlord's control, beyond thirty-six months after commencement of the capital expenditure claimed,

the Minister may find that the capital expenditure is continuing.

(3) Notwithstanding section 16, where the Minister finds that a capital expenditure is of a continuing nature or is continuing, that part of the capital expenditure that is completed within the relevant time

period mentioned in section 16 shall be recognized for the purposes of making an allowance for the capital expenditure. O. Reg. 440/87, s. 10.

CALCULATION OF CAPITAL EXPENDITURE ALLOWANCE

11.—(1) For the purposes of calculating the amount of a capital expenditure which a landlord has experienced or will experience, an allowance for the capital expenditure consists of,

- (a) the purchase price, installation cost, renovation cost or construction costs of the capital expenditure;
- (b) an allowance for management and administration;
- (c) the value of the landlord's own labour;
- (d) the rental value of any vacant rental unit if the vacancy is directly related to the capital expenditure, unless otherwise recognized;
- (e) interest on the total of clauses (a), (b), (c) and (d) including, where the capital expenditure is financed by borrowing, the value of any guarantees given by or on behalf of the landlord to the lender; and
- (f) a reduction of the amounts set out in clauses (a), (c) and (d) by an amount equal to any proceeds received from or as a result of insurance,

amortized over the anticipated useful life of the expenditure in the form of a blended equal annual payment of principal and interest.

(2) Notwithstanding subsection (1), if the landlord obtains funds for a capital expenditure to rehabilitate a residential complex under the Low Rise Rehabilitation Program, the High Rise Rehabilitation Project, the Conserve-a-Unit research project, the Ontario Home Renewal Program, or the Residential Rehabilitation Assistance Program, any payments made by the landlord during the period under review under the programs together with the rental value of any vacant rental unit if the vacancy is directly related to the capital expenditure, with interest as provided in section 15 amortized over the anticipated useful life of the capital expenditure, shall be allowed instead of the capital expenditure allowance, except that,

- (a) any payments required under the program as a result of,
 - (i) the premises ceasing to be a residential complex,
 - (ii) the residential complex being sold,
 - (iii) the landlord failing to demonstrate efforts to prevent tenant disruption during the rehabilitation process, or

- (iv) a provision in the program resulting in early or accelerated repayment in whole or in part,

shall not be recognized;

- (b) if the total cost of a capital expenditure calculated in subsection (1) exceeds the funds obtained from the programs mentioned in this subsection, the excess shall be subject to the provisions for capital expenditures as otherwise set out in the Act and this Regulation but a management and administration allowance shall be calculated on the total cost of the capital expenditure; and
- (c) any funds that the landlord receives as a grant or a forgivable loan under which no repayment is made, shall not be allowed as part of the capital expenditure. O. Reg. 440/87, s. 11.

ANTICIPATED USEFUL LIFE

12.—(1) For the purposes of section 11, the anticipated useful life for new items to be used in calculating the capital expenditure allowance is set out in Tables 1 and 2.

(2) If a capital expenditure under review is not set out in Table 1 or 2, the Minister shall consider the nature of the expenditure with reference to characteristics in common with the items set out in Tables 1 and 2 and factors which are reasonable in the marketplace.

(3) If an item is not new, the Minister shall determine the remaining useful life of the item under review by taking into account its age and the anticipated useful life as determined under subsections (1) and (2) and the remaining anticipated useful life of the item. O. Reg. 440/87, s. 12.

ALLOWANCE FOR MANAGEMENT AND ADMINISTRATION

13.—(1) For the purposes of clause 75 (d) of the Act and section 11, the allowances for management and administration with respect to capital expenditures, excluding capital expenditures experienced during the initial rent-up period, are set out in this section.

(2) If construction or renovation is performed by persons who are not directly employed by the landlord but who are supervised by the landlord or by someone retained by the landlord to supervise during the construction or renovation project, an allowance for management and administration of 7.5 per cent of the construction or renovation costs, before any reduction for insurance proceeds, shall be included in the calculation of the capital expenditure allowance.

(3) If construction or renovation is performed by persons in the direct employ of the landlord, an administration allowance shall be allowed of 7.5 per

cent of the direct labour and material costs, before any reduction for insurance proceeds, and a management allowance shall be allowed of 7.5 per cent of the total of the direct labour and material costs and the administration allowance, before any reduction for insurance proceeds, unless the allowances or management and administration costs have otherwise been recognized in determining a rent increase.

(4) In respect of the purchase and installation of appliances, carpeting, furnishings and other similar items, a management allowance of 2 per cent of the total cost of purchase and installation, before any reduction for insurance proceeds, shall be allowed if it is determined that there was management effort used by the landlord or a person employed by the landlord in the negotiation of improved terms of purchase or on the supervision of the installation. O. Reg. 440/87, s. 13.

LABOUR PROVIDED BY THE LANDLORD

14.—(1) For the purposes of making a determination under section 11, where the labour involved in carrying out a capital expenditure is provided by the landlord, the Minister shall allow the value of the work done on the basis of an amount that is reasonable in the marketplace.

(2) For the purposes of making a determination under subsection (1), the portion of the cost of the capital expenditure represented by the landlord's own labour shall not be the subject of an allowance for management and administration. O. Reg. 440/87, s. 14.

INTEREST ON CAPITAL EXPENDITURES

15.—(1) For the purposes of clauses 78 (1) (a) and (b) of the Act and section 11, the rates of interest to be allowed are set out in this section.

(2) If the capital expenditure is financed entirely by borrowing, the interest rate allowed is the rate experienced unless the rate experienced unreasonably exceeds the rate for similar market transactions.

(3) Notwithstanding subsection (2), for the purposes of clause 78 (1) (b) of the Act, if the interest rate experienced by the landlord is discounted as a result of guarantees given by or on behalf of the landlord to the lender, the discount shall be added to the interest rate and the resulting rate shall be used in the calculation of the allowance for capital expenditures.

(4) If the capital expenditure has been financed entirely out of the landlord's own funds, the interest rate allowed shall be the average mortgage interest rate of five year conventional first mortgages as reported monthly by Canada Mortgage and Housing Corporation for the third month prior to the effective date of the first rent increase applied for, or in the case of an application made under subsection 89 (1) of the Act, for the month that the application is made, plus,

(a) one percentage point of interest if there is existing financing related to the acquisition or construction of the residential complex equal to more than 30 per cent but less than 60 per cent of the acquisition costs or value of the residential complex as determined under sections 48 and 49; or

(b) two percentage points of interest if there is existing financing related to the acquisition or construction of the residential complex which is 60 per cent or more of the acquisition costs or value of the residential complex as determined under sections 48 and 49.

(5) If the capital expenditure has been financed in part by borrowed funds and in part by the landlord's own funds, the interest rate allowed on the borrowed funds shall be as set out in subsections (2) and (3) and the interest rate allowed for the landlord's own funds shall be as set out in subsection (4).

(6) For the purposes of subsection (4), the level of existing financing shall be determined as of the date the current application is made. O. Reg. 440/87, s. 15.

SUBSTANTIAL COMPLETION

16.—(1) In this section, "substantially completed" means the degree of completion such that the landlord would be liable for the total cost of completion of the capital expenditure or the point where the capital expenditure would reasonably be considered to be complete despite further work to be completed.

(2) For the purposes of an application under section 74 or 86 of the Act, subject to subsection 10 (3), an allowance shall be made for capital expenditures which have been or will be substantially completed within a period of twelve consecutive months that occurs within the base year period and the projected year period.

(3) Notwithstanding subsection (2), if a landlord makes an application for an intended rent increase to be effective on or before the 1st day of August, 1987, an allowance shall be made for capital expenditures that have been or will be substantially completed during the base year period and the projected year period. O. Reg. 440/87, s. 16.

VARIANCE FROM PROJECTED EXPENDITURE

17.—(1) For the purposes of clause 75 (c) of the Act, "actual capital expenditure" means the allowance as determined under section 11 for a capital expenditure that has been actually completed.

(2) If the Minister finds on a subsequent application that the allowance for an actual capital expenditure varies from the allowance for the projected capital expenditure allowed on a previous order made under the Act or the *Residential Tenancies Act*, the Minister shall add to or deduct from the rent increase justified

on the application, as the case may be, the amount of the variance.

(3) For the purposes of determining the allowance for an actual capital expenditure in subsection (2), the Minister shall recalculate the allowance for the projected capital expenditure allowed on a previous order on the basis of actual costs, but using the same amortization period and interest rate as on the previous order. O. Reg. 440/87, s. 17.

REPLACEMENT

18.—(1) For the purposes of subsection 78 (2) of the Act, if an item allowed on the current application is specifically identified and is found by the Minister to be an item allowed in a previous order, the item previously allowed has been replaced.

(2) If subsection (1) does not apply, where an item previously allowed was installed in a specific unit and a similar item allowed on the current application was installed in the same unit, the item is deemed to be replaced unless otherwise established.

(3) If subsections (1) and (2) do not apply, an item has been replaced if the item allowed on the current application is composed of a number of articles and the number of articles together with a number of similar articles completed on or after the 1st day of August, 1985 and allowed in a previous order exceeds the number of similar articles in use in the residential complex at the time the current application is made.

(4) If subsection (3) applies, the number of articles being replaced shall be determined by subtracting the number of similar articles in use in the residential complex at the time the application is made from the total of the number of similar articles allowed on the current application and the number of similar articles completed on or after the 1st day of August, 1985 and allowed in a previous order.

(5) Where an item is found to be replaced under subsection (3), the amount allowed in the previous order in respect of the articles that were replaced shall be determined on the basis that those articles allowed first are replaced first.

(6) If an item was allowed as part of a capital expenditure consisting of a number of items and the allowance for the capital expenditure included principal and interest amortized over an anticipated useful life that,

(a) took into account all the items; and

(b) differs from the anticipated useful life of the individual item set out in Tables 1 and 2,

the item may be found to be replaced when the allowed anticipated useful life of the whole capital expenditure has elapsed. O. Reg. 440/87, s. 18.

NEGLECT

19. For the purposes of section 96 of the Act,

"ongoing deliberate neglect" in maintaining the residential complex or any rental unit means that the landlord was aware of the relevant maintenance conditions and failed to take reasonable corrective measures within a reasonable length of time and as a result the capital expenditures or proposed capital expenditures were necessary, but that failure does not include matters that are beyond the landlord's control;

"substantial" means that the total of the allowances for capital expenditures that have been found to be necessary as a result of the landlord's ongoing deliberate neglect equals 1 per cent or more of the monthly maximum rent of the rental units affected by the said capital expenditure for the month preceding the effective date of the first increase applied for multiplied by twelve. O. Reg. 440/87, s. 19.

CAPITAL EXPENDITURES AS ACQUISITION COSTS

20.—(1) If capital expenditures have been or will be incurred within twelve months of the acquisition of the residential complex and if there was an obvious need for the capital expenditures which a prudent purchaser would have taken into consideration in negotiating the purchase price, no allowance for the capital expenditure shall be made as such and the cost of the capital expenditure, as set out in clauses 11 (1) (a), (c), (d) and (f) shall be considered as part of the acquisition costs unless it has been experienced during the initial rent-up period in which case subsection 48 (9) applies.

(2) Notwithstanding subsection (1), that portion of the capital expenditures that exceeds the level of work for which there was an obvious need shall be allowed as a capital expenditure.

(3) Where a capital expenditure has been considered on an application as part of the acquisition costs under subsection (1), the capital expenditure shall not be found on that application to be of a continuing nature but it may be so found on a subsequent application. O. Reg. 440/87, s. 20.

CONDITIONAL ORDER

21.—(1) For the purposes of subsection 89 (2) of the Act,

"expenditure" means,

(a) the purchase price, installation cost, renovation cost or construction costs of the capital expenditure,

(b) the value of the landlord's own labour,

- (c) the rental value of any vacant rental unit if the vacancy is directly related to the capital expenditure unless otherwise recognized, and
- (d) a reduction of the amounts set out in clauses (a), (b) and (c) by an amount equal to any proceeds received from or as a result of insurance;

"substantially higher or lower" means that the difference between the amount of the actual expenditure and the projected expenditure exceeds 5 per cent of the projected expenditure.

(2) For the purposes of determining actual or projected expenditures under subsection 89 (2) of the Act where funds are obtained pursuant to the programs and projects set out in subsection 11 (2), that portion of the actual expenditure or projected expenditure which is funded by a grant or a forgivable loan under which no repayment is made shall not be recognized as an actual or projected expenditure. O. Reg. 440/87, s. 21.

CONSTRUCTION OF ADDITIONAL PARKING SPACES

22.—(1) Notwithstanding subsection 7 (5), where subsection 97 (4) of the Act does not apply and an application under section 74, 86 or 89 of the Act has been made, if the landlord constructs additional parking spaces where there are existing parking spaces in that class, the cost of the additional spaces shall be determined in the same manner as a capital expenditure and the capital expenditure allowance shall be apportioned among all parking spaces of that class by adding the allowance to the total maximum separate charges for the existing spaces and dividing the resulting total equally among all of the parking spaces of that class.

(2) If the landlord constructs parking spaces and there are no existing parking spaces in that class, the cost of the new parking spaces shall be determined in the same manner as a capital expenditure and the allowance shall be apportioned among all parking spaces of that class. O. Reg. 440/87, s. 22.

MAXIMUM RENTS FOR UNITS RENTED FOR THE FIRST TIME

23.—(1) In this section, "floor area" means the space on any storey of a building between exterior walls and firewalls, including the space occupied by interior walls and partitions but not including exits and vertical service spaces that pierce the storey.

(2) For the purposes of section 99 of the Act, a unit that is "rented for the first time" means the first rental of,

- (a) a new rental unit no part of which was previously in existence as part of a residential complex;

- (b) a new rental unit that has been formed by adding to the floor area of an existing building if the amount of the additional floor area exceeds 50 per cent of the total floor area of the new rental unit; and
- (c) a new rental unit in which at least 50 per cent of the floor area was previously a portion of the residential complex, other than vacant grounds, and that was never occupied as a rental unit if the landlord,

- (i) files a statement with the Minister that the floor area that was part of the existing residential complex has not previously been used by any tenant within the twelve months preceding the date that it was first converted for the purposes of the new unit,

- (ii) gives the tenants a copy of the statement within ten days of filing and advises the tenants that they may file submissions with the Minister within thirty days from the filing of the statement,

- (iii) files proof of the giving of the statement to the tenants with the Minister, and

- (iv) files any reply to the submissions of the tenants within forty-five days from the filing of the statement.

(3) Notwithstanding clause (2) (c), where a portion of the new rental unit that was part of the existing residential complex was previously a common area in the residential complex used by any tenant within the previous twelve months preceding the date that it was first converted for the purposes of the new unit, section 99 will not apply unless the common area consists of vacant grounds or unless,

- (a) the landlord has obtained and filed with the Minister the written consent from the tenants of more than 50 per cent of the rental units in the residential complex approving the conversion of the space; and

- (b) the landlord undertakes that any compensation for the loss of the common area consented to shall be divided equally among the tenants of each rental unit in the residential complex.

(4) An order under clause 13 (3) (d) of the Act may be made determining that a unit has been rented for the first time within the meaning of section 99 of the Act and declaring the maximum rent and the date the maximum rent takes or took effect. O. Reg. 440/87, s. 23.

24.—(1) Maximum rent shall be determined in accordance with this section where the unit is rented

for the first time within the meaning of section 99 of the Act.

(2) In this section, the "value of any discount" means the cost to the landlord of the discount or the benefit in the nature of a discount, including lost revenue experienced by the landlord.

(3) Where the rent charged on the date a unit is rented for the first time is affected by a provision in a tenancy agreement allowing for a discount, benefit in the nature of a discount or a discounted rent during the term of the agreement, the maximum rent is,

- (a) where subsection (4) applies, the amount stated to be chargeable as the undiscounted rent as of the date of first rental in a written tenancy agreement commencing on the date of first rental;
- (b) where subsection (5) applies and the term of the tenancy agreement is twelve months or less, the total rent charged for the twelve months following the date of first rental, less the value of any discounts paid, given or allowed, divided by the number of rental periods in those twelve months; or
- (c) where subsection (5) applies and the term is more than twelve months, the total rent charged during the term, less the value of any discounts paid, given or allowed, divided by the number of rental periods in the term.

(4) Clause (3) (a) applies where,

- (a) the date that a rental unit is rented for the first time is before the 1st day of February, 1987; or
- (b) the discounts, benefits in the nature of a discount or discounted rent paid, given or allowed during the term of the agreement,
 - (i) are in respect of the incompleteness of construction of the residential complex or temporary failure to provide promised services or facilities and do not extend beyond the six-month period commencing upon the date that any rental unit in the residential complex is first occupied, or
 - (ii) are in respect of the marketing of the first rental unit in the residential complex and,
 - (A) do not exceed two months rent, as averaged over the term of the tenancy agreement, or
 - (B) are not paid, given or allowed to the tenant over a period of time that exceeds a total of six

months, which need not be consecutive.

(5) Clause (3) (b) or (c) applies where the date that a rental unit is rented for the first time is on or after the 1st day of February, 1987 and the discounts, benefits in the nature of discounts or discounted rent paid, given or allowed to the tenant,

- (a) are in respect of the incompleteness of construction of the residential complex or temporary failure to provide promised services or facilities and extend beyond the six-month period commencing upon the date that any rental unit in the residential complex is first occupied;
- (b) are in respect of the marketing of the first rental unit in the residential complex, and
 - (i) exceed two months rent, as averaged over the term of the tenancy agreement, or
 - (ii) are paid, given or allowed to the tenant over a period of time that exceeds a total of six months, which need not be consecutive; or
- (c) are in respect of any other discount, benefit in the nature of a discount or discounted rent.

(6) Where a tenancy agreement commencing on the date that a rental unit is rented for the first time provides that the amount of rent charged will decrease at any time during the term of the agreement from that charged on the date of first rental, which decrease is not in the nature of a discount, benefit in the nature of a discount or discounted rent, the maximum rent is,

- (a) where the term of the tenancy agreement is twelve months or less, the total rent charged for the twelve months following the date of first rental, divided by the number of rental periods in those twelve months; or
- (b) where the term is more than twelve months, the total rent charged during the term, divided by the number of rental periods in the term.

(7) Notwithstanding subsections (3) to (5), where the rent for a rental unit is discounted as of the date the unit is rented for the first time according to a written tenancy agreement as the result of a provision in an agreement between the landlord and a municipality entered into to secure approval of an application by the landlord under the *Rental Housing Protection Act, 1986*, the maximum rent is the amount stated in the tenancy agreement to be chargeable as the undiscounted rent as of the date of first rental.

(8) If an order of the Minister, the Board or a court determines the maximum rent or lawful rent chargeable as of the date a rental unit is rented for the first

time, the maximum rent shall be the rent set out in the order and not as determined under this section. O. Reg. 440/87, s. 24.

CURRENT MAXIMUM RENT FOR EXISTING UNITS

25.—(1) Where section 99 does not apply, the current maximum rent for a rental unit shall be determined in accordance with this section if the circumstances set out in this section are applicable.

(2) In this section,

“actual rent” and “actual rent date” have the same meanings as in section 54 of the Act as modified by sections 4 and 17 of Ontario Regulation 10/87;

“prompt payment provision” means a provision in a tenancy agreement which states that if a rent payment is made on or before the due date or within a specified period thereafter, a lesser amount of money will be chargeable.

(3) If the landlord submits Form 5R in respect of a rental unit, the maximum rent shall not exceed the amount of the rent charged as a result of the rent reduction plus all statutory or other rent increases permitted up to the date of the maximum rent.

(4) If the rent chargeable under the terms of a tenancy agreement is subject to a prompt payment provision, the current maximum rent shall not exceed the lesser amount unless,

- (a) the rent set out or declared as the lawful or maximum rent in the most recent order issued under the Act, the *Residential Tenancies Act* or *The Residential Premises Rent Review Act, 1975* (2nd Session) is the higher amount that was chargeable under the prompt payment provision then in effect; or
- (b) the rental unit was rented before the 1st day of February, 1987 and the rent chargeable since,

(i) the 29th day of July, 1975, or

(ii) the first date that the rental unit is rented after the 29th day of July, 1975,

has been continuously subject to a comparable prompt payment provision.

(5) Prompt payment provisions are comparable if the ratio of the lesser amount chargeable thereunder to the higher amount as of the later date is the same as or greater than the ratio of the lesser amount to the higher rent as of the earlier date.

(6) Where,

- (a) the actual rent date is not the date that the rental unit is rented for the first time; and

- (b) the rent charged is affected by a provision in the tenancy agreement allowing for a discount, benefit in the nature of a discount or discounted rent within the term of a tenancy agreement in effect upon the date on which the actual rent is first charged,

the maximum rent shall not exceed the total rent charged for the twelve months following the date on which the actual rent is first charged, less the value of any discounts paid, given or allowed during those twelve months, divided by the number of rental periods in those twelve months plus all statutory or other increases permitted up to the date of the maximum rent.

(7) If the rental unit is rented to a superintendent, employee or a member of the family of the landlord, the maximum rent shall not exceed the maximum rent set out in the most recent order made under the Act, *The Residential Premises Rent Review Act, 1975* (2nd Session) or the *Residential Tenancies Act* plus all permissible statutory rent increases after the effective date of rent increase set out in the order, or if there is no prior order respecting the rental unit,

- (a) the maximum rent shall not exceed the earliest known rent since the 29th day of July, 1975 charged to a person who is not a superintendent, employee or a member of the family of the landlord, plus all permissible statutory rent increases after the effective date of rent increase of the rent so determined;
- (b) if the maximum rent cannot be determined under clause (a), the maximum rent shall not exceed the average of the rents for all similar rental units in the residential complex or, if there is no similar rental unit in the residential complex, a rent which is reasonable having regard to the rents for other rental units therein; or
- (c) if the maximum rent cannot be determined under clause (a) or (b), the maximum rent shall not exceed a rent comparable to rents being charged for similar rental units within the same geographical vicinity.

(8) If section 99 of the Act does not apply, on an application under section 74 or 86 of the Act, the Minister, in determining the current maximum rent for a renovated unit to which any justified increase might be applied shall, if the renovations result in a change in the number of rental units or a change in the size of one or more rental units in the residential complex, apportion the total maximum rent of the previous rental units among the resulting units on the basis of floor area and shall make further proportional adjustments for any loss of rental space and common areas. O. Reg. 440/87, s. 25.

FINANCING COSTS

26.—(1) If a landlord finances a purchase of the residential complex through new financing or assumes or refinances existing financing related to the landlord's purchase of the residential complex, the principal amount of the financing that shall be recognized shall not exceed 85 per cent of the landlord's acquisition costs but if the purchase is a Limited Dividend Housing project under the *National Housing Act* (Canada) and the principal of the financing provided for in the agreement between the landlord and Canada Mortgage and Housing Corporation exceeds 85 per cent of the landlord's acquisition costs, that financing shall be recognized, but the amount of principal recognized may not exceed the landlord's acquisition costs.

(2) If a landlord finances construction of the residential complex through new financing or assumes or refinances existing financing related to the construction of the residential complex, the principal amount of the financing experienced by the landlord shall be recognized up to the value of the residential complex as determined under sections 48 and 49.

(3) If partial ownership, right, title or interest in the residential complex is purchased and the landlord finances the purchase through new financing or assumes or refinances existing financing the principal amount of the financing that shall be recognized in relation to the purchase of that partial ownership right, title or interest shall not exceed 85 per cent of the acquisition costs experienced by the landlord.

(4) Notwithstanding subsections (1), (2) and (3), in respect of a residential complex no part of which was occupied as a rental unit before the 1st day of January, 1976, the principal amount of financing modified by any changes in principal experienced by the landlord up to the 1st day of August, 1985 shall be recognized, provided that any increases or decreases in debt outstanding respecting that financing before the 1st day of August, 1985 shall result in a corresponding reduction or increase of the landlord's initial invested equity but any reduction shall not exceed the amount of the landlord's initial invested equity.

(5) If the principal amount of financing that the landlord has experienced or will experience is changed during the initial rent-up period, the changes in principal shall be recognized in the manner set out in this section. O. Reg. 440/87, s. 26.

INTEREST

27.—(1) In determining financing costs, the rate of interest recognized shall be the actual rate of interest, unless it can be established that the rate charged unreasonably exceeds the rate for similar market transactions, except,

- (a) if financing is provided by the vendor and the rate of interest charged on that financing is less than the rate of interest available for financing from financial institutions for a

borrower in similar circumstances and for financing with similar priority of repayment, the Minister shall,

- (i) deem the rate of interest to be the market rate of interest available from financial institutions,
 - (ii) deem the principal amount of the financing to be less than the actual principal by an amount that is equivalent to the present value of the savings in interest that results from the difference in the rates of interest over the term of the actual financing,
 - (iii) recalculate the financing costs in the manner set out in this Regulation, and
 - (iv) deduct from the acquisition costs the amount that is equivalent to the present value of the savings in interest over the term of the actual financing that results from the difference in the rates of interest;
- (b) subject to clause (c), if the rate of interest on the financing otherwise allowed increases during the term of the financing, the Minister shall recognize one rate of interest to apply to the entire term of the financing equal to the average of the rates of interest that have been experienced or will be experienced over the term; or
- (c) where there is a previous order under the *Residential Tenancies Act* that recognized the increase in interest rates during the term of the financing and the landlord continues to make payments under the financing, the Minister shall recognize,
- (i) if the previous order recognized the average rate of interest over the term, the rate of interest recognized,
 - (ii) if the previous order recognized the increase in interest rates, the average of the rates of interest over the term remaining at the time of the current application, or
 - (iii) if the previous order recognized a rate of interest, other than the actual or average as calculated in this section, the average of the rates of interest over the term remaining at the time of the current application.

(2) For the purposes of subsection (1), the present value of the savings in interest shall be calculated by using the market rate of interest available from financial institutions as determined in clause (1) (a). O. Reg. 440/87, s. 27.

BLENDED PAYMENTS

28.—(1) The financing costs shall be calculated on the basis of equal blended payments of principal and interest for an annual accounting period notwithstanding that the actual financing payments may be calculated differently except,

- (a) if financing is obtained under a graduated payment mortgage related to a purchase of a residential complex on or after the 1st day of August, 1985, the actual payments shall be recognized provided that the annual increase in payments shall not exceed 5 per cent of the amount recognized for the previous annual accounting period;
- (b) if financing is obtained under a graduated payment mortgage related to the construction of a residential complex or from a purchase prior to the 1st day of August, 1985, the actual payments shall be recognized;
- (c) if funds are obtained under the Assisted Rental Program,
 - (i) the actual payments that the landlord has experienced or will experience in each annual accounting period during the entire period of the program for any other financing in respect of the residential complex, net of the government loan advances, shall be recognized subject to the provisions for financing costs otherwise set out in this Regulation, and
 - (ii) changes in advances of the government loan and changes in repayment of advances shall be allowed as changes in financing costs; or
- (d) if the funds are obtained from or guaranteed under the Canada Rental Supply Plan, Canada/Ontario Rental Supply Plan, Ontario Rental Construction Loan, Renter-prise, Accelerated Rental Housing Program, Integrated Community Housing Program or Convert-to-Rent, the actual payments in respect of the funds so obtained shall be recognized.

(2) Where the financing that the landlord has experienced or will experience has been changed during the period of the landlord's ownership from equal blended payments to graduated payments, the financing that shall be recognized shall be calculated on the basis of equal blended payments of principal and interest as at the time of the change.

(3) Where the financing that the landlord has experienced or will experience has been changed during the period of the landlord's ownership from graduated payments to equal blended payments, the equal blended payments shall be recognized. O. Reg. 440/87, s. 28.

CALCULATING PAYMENTS OF PRINCIPAL AND INTEREST

29.—(1) The method of calculating payments of principal and interest is set out in this section.

(2) If the financing relates to a purchase of a residential complex by the landlord, except a purchase mentioned in clause 79 (6) (a) of the Act, either in the form of new financing or assumed financing, interest and principal shall be amortized over the actual amortization period of the financing or a period of twenty-five years, whichever is greater, except,

- (a) if the anticipated or actual physical or economic life of a residential complex or of a building in the residential complex that has separate financing is less than twenty-five years and financial institutions have provided or will provide funds only on the basis of an amortization period that is less than twenty-five years, the maximum amortization period available from the financial institutions shall be recognized;
- (b) if funds have been advanced or guaranteed by a government or government agency under a program mentioned in clause 28 (1) (d) and the terms of the agreement provide for repayment of financing over a period of less than twenty-five years, the actual amortization period shall be recognized;
- (c) subject to clauses (a) and (b), if the landlord assumes financing at the time of purchase and the original amortization period of the financing was twenty-five years or longer and the balance of the amortization period was at least twenty-five years, the balance of the amortization period shall be recognized;
- (d) subject to clauses (a) and (b), if the landlord assumes financing at the time of purchase and the original amortization period of the financing was twenty-five years or longer and the balance of the amortization period is less than twenty-five years, the principal amount outstanding shall be amortized over twenty-five years, with interest at the rate of five year conventional first mortgages, as reported by Canada Mortgage and Housing Corporation for the third month prior to the effective date of the first rent increase applied for;
- (e) subject to clauses (a) and (b), if the landlord assumes financing at the time of the purchase of the residential complex and the original amortization period of the financing was less than twenty-five years, the terms of the financing shall be recalculated by deeming the original amortization period to be twenty-five years and the deemed balance of the recalculated principal amount shall be amortized over twenty-five years with interest at

the rate for five year conventional first mortgages as reported by Canada Mortgage and Housing Corporation for the third month prior to the effective date of the first rent increase applied for; or

- (f) if the principal amount of financing is changed in accordance with subsection 26 (4), the amount of the change in principal from the balance of principal outstanding according to the allowed pattern of amortization shall be amortized with interest over the actual period of the financing or a period of twenty-five years, whichever is greater.

(3) If the financing relates to construction of a residential complex or to a purchase mentioned in clause 79 (6) (a) of the Act by the landlord, either in the form of new financing or financing assumed on a purchase as set out in clause 79 (6) (a) of the Act, interest and principal shall be amortized over the actual period of the financing or a period of twenty years, whichever is greater, except,

- (a) if the anticipated or actual physical or economic life of a residential complex or a building in a residential complex that has separate financing is less than twenty years and financial institutions have provided or will provide funds only on the basis of an amortization period that is less than twenty years, the maximum amortization period available from the financial institutions shall be recognized;

- (b) if funds have been advanced or guaranteed by a government or government agency under a program mentioned in clause 28 (1) (d) and the terms of the agreement provide for repayment over a period of less than twenty years, the actual amortization period shall be recognized; or

- (c) if the principal amount of financing is changed in accordance with subsection 26 (4), the amount of the change in principal from the balance of principal outstanding according to the allowed pattern of amortization shall be amortized with interest over the actual period of the financing or a period of twenty-five years, whichever is greater.

(4) Notwithstanding subsections (2) and (3), if there has been a previous order under the Act, *The Residential Premises Rent Review Act, 1975* (2nd Session) or the *Residential Tenancies Act*, the amortization period recognized on that order shall be recognized.

(5) In determining the financing costs that the landlord has experienced or will experience where there has been a change in the amortization period upon renewal or refinancing of existing financing during the landlord's period of ownership, the amortization period that shall be recognized is,

- (a) the period recognized under subsections (2) and (3), reduced by the number of years that have elapsed since the inception of the financing allowed under subsections (2) and (3) to the date of the renewal or refinancing of the existing financing;

- (b) notwithstanding clause (a), if the change in amortization period during the landlord's period of ownership occurred before,

- (i) the 29th day of July, 1975, for a residential complex any part of which was occupied as a rental unit prior to the 1st day of January, 1976, or

- (ii) the 1st day of August, 1985, for a residential complex no part of which was occupied as a rental unit prior to the 1st day of January, 1976,

the amortization period that most recently applied to the financing before the date in subclause (i) or (ii) shall be recognized but not to exceed the total period over which the principal and interest is amortized under subsections (2) and (3); or

- (c) notwithstanding clauses (a) and (b), if there has been a previous order under the Act, *The Residential Premises Rent Review Act, 1975* (2nd Session) or the *Residential Tenancies Act*, the amortization period recognized in the previous order reduced by the number of years that have elapsed since that financing was recognized, to the date of the renewal or refinancing of the existing financing.

(6) In determining the financing costs where there has been a change in the principal amount of the financing during the period of the landlord's ownership from the amount that was recognized under section 26, the amount of the principal,

- (a) if there has been a previous order under the Act, *The Residential Premises Rent Review Act, 1975* (2nd Session) or the *Residential Tenancies Act*, shall be calculated on the basis of the amount outstanding as a result of amortizing the principal and interest pursuant to the determinations made in the previous order over the number of years that have elapsed since that financing was recognized; or

- (b) if there has not been a previous order, shall be calculated on the basis of the amount outstanding as a result of amortizing principal and interest under this section over the number of years that have elapsed since the inception of the financing recognized under section 26.

(7) In determining financing costs where there has been a change in the frequency of repayment provi-

sions or in any other provision that affects the frequency of repayment of financing related to the residential complex during the period of the landlord's ownership,

- (a) if there has been a previous order under the Act, *The Residential Premises Rent Review Act, 1975* (2nd Session) or the *Residential Tenancies Act*, the frequency of the repayment considered under the previous order shall be recognized; or
- (b) if there has not been a previous order, the provision for frequency of repayment set out in the previous financing shall be recognized. O. Reg. 440/87, s. 29.

CHANGES IN INTEREST RATES

30. For the purposes of determining financing costs no longer borne under clause 75 (h) of the Act, the difference between the previously allowed financing costs for the latest annual accounting period used in determining an increase in financing costs in the previous order and the financing costs experienced by the landlord for a subsequent annual accounting period shall be calculated and the rent increase otherwise justified shall be adjusted by the calculated amount. O. Reg. 440/87, s. 30.

31.—(1) Subject to section 27, where there has been an increase in interest rates and the landlord renews or refinances existing financing at a higher rate, the difference between the new rate of interest and the previous rate of interest calculated in accordance with this section shall be allowed as part of the justified rent increase.

(2) The difference which results from a change in the allowed rates of interest shall be calculated on the basis of comparing the financing costs that the landlord has experienced or will experience during the base year period and the projected year period.

(3) Notwithstanding subsection (2), where the purchase of the residential complex occurred during the base year period and the financing costs are determined on the basis of costs that the landlord has experienced or will experience during the first twelve months of ownership, the comparison shall be made between the financing costs recognized for the first twelve months of ownership and the financing which the landlord has experienced or will experience in the projected year period. O. Reg. 440/87, s. 31.

VARIANCE FROM PROJECTED FINANCING COSTS

32. For the purposes of clause 75 (c) of the Act, if the Minister finds on a subsequent application that actual financing costs vary from the projected financing costs allowed on a previous order made under the Act or the *Residential Tenancies Act*, the Minister shall add to or deduct from the rent increase justified on the application, as the case may be, an amount calculated as follows:

- 1. If on the previous order an allowance was made for a projected increase in financing costs due to a projected change in interest rates and the actual interest rate change varied from the projection, the difference between the amount of the allowance based on projected interest rates and the amount of the allowance based on actual interest rates.
- 2. If on the previous order, financing costs used in the calculation of the landlord's financial loss, economic loss or relief of hardship allowance were based on projected interest rates and the actual interest rate varied from the projection, and the landlord's financial loss, economic loss or relief from hardship has been eliminated, the amount by which the financial loss, economic loss or relief of hardship would have been affected by the variance between projected interest rates and actual interest rates. O. Reg. 440/87, s. 32.

ALLOCATION OF ACQUISITION COSTS AND FINANCING

33. If the landlord has purchased and financed more than one residential complex or a residential complex and non-residential components in one transaction, for the purposes of determining acquisition costs and the financing related to the purchase of the residential complex under review,

- (a) the market value of the residential complex and the total project shall be determined by a professional appraiser;
- (b) the value of the residential complex under review shall be determined as a proportion of the total acquisition costs, being the same proportion that the market value of the residential complex represents of the total market value of the project determined under clause (a); and
- (c) the financing relating to the purchase shall be apportioned among the various complexes and buildings within each complex and non-residential components so that the total financing on each residential complex and the buildings within each residential complex shall be an equal percentage of the acquisition costs for each component, but shall not exceed the financing allowed under section 26,

unless it is more reasonable in the particular circumstances to allocate the value on a different basis. O. Reg. 440/87, s. 33.

CORPORATE FINANCING INSTRUMENTS

34.—(1) If a corporate landlord obtains funds through a shareholder's loan, or other corporate instrument, other than preferred shares, the Minister may consider the cost of these funds as financing costs if the agreement to obtain funds was made before the

4th day of December, 1986 and if the terms of repayment are the equivalent of a loan that is reasonable in the marketplace for arm's length financing of similar principal and terms of payment, namely,

- (a) that there is a repayment in full within a fixed time period and on fixed terms required by the terms of agreement;
- (b) that the repayments are actually made in accordance with the terms of the agreement and in a timely manner; and
- (c) that interest is paid on terms that do not exceed terms that are reasonable in the marketplace,

but the costs of the funds allowed shall be determined under sections 26 to 33 and 35.

(2) If a corporate landlord obtains funds through the issuance of preferred shares, the Minister may consider the dividends or similar regular payments as financing costs if the shares were issued before the 4th day of December, 1986 and if the payment of dividends and redemption are the equivalent of the terms of a loan that is reasonable in the marketplace for arm's length financing of similar principal amount and term of repayment, namely, that redemption or payments of dividends,

- (a) are made in full within a fixed time period and on fixed terms required by the documents authorizing the issuance;
- (b) are not dependent on the discretion of the corporation or its directors, officers or representatives; and
- (c) are actually made in a timely manner in accordance with the terms of the document authorizing the issuance,

but the costs of the funds advanced to the corporate landlord allowed shall be determined under sections 26 to 33 and 35. O. Reg. 440/87, s. 34.

INCREASED FINANCING PHASE IN

35.—(1) The rules that are applicable to the phasing in of financing cost increases under clause 92 (1) (e) of the Act are set out in this section.

(2) If the Assisted Rental Program provides for a reduction of the government loan advances or the repayment of the government loan advances pursuant to a specified schedule and the schedule is filed by the landlord in support of the application and recognized by the Minister for the purposes of this section,

- (a) for the initial year of the phase in, the annual financing phase in allowance shall be equal to the amount of the government loan advance reduction plus the amount of the increase in the repayment of the government

loan advance pursuant to the schedule that occur in the projected year period compared with the base year period; and

- (b) for each subsequent year phase in, the annual financing phase in allowance shall be equal to the amount of the government loan advance reduction plus the amount of the increase in the repayment of the government loan advance pursuant to the schedule that occur in the annual accounting period immediately subsequent to the annual accounting period used in the previous phase in allowance.

(3) If clause (2) (b) applies, the landlord shall file with the Minister at least 150 days prior to the next anniversary of the first date of the effective rent increase applied for or such later time as the Minister may allow, confirmation from the government lender of payment pursuant to the terms of the government loan advance and repayment schedule, as may be relevant to the phase in period.

(4) If the landlord fails to file within the period of time set out in subsection (3), the financing cost increase shall not be phased in in the subsequent year, but nothing in this section prevents the landlord from making another application under section 74 of the Act.

(5) A financing phase in allowance for a subsequent year shall not be made if the government loan advance or repayment of the government loan advance under the Assisted Rental Program is varied, postponed or eliminated.

(6) If the allowed financing cost is pursuant to a graduated payment mortgage,

- (a) the annual financing phase in allowance for the initial and subsequent years shall be equal to the scheduled increase in the payment as allowed under clause 28 (1) (a) or (b) for the projected year period or subsequent annual accounting periods; and
- (b) if the increase in payment is varied, postponed or eliminated, no further amount shall be allowed for a financing cost phase in.

(7) Where it is demonstrated that the effect of an increase in financing costs resulting from an increase in interest rates into the annual accounting period commencing immediately after the projected year period, the amount of the difference that the landlord has experienced or will experience shall be allowed as a phase in of increased financing costs under clause 92 (1) (e) of the Act determined as follows:

- 1. The amount of the phase in for the initial year shall be determined in the same manner as set out in section 31.

2. The amount of the phase in for the subsequent year shall be determined on the basis of the difference between the financing costs that the landlord has experienced or will experience during the projected year period and the annual accounting period that commences immediately after the projected year period. O. Reg. 440/87, s. 35.

FINANCIAL POSITION

36.—(1) If a landlord has experienced or will experience a financial loss or an economic loss or where the landlord may be entitled to an allowance for relief from hardship and the landlord has complied with section 77 of the Act, the Minister shall determine the financial position of the residential complex.

(2) The financial position of the residential complex shall be determined by deducting the allowed operating costs and the allowed financing costs from the allowed revenue in respect of the residential complex in the manner set out in sections 37 to 40. O. Reg. 440/87, s. 36.

37.—(1) If the landlord has owned the residential complex throughout the base year period, the determination under section 36 shall be made for the base year period.

(2) Where the landlord has purchased the residential complex in the base year period, the determination under section 36 shall be made for the base year period using revenue and operating costs of the previous and current landlords, but the findings for the financing costs shall be made only on the current landlord's financing costs that would otherwise be allowed and that have been or will be experienced during the initial twelve month period of ownership of the current landlord.

(3) The Minister shall not make the determination under section 36 unless the landlord provides proof of the actual operating costs for at least nine months of the base year period and findings shall be made for operating costs throughout the base year period. O. Reg. 440/87, s. 37.

38.—(1) For the purposes of the determination under section 36, the revenue shall be calculated on the basis of the maximum rent for each rental unit and sundry revenue with respect to the residential complex during the base year period less actual vacancy loss that the landlord has experienced during the base year period not exceeding 2 per cent of the gross potential rent.

(2) If there has been a previous order under the Act, *The Residential Premises Rent Review Act, 1975* (2nd Session) or the *Residential Tenancies Act* in which there has been an allowance for capital expenditures, the revenue as determined in subsection (1) shall be reduced by the total of the landlord's previous allowances for capital expenditures as may be adjusted by subsection 78 (2) of the Act.

(3) If there has been a previous order under the Act or the *Residential Tenancies Act* in which there has been an allowance for variance between an actual and projected capital expenditure under clause 75 (c) of the Act and section 17, the revenue as determined in subsection (1) shall be adjusted by adding or deducting the amount of the variance, as the case may be. O. Reg. 440/87, s. 38.

39. If the landlord elects under subsection 77 (2) of the Act not to submit proof of the operating costs that the landlord has experienced in respect of the residential complex for the base year period, the actual operating costs determined in the previous order shall be updated by,

- (a) adding to the previously calculated operating costs for those annual accounting periods that commenced prior to January 1, 1987,
- (i) 6 per cent of the previously determined operating costs for each annual accounting period commencing prior to August 1, 1985, and
- (ii) 4 per cent for the previously determined operating costs for each annual accounting period commencing on or after August 1, 1985; and

(b) adjusting the previously determined operating costs for each annual accounting period commencing on or after January 1, 1987 by the Building Operating Cost Index for the calendar year in which the annual accounting period commences. O. Reg. 440/87, s. 39.

40.—(1) For the purposes of subsection 77 (2) of the Act, the operating costs experienced in respect of the residential complex have been determined where proof has been submitted of the actual operating costs and findings have been made in respect of those costs in the most recent order referred to in that subsection.

(2) For the purposes of subsection 77 (3) of the Act, amounts have been determined for the purposes of the prior order where proof has been submitted of the actual operating costs and findings have been made in respect of those costs in the most recent order referred to in subsection 77 (2) of the Act. O. Reg. 440/87, s. 40.

FINANCIAL LOSS

41.—(1) For the purposes of determining the landlord's financial loss, the Minister shall deduct from the revenue determined under section 38, the total of,

- (a) operating costs referred to in sections 37, 39 and 40;
- (b) the interest paid in the base year period on loans with respect to financial loss under subsection 79 (7) of the Act; and

(c) the financing costs referred to in section 37.

(2) For the purposes of subsection 79 (7) of the Act, the rate of interest allowed on loans shall be the actual rate of interest paid unless it exceeds the rate for similar market transactions. O. Reg. 440/87, s. 41.

42.—(1) If the Minister finds that the financial loss or that portion of the financial loss that the landlord has experienced or will experience did not arise out of an increase in financing costs resulting from a purchase or purchases of the residential complex, or that the financial loss that the landlord has experienced or will experience arises from a purchase that is subject to clause 79 (6) (a) of the Act, the financial loss or portion thereof so determined shall be allowed as part of the total justified rent increase.

(2) If the Minister finds the financial loss that the landlord has experienced or will experience arises out of an increase in financing costs resulting from a purchase described in clause 79 (6) (b) of the Act, the Minister shall phase in the financial loss and shall allow in the initial year phase in and in each subsequent year phase in an amount of financial loss that does not exceed the greater of,

- (a) 5 per cent of the total of the last lawful rents that were charged; and
- (b) an amount required to eliminate the financial loss over a period of five years,

until the financial loss is eliminated. O. Reg. 440/87, s. 42.

43. For the purposes of clause 79 (6) (a) of the Act, a residential complex "was constructed for the purpose of such a purchase" where,

- (a) prior to the date of first occupancy of the residential complex, there is an unconditional agreement of purchase and sale or a conditional agreement of purchase and sale that required either completion of the residential complex or achievement of certain occupancy levels, prior to the transfer of title; or
- (b) the purchase occurred within one year of the date that 90 per cent of the total rental units in the residential complex had been initially occupied. O. Reg. 440/87, s. 43.

PHASE IN OF FINANCIAL LOSS

44.—(1) For the purposes of clause 92 (1) (a) of the Act, where an order provides for the phase in of a financial loss, the financial loss shall be phased in in the manner set out in this section.

(2) The amount of the phase in attributable to the elimination of financial loss for the initial year shall be,

- (a) the amount of the financial loss that did not arise out of an increase in financing costs resulting from a purchase or purchases of the residential complex or a financial loss arising from a purchase that is subject to clause 79 (6) (a) of the Act; and

(b) the lesser of,

- (i) the financial loss that did arise out of an increase in financing costs resulting from a purchase or purchases of the residential complex, and
- (ii) where subsection 79 (3) of the Act applies, an amount equal to 5 per cent of the total of the last lawful rents that were charged or where clause 79 (6) (b) of the Act applies, an amount equal to the greater of,
 - (A) 5 per cent of the total of the last lawful rents that were charged, and
 - (B) an amount required to eliminate the financial loss over a period of five years.

(3) The amount of the phase in attributable to the elimination of financial loss for each subsequent year shall be the lesser of,

- (a) the balance of the adjusted financial loss account as determined under subsection (4); and
- (b) where subsection 79 (3) of the Act applies, an amount equal to 5 per cent of the total of the last lawful rents that were charged or where clause 79 (6) (b) of the Act applies, an amount equal to the greater of,
 - (i) 5 per cent of the total last lawful rents that were charged, and
 - (ii) an amount required to eliminate the financial loss over a period of five years.

(4) For the purposes of determining the amount of the financial loss to be eliminated in each year subsequent to the initial year phase in as set out in subsection (2), the financial loss account shall be adjusted annually by deducting the phase in amount in that year and by deducting 1 per cent of the gross potential rent for that year and the balance of the financial loss account shall be carried forward for the subsequent year phase in until such time as the financial loss has been eliminated in full.

(5) Where an order provides for a subsequent year phase in, the landlord shall file with the Minister at least 150 days prior to the next anniversary date of the first effective rent increase, or such later time as the

Minister may allow, confirmation of the amount of rent charged for each rental unit since the last effective date of rent increase and the amounts which will have been charged up to and including the month prior to the first effective date of rent increase to be affected by the phase in as indicated by notices of rent increase that have been given.

(6) Where the landlord fails to file within the time period mentioned in subsection (5), the phase in amount concerning the elimination of financial loss shall not be effective as part of the rent increase otherwise determined under sections 71 and 92 of the Act, but nothing in this Regulation prevents the landlord from making another application under the Act. O. Reg. 440/87, s. 44.

45.—(1) For the purposes of subsection 79 (3) of the Act and section 42, the "last lawful rents that were charged" means the lawful rent charged for each rental unit in the residential complex for the month preceding the effective date of the first rent increase applied for, multiplied by twelve.

(2) Where the elimination of financial loss is phased in under section 44, the "last lawful rents that were charged" means,

- (a) in the initial year of the phase in, the lawful rent charged for each rental unit in the residential complex for the month preceding the effective date of the first rent increase applied for, multiplied by twelve; and
- (b) in each year subsequent to the initial year phase in, the lawful rent charged for each rental unit for the month preceding the effective date of the first rent increase to be affected by the phase in, multiplied by twelve. O. Reg. 440/87, s. 45.

RELIEF FROM HARDSHIP

46. For the purposes of subsection 79 (2) of the Act, "revenue" means revenue as determined under section 38 and "actual operating and financing costs" means operating and financing costs as determined under sections 36, 37, 39 and 40. O. Reg. 440/87, s. 46.

47.—(1) For the purposes of clause 92 (1) (d) of the Act, an allowance to relieve the landlord from hardship shall be phased in in the manner set out in this section.

(2) Where the Minister is of the opinion that it is necessary to relieve the landlord from hardship, the initial year phase in amount included in the justified rent increase commencing on the effective date of the first rent increase under the order, shall be,

- (a) the amount or any portion thereof determined under subsection 79 (2) of the Act, if the landlord has experienced a financial loss in the base year period that has not resulted from a purchase of the residential complex;

(b) the amount or any portion thereof determined under subsection 79 (2) of the Act, if the landlord has not experienced a financial loss in the base year period; or

(c) the amount determined under subsection 79 (5) of the Act.

(3) Where there has been an initial year phase in under clauses (2) (a) and (b), the balance of the amount determined under subsection 79 (2) of the Act shall be phased in in the subsequent year. O. Reg. 440/87, s. 47.

INITIAL INVESTED EQUITY

48.—(1) If a residential complex is constructed by or on behalf of the landlord, the landlord's initial invested equity shall be determined by deducting from the value of the residential complex the total principal amount of financing that the landlord is contractually liable to repay, but the amount allowed shall not exceed the value of the residential complex.

(2) For the purposes of subsection (1), the initial invested equity shall be determined as of the date the initial rent-up period ends, subject to subsections 26 (4) and (5) and 51 (3).

(3) In subsection (1), the value of the residential complex shall be determined on the basis of the value of the building plus the value of the land less the amount of any grant received by the landlord from a government or government agency related to the development of the residential complex.

(4) The value of the land is based on, at the landlord's choice,

(a) the market value of the land, as determined by a professional appraiser, as of the date that the building permit is issued; or

(b) the actual cost of the land, up to the date the building permit is issued, as adjusted by carrying costs.

(5) In clause (4) (b), "actual cost of the land" includes,

(a) the purchase price;

(b) the legal fees and disbursements related to the purchase;

(c) the land transfer tax and retail sales tax, related to the purchase;

(d) the professional fees and costs associated with a physical inspection and evaluation;

(e) the professional appraisal fees;

(f) the costs of obtaining financing related to the purchase unless it can be established that the

amount exceeds the amount which is reasonable for similar market transactions;

- (g) the cost of application and independent professional representation for land use and zoning;
- (h) the costs experienced by the landlord to provide zoning, improvements and services to the property, including access roads, water and sewage, hydro, gas and site development;
- (i) charges, levies, impost fees or other financial commitments required by municipalities in a development agreement;
- (j) demolition costs; and
- (k) any other costs reasonably incurred in the acquisition and preparation for development of the land.

(6) For the purposes of determining carrying costs under clause (4) (b), the Minister shall determine for the period of up to two years immediately prior to the date the building permit is issued,

- (a) revenue received with respect to the land and any business activities related thereto, including any grants or subsidies received from a government or government agency related to those business activities; and

- (b) the costs that the landlord experienced,

and deduct the revenue from the costs and make an adjustment for losses as set out in subsection (8).

(7) For the purposes of subsections (6) and (8), the costs include,

- (a) interest paid on financing related to the purchase of the land;
- (b) interest that may be deemed by the Minister on the landlord's own funds used for the purchase of the land, at a rate which does not exceed similar market debt transactions;
- (c) municipal realty taxes and local improvement charges;
- (d) insurance;
- (e) costs of operating any business activities related to the land; and
- (f) any other costs that may be reasonably experienced as carrying costs.

(8) Where the revenue exceeds the costs in the period up to two years prior to the date the building permit is issued as determined in subsection (6), the Minister shall determine the losses experienced in any

two years prior to that period by deducting from the revenue received with respect to the land, and any business activities related thereto for each year, the costs set out in subsection (7) that the landlord has experienced for each year, but the adjustment for losses of any two previous years is limited to the extent that the net amount determined under subsection (6) is reduced to break even.

(9) The value of the building shall be determined as the total of the following experienced during the initial rent-up period, namely,

- (a) the cost of equipment and furnishings relating to the residential complex including purchase and installation;
- (b) the cost of landscaping and paving;
- (c) the cost of servicing the land not provided for as of the date of the building permit and subsequently provided by the landlord;
- (d) costs net of actual revenue experienced during the initial rent-up period, to the extent that they have not otherwise been recognized including,
 - (i) operating costs,
 - (ii) financing costs,
 - (iii) rental incentives for tenants that do not exceed the value of discount, benefit in the nature of a discount or reduced rent paid or allowed to the tenant subject to the limitations set out in section 24,
 - (iv) costs of preparation and maintenance of model suites,
 - (v) compensation paid to rental agents required to promote initial occupancy of the residential complex,
 - (vi) costs of advertising and marketing required to promote the initial occupancy of the residential complex;
- (e) the indirect costs including pre-payments made to reduce the effective interest rates and independent professional fees incurred for representation before regulatory bodies; and
- (f) construction costs, including,

- (i) architectural, engineering and planning costs, exclusive of any amounts directly related to the management and supervision of the project,

- (ii) direct labour and material costs or contract cost for labour and material including contracts for construction,
- (iii) a management and administration allowance in the amount determined under subsection (10), and
- (iv) payments made related to construction financing costs.

(10) The management and administration allowance shall be determined as follows:

1. Where the construction is performed by persons other than persons in the direct employ of the landlord but who are subject to the supervision of the landlord or direct employee of the landlord or an architect, engineer or planner with whom the landlord has contracted to provide management supervision, an allowance of 7.5 per cent of the total of the direct labour and material costs shall be allowed if such costs have not otherwise been recognized.
2. If construction is performed by persons in the direct employ of the landlord, an administrative allowance shall be allowed of 7.5 per cent of the direct labour and material costs and a management allowance shall be allowed of 7.5 per cent of the total of the direct labour and material costs and the administrative allowance unless the allowances have otherwise been recognized in determining a rent increase.
3. In respect of the purchase and installation of appliances, carpeting, furnishings and other similar items, a management allowance of 2 per cent of the total cost of the purchase and installation shall be allowed if it is determined that there was management effort used by the landlord or a person employed by the landlord in the negotiation of improved terms of purchase or on the supervision of the installation.

(11) If the landlord has constructed and financed more than one residential complex or a residential complex and non-residential components in one project, for the purposes of determining the value of the complex and the financing related to the construction of the residential complex under review,

- (a) the market value of the residential complex and the total project as if fully leased shall be determined by a professional appraiser;
- (b) the value of the residential complex under review shall be determined as a proportion of the actual value of the land and the value of the buildings for the whole project determined in accordance with this section, in the same proportion that the market value of the

residential complex represents of the total market value of the project determined under clause (a);

- (c) the financing related to the construction shall be apportioned among the various components of the project, being the various complexes and buildings within each complex and non-residential components so that the total financing on each residential complex and the buildings within each residential complex shall be an equal percentage of the value for each component but shall not exceed the financing allowed under section 26; and
- (d) if the landlord has constructed and financed more than one residential complex in a project in which the components are completed at different times, the actual value of the land and the value of the buildings for the whole project shall be determined as at the time of the first occupancy of the residential complex under review,

unless it is more reasonable in the particular circumstances to allocate the value of the complex on a different basis. O. Reg. 440/87, s. 48.

49.—(1) If the residential complex is purchased, the landlord's initial invested equity, including the principal portion of debt not otherwise allowed up to the amount of the acquisition costs, is the acquisition costs less the allowed financing experienced by the landlord.

(2) Notwithstanding subsection (1), if the residential complex has been purchased during the initial rent-up period, the landlord's initial invested equity is the acquisition costs plus the costs determined under subsection 48 (9) less the allowed financing experienced by the landlord. O. Reg. 440/87, s. 49.

CAPITALIZED FINANCIAL LOSSES

50. For the purposes of subsection 80 (1) of the Act, "capitalized financial losses" are,

- (a) for the period commencing with the end of the initial rent-up period or the date of acquisition of the residential complex, whichever is later, to the end of the base year period, the accumulated total of,
 - (i) the allowances for capital expenditures that have been experienced by the landlord, except any amount allowed on the application as part of justified rent increases under section 16, and
 - (ii) where the financing costs and the operating costs exceed the actual revenue as adjusted by the allowances for capital expenditures determined

under subclause (i), the amount of that excess that has been experienced by the landlord;

(b) for the period after the end of the base year period for each subsequent year in which the elimination of economic loss is phased in under section 92 of the Act, the balance in the financial loss account as determined under section 44; and

(c) where clause 51 (1) (a), (b) or (c) applies and the financing costs and operating costs exceed the actual revenue for the period commencing with the end of the initial rent-up period to the end of the base year period, the amount of that excess that has been or will be experienced by the landlord.
O. Reg. 440/87, s. 50.

APPLICATIONS FOR WHOLE BUILDING REVIEW WHERE NOT ALL RENTAL UNITS RENTED

51.—(1) Where the landlord makes an application under section 74 in which,

- (a) the effective date of the first rent increase applied for occurs during the initial rent-up period;
- (b) the effective date of the first rent increase applied for occurs within twelve months less a day of the completion of the initial rent-up period;
- (c) the base year period overlaps with the initial rent-up period; or
- (d) not all of the rental units in the residential complex have been rented before the effective date of the first rent increase applied for and the initial rent-up period has ended before the base year commences,

the Minister shall, in addition to other findings made under this Regulation, make findings in accordance with this section.

(2) For the purposes of this section, the base year period shall commence no earlier than the date on which the first rental unit is occupied.

(3) For the purposes of sections 48 and 49, the value of the building and initial invested equity shall be determined as of the end of the initial rent-up period or the end of the base year period, whichever is earlier.

(4) For the purposes of this section, the Minister shall determine the total rent increase that has been justified for the rental units that have been rented for the first time before the effective date of the first rent increase applied for.

(5) For the purposes of this section, the Minister shall determine the costs attributable to the rental

units that have been rented for the first time before the effective date of the first rent increase applied for by allocating them in the same proportion that the maximum rent for those rental units represents of the total of,

- (a) the maximum rent; and
- (b) an amount for the rental units which have not yet been rented for the first time which is equal to the average of the maximum rent for similar rented rental units,

unless it is more reasonable in the particular circumstances to allocate the costs on a different basis. O. Reg. 440/87, s. 51.

RATE OF RETURN

52.—(1) For the purpose of determining a landlord's economic loss, the landlord's rate of return shall be the ratio of the landlord's positive revenue as a percentage of the landlord's initial invested equity and capitalized financial losses in respect of a residential complex.

(2) For the purposes of subsection (1), the landlord's positive revenue means the portion of the landlord's revenue as determined under section 38 that exceeds the allowed costs determined under sections 37, 39 and 40. O. Reg. 440/87, s. 52.

53. For the purposes of clause 80 (1) (b) of the Act, the three year moving average of the Canada Bond rate for ten years and over shall be determined for each calendar year commencing the 1st day of January, 1987 on the basis of the sum divided by thirty-six of the average annual bond yield for each of the thirty-six months up to and including the month of October, in the preceding calendar year, as published in the Bank of Canada Review, Series B #14013. O. Reg. 440/87, s. 53.

PHASE IN OF ECONOMIC LOSS

54.—(1) For the purposes of clause 92 (1) (a) of the Act, where an order provides for the phase in of economic loss, the economic loss shall be phased in in the manner set out in this section.

(2) If the landlord has experienced a financial loss and an economic loss, the full elimination of the financial loss shall be achieved before the elimination of the economic loss is allowed.

(3) Where there is a purchase of the residential complex, the maximum amount to be allowed in the initial and subsequent years of phase in for the elimination of a financial loss is the amount permitted by subsection 79 (3) or (6) of the Act and section 42.

(4) For the purposes of determining the amount of the phase in in the initial and subsequent years of

phase in for the elimination of financial loss and economic loss, the economic loss account shall be adjusted, if applicable, by,

- (a) adding the rate of return permitted by subsection 80 (1) of the Act on an amount equal to the capitalized financial loss referred to in clause 50 (b); and
- (b) deducting from the economic loss account as may have been adjusted by an amount determined under subsection 80 (2) of the Act or under clause (a), an amount equal to the difference between 1 per cent of the gross potential rent and that portion thereof that has been deducted from the financial loss account for that year.

(5) Where there is a balance outstanding in the economic loss account after the commencement of the elimination of economic loss, in each subsequent year of phase in, the economic loss account shall be adjusted by deducting the lesser of the amount remaining and the amount determined under subsection 80 (2) of the Act and by deducting 1 per cent of the gross potential rent for that period, until such time as the adjusted economic loss outstanding in the economic loss account has been eliminated in full. O. Reg. 440/87, s. 54.

EXTRAORDINARY OPERATING COSTS

55.—(1) For the purposes of determining extraordinary operating costs, "revenue" means gross potential rent.

(2) For the purposes of determining extraordinary operating costs if an item is not included as an individual operating cost category in the Building Operating Cost Index, it shall be included in the category known as "Miscellaneous" but shall not include any reserve funds accumulated for the purpose of deferred or actual capital expenditures, whether accumulated by the landlord or otherwise, required to be paid by the landlord.

(3) For the purposes of determining extraordinary operating costs in the category of the Building Operating Cost Index known as "Maintenance", findings shall be made for the accumulated total of,

- (a) painting and decorating;
- (b) cleaning and janitorial;
- (c) elevator maintenance;
- (d) plumbing and electrical repairs;
- (e) general building maintenance;
- (f) snow removal;

(g) groundskeeping; and

(h) appliance repairs. O. Reg. 440/87, s. 55.

56.—(1) In order to establish that extraordinary operating costs have been or will be experienced, proof shall be provided of the actual costs in the specific categories of the Building Operating Cost Index that have been experienced or will be experienced in the base year period and the projected year period.

(2) For the purposes of clause 75 (b) of the Act, the allowance for extraordinary operating costs shall be the difference in the amount that the landlord has experienced or will experience in an operating cost category between the projected year period and the amount resulting from the application of the relevant component of the Building Operating Cost Index to the costs that the landlord has experienced or will experience in the base year period.

(3) For the purposes of subsection (2), the relevant component in the Building Operating Cost Index is the change for the category in the Building Operating Cost Index used in the construction of the Residential Complex Cost Index for the calendar year in which the effective date of the first rent increase that is applied for occurs. O. Reg. 440/87, s. 56.

CHANGES IN SERVICES AND FACILITIES AND IN THE STANDARD OF MAINTENANCE AND REPAIR FOR WHOLE BUILDING REVIEW

57.—(1) For the purposes of clause 75 (f) of the Act, changes in parking and cablevision shall be determined in accordance with subsections 7 (1) to (4), (6) and (7) and section 22.

(2) For the purposes of clause 75 (f) of the Act, the Minister shall make findings regarding changes in the services and facilities, other than parking and cablevision, in respect of the residential complex or any rental unit located therein in the manner set out in this section.

(3) If the Minister finds that a service or facility previously provided by the landlord for a rental unit or the residential complex is withdrawn, the rent increase otherwise determined for the rental units affected shall be reduced by an amount that is the average monthly cost experienced by the landlord in the previous twelve months for providing the service or facility.

(4) If the Minister finds that a service or facility previously provided by the landlord for a rental unit or the residential complex is reduced, the Minister shall determine the average monthly cost experienced by the landlord in the previous twelve months for providing the service or facility and shall determine the proportional cost to the landlord of the reduction in the service or facility, and the rent increase otherwise determined shall be reduced accordingly for those rental units affected.

(5) If the Minister finds that a service or facility is provided by a landlord for the first time, the Minister shall determine whether the service or facility is a capital expenditure, operating cost or extraordinary operating cost that the landlord has experienced or will experience and shall make findings in accordance with section 75 of the Act. O. Reg. 440/87, s. 57.

58.—(1) If the Minister determines that a withdrawal or reduction of a service or facility under section 57 is temporary, no adjustment to the rent increase shall be made.

(2) For the purposes of subsection (1), a reduction or withdrawal of a service or facility is temporary if,

- (a) it is for a reasonable length of time in the circumstances, but in any event, not exceeding twelve months; and
- (b) the landlord has demonstrated an intention to restore the service or facility within the period mentioned in clause (a). O. Reg. 440/87, s. 58.

59.—(1) For the purposes of clause 75 (f) of the Act, "a change in the standard of maintenance and repair" means a change that has occurred in the standard of maintenance and repair during the period commencing with the beginning of the reference year period up to the end of the time for submitting representations under section 74 of the Act.

(2) The Minister shall not include an allowance to reflect a change in the standard of maintenance and repair if,

- (a) the standard of maintenance and repair had deteriorated and the cost of an improvement was made during the period referred to in subsection (1) that resulted in returning the standard of maintenance and repair back to the former standard of maintenance and repair; or
- (b) the standard of maintenance and repair deteriorated during the period in which a capital expenditure was effected.

(3) The Minister shall include an allowance to reflect a change in the standard of maintenance and repair if,

- (a) there has been a deterioration in the standard of maintenance and repair immediately subsequent to an improvement and the previous order under the Act did not make an allowance for the improvement because clause (2) (a) applied; or
- (b) a rent increase was reduced in a previous order under the Act as a result of a deterioration in the standard of maintenance and repair and there has been a subsequent improvement during the period referred to in subsection (1).

(4) For the purposes of calculating the justified rent increase under section 74 of the Act, an allowance for a change in the standard of maintenance and repair shall be calculated on the basis of the reasonable value of the change. O. Reg. 440/87, s. 59.

CHANGES IN SERVICES AND FACILITIES AND IN THE STANDARD OF MAINTENANCE AND REPAIR FOR DISPUTE OF INTENDED RENT INCREASE

60.—(1) For the purposes of paragraph 2 of subsection 94 (5) of the Act, a change that affects the rental unit means a change that has occurred in the standard of maintenance and repair or as a result of changes in services and facilities for the period of twelve months prior to the date of the application, and includes a change that directly or indirectly affects the rental unit.

(2) For the purposes of paragraph 2 of subsection 94 (5) of the Act,

- (a) where the Minister finds that a service or facility previously provided by the landlord for the rental unit has been withdrawn, the rent increase shall be reduced by the amount that reflects the average monthly cost experienced by the landlord in the twelve month period prior to the date of the application for providing the service or facility for that rental unit;
- (b) where the Minister finds that a service or facility previously provided by the landlord for the rental unit is reduced, the rent increase shall be reduced by the appropriate proportion of the average monthly cost experienced by the landlord in the twelve month period prior to the date of the application for providing the service or facility for that rental unit; and
- (c) where the Minister finds a service or facility has been added during the period in which another has been withdrawn or reduced, the Minister shall determine whether the added service or facility is a capital expenditure, operating cost or extraordinary operating cost that the landlord has experienced or will experience and shall off-set the cost of the added service or facility against the cost of the withdrawn or reduced service or facility as determined under this section. O. Reg. 440/87, s. 60.

61.—(1) If the Minister determines that a withdrawal or reduction of a service or facility found under section 60 is temporary, no reduction to the rent increase shall be made.

(2) For the purposes of subsection (1), a reduction or withdrawal of a service or facility is temporary if,

- (a) it is for a reasonable length of time in the circumstances, but in any event, not exceeding twelve months; and

- (b) the landlord has demonstrated an intention to restore the service or facility within the period mentioned in clause (a). O. Reg. 440/87, s. 61.

62. Where the Minister determines under section 60 that a change in the standard of maintenance and repair occurred during the period in which the capital expenditure was effected, no reduction shall be made to the intended rent increase. O. Reg. 440/87, s. 62.

63. For the purposes of determining the amount by which the rent increase shall be reduced under subsection 94 (5) of the Act, an allowance for a change of the standard of maintenance and repair shall be calculated on the basis of the reasonable value of the change. O. Reg. 440/87, s. 63.

FINDINGS UNDER CLAUSE 75 (J) OF THE ACT

64. For the purposes of clause 75 (j) of the Act, the Minister shall make findings regarding,

- (a) the allocation of costs and revenue that are shared and specific to a project that includes more than one residential complex, except for the matters set out in section 33 and subsection 48 (11);
- (b) the allocation of costs and revenue that are shared and specific to a project that includes residential and non-residential components, except for matters set out in section 33 and subsection 48 (11);
- (c) the allocation of costs and revenue that are shared and specific to rental units in a residential complex;
- (d) the fees that have been experienced or will be experienced by the landlord for the services of a consultant who is not a related person and who represents the landlord on the application;
- (e) the actual operating costs under section 77 of the Act, in respect of management and administrative overhead that the landlord has experienced or will experience;
- (f) any vacancy loss in the base year period that exceeds 2 per cent of the gross potential rent of the residential complex;
- (g) fees that have been or will be experienced by a landlord for the services of a person who is not a related person in connection with the renewing of financing related to the residential complex;
- (h) fees and premiums that have been or will be experienced by a landlord for mortgage insurance other than life insurance provided by a person who is not a related person; and
- (i) fees paid to a professional appraiser to establish the market value of the residential complex unless otherwise allowed as acquisition costs or under clause 48 (5) (e). O. Reg. 440/87, s. 64.

65.—(1) For the purposes of clause 64 (a), where a project includes more than one residential complex, except for the matters set out in section 33 and subsection 48 (11),

- (a) the costs that are shared among the residential complexes shall be allocated to each residential complex on the basis of the proportional revenue of each residential complex determined under section 38 unless it is demonstrated that it is reasonable to allocate the shared costs on another basis; and

- (b) the costs that are attributable only to the residential complex under review shall be allocated in full to the residential complex.

(2) For the purposes of clause 64 (b), where a residential project includes residential and non-residential components, except for the matters set out in section 33 and subsection 48 (11),

- (a) the costs that are shared among the components shall be allocated to the residential complex in the same proportion that the revenue of the residential complex determined under section 38 bears to the revenue of the total project as if fully leased unless it is demonstrated that it is reasonable to allocate the shared costs on another basis; and

- (b) the costs that are attributable only to the residential complex shall be allocated to the residential complex.

(3) Costs and revenue that are shared and specific to rental units in a residential complex shall be allocated under clause 64 (c) in a manner that is appropriate to the particular circumstances.

(4) The lesser of the fees determined under clause 64 (d) and a maximum of \$25 per rental unit shall be allowed, amortized over a period of five years with interest at the average mortgage interest rate of five year conventional first mortgages as reported monthly by Canada Mortgage and Housing Corporation for the third month prior to the effective date of the first rent increase applied for. O. Reg. 440/87, s. 65.

66.—(1) For the purposes of subsection 77 (1) of the Act, "actual operating costs" means costs that the landlord has experienced or will experience for the base year period for the categories in the Building Operating Cost Index.

(2) For the purposes of subsection (1), costs for the category known as "Management and Administrative Overhead" as determined under clause 64 (e) shall be,

(a) the actual costs that the landlord has experienced or will experience; or

(b) if the landlord does not submit proof of the actual costs, an allowance of up to 5 per cent of the maximum rent for each rental unit in the residential complex during the base year period.

(3) Notwithstanding subsection (2), if the residential complex is a mobile home park or a site or related group of sites on each of which is located a single family dwelling that is a permanent structure, costs for the category known as "Management and Administrative Overhead" as determined under clause 64 (e) shall be,

(a) the actual costs that the landlord has experienced or will experience; or

(b) if the landlord does not submit proof of the actual cost, an allowance of up to 10 per cent of the maximum rent for each rental unit in the residential complex during the base year period. O. Reg. 440/87, s. 66.

67.—(1) In clause 64 (f), "vacancy loss" means the loss of maximum rent revenue for the period during which the rental unit is not occupied if the landlord has made reasonable efforts to rent the rental unit.

(2) The Minister shall determine the amount of vacancy loss experienced by the landlord in the base year period that exceeds 2 per cent of the gross potential rent and shall, unless it has been otherwise recognized, allow the excess amount amortized over a period of five years with interest at the average mortgage interest rate of five year conventional first mortgages as reported monthly by Canada Mortgage and Housing Corporation for the third month prior to the effective date of the first rent increase applied for.

(3) Notwithstanding subsection (2), in a base year period where there are capitalized financial losses allowed as determined under section 50, in a period of overlap between the initial rent-up period and base year period or during the initial rent-up period, the Minister shall not allow vacancy loss determined under this section. O. Reg. 440/87, s. 67.

68.—(1) The fees determined under clause 64 (g) shall be recognized as financing costs and an allowance made therefor in the calculation of allowed financial

costs by amortizing the costs over the term of the financing to which the fees relate with interest at the rate allowed by the Minister for the financing.

(2) The fees and premiums determined under clause 64 (h) shall be added to the financing costs otherwise determined and amortized over the term of the financing to which the fees relate with interest at the rate allowed by the Minister for the financing.

(3) The amount of fees determined under clause 64 (i) shall be amortized over a period of five years with interest at the average mortgage interest rate of five year conventional first mortgages as reported monthly by Canada Mortgage and Housing Corporation for the third month prior to the effective date of the first rent increase applied for. O. Reg. 440/87, s. 68.

Additional Information

Note: Residential tenants who do not pay municipal property taxes directly will not receive individual tax bills.

① School Support Designation:

A portion of your property taxes supports either the "public" or "separate" school system. The occupant of property is responsible for determining the direction of school taxes; however, only Roman Catholic ratepayers including Catholics of the Greek or Ukrainian Rite in union with the See of Rome, may choose to support separate schools. All others must support public schools. All requests to change School Support must be in writing to the Regional Assessment Office, at the address shown on the front of this Notice.

② Property Class:

Each property is assigned to one or more of the following property classes for assessment purposes:

- Residential (1-6 units)
- Multi-Residential (7 or more units)
- Farm
- Commercial
- Industrial

This classification is based on factors such as design, use, ownership and zoning.

③ Estimated Market Value:

In reassessed municipalities an estimate of the most likely selling price in a specified year is determined for each property. Under the Section 63 Reassessment Program, the Estimated Market Value is then multiplied by the Property Class % to determine the Assessed Value.

④ Property Class %:

One Property Class % is established for each of the classes of property (see ② above) in a municipality which has been reassessed under the Section 63 Reassessment Program. This percentage, when multiplied by the Estimated Market Value (③), provides the Assessed Value for taxation purposes.

⑤ Assessed Value:

The value on which property taxes (municipal and education) will be levied based on mill rates calculated by your municipality. The relationship between assessment and tax is: Assessed Value X Mill Rate = Taxes.

⑥ Mill Rate To Be Used:

All property is taxed at either the "residential" or "commercial" mill rate. These rates are established annually by your municipality to fund municipal, county or region and school board needs. The mill rate is the effective tax rate set by your municipality to levy a specified amount of tax for each \$1,000 of assessment.

Municipality / Municipalité	

This Notice has been issued to inform you of a change in the assessment of the property you own or occupy or a change in its tax status. The assessment shown on this Notice is in addition to any previous assessment.

Section 33 of the Assessment Act allows for supplementary assessments to be made during the course of the tax year. Typically, these reflect new construction, new businesses, or a new liability for taxation.

Section 32 of the Act authorizes the issuing of a Notice of Assessment where there has been an omission from the municipality's Assessment Roll.

Your municipality will send you a tax bill based on the assessment below.

Additional information about the numbered items can be found on the reverse side of this Notice.

Le présent avis est délivré afin de vous informer d'une modification de l'évaluation foncière de la propriété que vous occupez ou dont vous êtes propriétaire ou d'une modification de la situation des impôts fonciers de celle-ci.

L'évaluation foncière qu'indique le présent avis s'ajoute à toute évaluation foncière antérieure.

Aux termes de l'article 33 de la Loi sur l'évaluation foncière, des évaluations foncières supplémentaires peuvent être effectuées au cours de l'exercice fiscal, afin de tenir compte, par exemple, de nouvelles constructions, de nouveaux commerces ou d'un nouveau facteur d'assujettissement à l'imposition.

L'article 32 de la Loi autorise la délivrance d'un avis d'évaluation foncière lorsqu'il y a une omission au rôle d'évaluation de la municipalité.

Votre municipalité vous fera parvenir un relevé d'imposition en fonction de l'évaluation foncière indiquée ci-dessous.

Rapportez-vous au verso du présent avis pour tout renseignement supplémentaire au sujet des rubriques numérotées.

Additional Information

Note: Residential tenants who do not pay municipal property taxes directly will not receive individual tax bills.

① School Support Designation:

A portion of your property taxes supports either the "public" or "separate" school system. The occupant of property is responsible for determining the direction of school taxes; however, only Roman Catholic ratepayers including Catholics of the Greek or Ukrainian Rite in union with the See of Rome, may choose to support separate schools. All others must support public schools. All requests to change School Support must be in writing to the Regional Assessment Office, at the address shown on the front of this Notice.

② Property Class:

Each property is assigned to one or more of the following property classes for assessment purposes.

- Residential (1-6 units)
- Commercial
- Multi-Residential (7 or more units)
- Industrial
- Farm

This classification is based on factors such as design, use, ownership and zoning.

③ Estimated Market Value:

In reassessed municipalities an estimate of the most likely selling price in a specified year is determined for each property. Under the Section 63 Reassessment Program, the Estimated Market Value is then multiplied by the Property Class % to determine the Assessed Value.

④ Property Class %:

One Property Class % is established for each of the classes of property (see ② above) in a municipality which has been reassessed under the Section 63 Reassessment Program. This percentage, when multiplied by the Estimated Market Value (③), provides the Assessed Value for taxation purposes.

⑤ Assessed Value:

The value on which property taxes (municipal and education) will be levied based on mill rates calculated by your municipality. The relationship between assessment and tax is Assessed Value X Mill Rate = Taxes.

⑥ Mill Rate To Be Used:

All property is taxed at either the "residential" or "commercial" mill rate. These rates are established annually by your municipality to fund municipal, county or region and school board needs. The mill rate is the effective tax rate set by your municipality to levy a specified amount of tax for each \$1,000 of assessment.

Renseignements supplémentaires

Remarque : Il n'est pas envoyé de relevé d'imposition individuel aux locataires d'un logement qui ne paient pas directement les impôts fonciers.

① Affectation des impôts scolaires :

Une partie de vos impôts fonciers est effectuée soit aux écoles "publiques" soit aux écoles "séparées". Il incombe à l'occupant de la propriété de spécifier l'affectation des impôts scolaires. Toutefois, seuls les contribuables catholiques, y compris les catholiques de rite orthodoxe grec ou ukrainien unis au Saint-Siège de Rome, ont le droit d'affecter leurs impôts scolaires aux écoles séparées. Tous les autres contribuables sont tenus d'affecter leurs impôts scolaires aux écoles publiques. Les demandes de modification de l'affectation des impôts scolaires sont faites par écrit et adressées au bureau régional de l'évaluation foncière, à l'adresse indiquée au recto du présent avis.

② Catégorie de propriété :

Aux fins de l'évaluation foncière, chaque propriété est classée dans une ou plusieurs des catégories suivantes.

- Résidentielle (1 à 6 logements)
- Commerciale
- Multi-résidentielle (7 logements ou plus)
- Industrielle
- Agricole

Ce classement est établi en tenant compte de facteurs tels que la conception architecturale, l'utilisation, le droit de propriété et le zonage.

③ Valeur marchande estimée :

Dans les municipalités qui font l'objet d'une réévaluation foncière, il est procédé à une estimation du prix auquel se vendrait probablement au cours d'une année donnée chaque propriété qui y est située. Conformément à l'article 63 de la Loi qui traite du Programme de réévaluation foncière, la valeur marchande ainsi estimée est ensuite multipliée par le pourcentage applicable à la catégorie de propriété visée afin d'obtenir l'évaluation foncière.

④ Pourcentage applicable à la catégorie de propriété :

Un pourcentage applicable à la catégorie de propriété est fixé pour chaque catégorie de propriété (voir rubrique ② ci-dessus) dans une municipalité qui a fait l'objet d'une réévaluation foncière conformément à l'article 63 de la Loi. Ce pourcentage, lorsqu'il est multiplié par la valeur marchande estimée (voir rubrique ③), permet d'obtenir le montant de l'évaluation foncière aux fins de l'imposition.

⑤ Évaluation foncière :

Cette évaluation constitue la valeur en fonction de laquelle les impôts fonciers (municipaux et scolaires) sont perçus et à laquelle s'applique le taux du millièmes fixe par votre municipalité. La formule de calcul de l'impôt foncier est la suivante : Évaluation foncière X Taux du millièmes = Impôt foncier.

⑥ Taux du millièmes à utiliser pour l'imposition :

Toute propriété est imposée en fonction du taux du millièmes applicable soit à la catégorie "résidentielle" soit à la catégorie "commerciale". Les taux annuels applicables sont fixés chaque année par votre municipalité en vue de recueillir les fonds nécessaires aux fins de la municipalité, du comté, de la région et du conseil scolaire. Le taux du millièmes constitue le taux d'imposition applicable fixé par votre municipalité en vue de percevoir un montant donné d'impôts pour chaque tranche de 1 000 \$ d'évaluation foncière.

HEALTH INSURANCE ACT

O. Reg. 471/87.

General.

Made—August 10th, 1987.

Filed—August 11th, 1987.

REGULATION TO AMEND REGULATION 452 OF REVISED REGULATIONS OF ONTARIO, 1980 MADE UNDER THE HEALTH INSURANCE ACT

1.—(1) The Preamble to Schedule 16 to Regulation 452 of Revised Regulations of Ontario, 1980, as remade by section 6 of Ontario Regulation 290/84 and amended by section 1 of Ontario Regulation 347/85, section 5 of Ontario Regulation 32/86 and section 1 of Ontario Regulation 288/86, is revoked and the following substituted therefor:

LABORATORY MEDICINE

1. The patient documentation and specimen handling benefit is applicable to all patients, except for those items listed under anatomical pathology, histology and cytology sections. The items in this section have been left at a sufficient level to cover any administrative costs. This benefit is not applicable to referred in samples, since the collecting laboratory will already have claimed the patient documentation and specimen collection benefit.
2. The biochemistry section has been condensed so that one listing refers to a procedure for any of amniotic fluid (A), blood (B), C.S.F. (C), faeces (F), gastrointestinal fluid (G), urine (U). Exceptions are indicated by B, U, etc., following the test name. Other specimens will be considered on an I.C. basis.
3. A number of tests are listed in different sections of the schedule; i.e., where more than one method of performing the test is available e.g., Hepatitis B antigen is listed under both Radioassays and Immunology. Assays of ligand type other than isotopic are listed under Biochemistry.
4. Blood glucose by the dipstick method may be claimed only when assessed by an appropriate instrument such as a reflectance meter. It should not be claimed when used only as a check on the fasting blood sample of a glucose tolerance test. The blood glucose of the fasting sample in a glucose tolerance test is allowable only once even if assessed by two methods.

Note: A standard glucose tolerance test for the diagnosis of diabetes mellitus is performed over 2 hours and includes 5 blood glucose (L104) and one urine glucose determination (L254).

If the patient is pregnant, only 4 blood glucose specimens (L103) should be taken at hourly intervals. (See OMAJ 126, 473 (1982)). When 5 hour glucose tolerance test is specifically ordered the blood glucose measurements are to be claimed individually (L111). Only one L254 may be claimed with a glucose tolerance test.

5. Code L418 or L417 may not be claimed by a physician in addition to claim(s) for any treatment or assessment. However, Code G481 in Schedule 15 may be claimed by a physician if a hemoglobin screen (any method or instrument) is carried out in the course of an office or home visit. Urinalysis may be claimed with or without an associated visit to a physician's office (except for screening and urinalyses which are not medically necessary).
6. When a screening culture method (e.g., Agar spoon) is used on a urine sample, L641 refers to a culture technique and does not apply to those kits using the nitrite test only. Where a significant growth is obtained and followed up by definitive identification methods, L633 or L634 only should be claimed. The benefits for L633 or L634 include any necessary microscopic examination of the urine. However urine examination by microscopy may be claimed in addition to L633 or L634 if the referring physician has specifically ordered the former and receives a report from the laboratory.
7. Only those tests which are requested are to be claimed for with the following exceptions. It is intended that if the test results yield abnormal findings or information which would be incomplete, insufficient or meaningless to the referring physician, the medical director of a laboratory may add further appropriate tests and claim for them with the knowledge he may have to substantiate their justification.
8. A test must be completed in accordance with the pertinent schedule listing in order to claim for it. The verbatim listing is intended as the definitive benefit for that test alone, unless otherwise specified e.g., isoenzymes do not include total enzyme estimation; creatine does include creatinine (as specified). Notwithstanding the foregoing and recognizing that it is impossible to list all variations in techniques of all listed tests, when there is a modification of the usual technique, the listing most closely approximating it should be used.
9. This schedule, with the exception of L036, lists actual procedures performed. No claim shall be made for calculated values made and reported, or for control tests or repeat tests on same patient sample.

LABORATORY MEDICINE

10. Creatinine is a justifiable addition in the case of tests on 24-hour urine samples, where it is necessary to assess the sample as a complete 24-hour collection. However, if several tests (e.g. steroids) are done on a single such sample, only one creatinine would be claimed for that sample. In those estimations where the test result is expressed in terms of creatinine excretion the performance of a creatinine is mandatory and should be claimed.
11. It is recognized that in requests for a serologic titre, if a screening test is used and would suffice, the lesser benefit for the screening test should be claimed. If positive and followed by serial titration, both the screening and titre fees should be claimed. If the titration is a micro technique using plates, it is the equivalent of a tube titre, the wells being miniature tubes.
12. When a test for trichomonas identification (any method) is carried out in association with L625 or L627, wet preparation (L653) may be claimed in addition. L653 may be claimed when a Wet Preparation is used for direct examination of a fresh specimen for vegetative amoebae or similar parasites. However, the wet preparation used in the faeces concentration technique for parasites and ova is included in L650.
The conditions set down in paragraph 7 of this preamble must be adhered to.
13. It is recognized that in all laboratory tests there is a professional component.
14. The maximum number of units which can be claimed for any combination of L418 (Hemoglobin), L417 (Hematocrit), L399 (WBC[LKS] Count) and L397 (RBC[ERC] Count) is 11 units per patient per day, whether automated, semi-automated or manual methods are used. L700 is not included in this total and should be claimed separately, if appropriate. Laboratories using multichannel equipment should use individual codes as described above.
15. The maximum number of units which can be claimed for any combination of the tests represented by the following codes will be 40 LMS units per patient per day:

L005	L045	L061	L111	L194	L208	L223	L226	L252
L030	L053	L067	L191	L204	L222	L225	L251	

 The maximum of 40 units applies on a per patient basis, regardless of the number of specimens submitted and regardless of the number of laboratories involved in performing the individual tests. Code L700 is not included in this maximum and should be claimed separately if appropriate.
16. The maximum number of units which may be claimed for any combination of chemical analyses performed on a single sample by means of an automated chemical analyzer with simultaneously functioning channels is 18 LMS units (L225).
17. The following preamble applies to the blood bank section:
 - (a.) L471 Antibody Identification - incomplete antibodies. A panel of any number of cells regardless of suspending media or technique used. Preparation of eluate and/or antibody absorption is included.
 - (b.) L472 Antibody Identification - complete antibodies. A panel of any number of cells for the identification of complete antibodies by direct agglutination.
 - (c.) L473 Parallel Titration - New code to be used when two sequential patient serum specimens are tested to detect a change in antibody titre. Includes a repeat antibody identification on the current sample.
 - (d.) L490 Blood Group - ABO and RH (D). The subgroups of A and Rh^D 'are included where indicated.' A direct AHGT is also included in L490 therefore, L495 may not be charged on the same patient when this code is claimed.
 - (e.) L492 Crossmatch. When an initial crossmatch is requested the appropriate claim is for L490 x 1, L482 x 1 plus L492 for each unit ordered. L490 and L482 may not be claimed more than once on the same day of service. L490 and L493 may not be claimed when these procedures are carried out as a confirmatory test on the units of blood to be transfused.
 - (f.) L493. This code includes L490 (see preamble d.) and Rh genotype to include the antigens C, D, E, c, e, and D^u when indicated. Any other antigen is to be claimed under L494.
 - (g.) L494 Blood Group per antigen. Antigens stated in L493 and L490 are excluded from this code.
 - (h.) L495 Direct AHGT - can be used when ordered as a single procedure, or in addition to L482 when the latter is requested as a single procedure. L495 may not be claimed when L490 or L493 is claimed with L482 on the same patient on the same visit.

LABORATORY MEDICINE

18. Antibiotic sensitivities should not be done routinely, but only when, by reason of its identification and/or its concentration, the isolated organism has a high probability of being pathogenic. L621 applies to all routine antibiotic sensitivity testing regardless of the method used and including MIC determination by manual kit or automated methodologies.
19. The use of Nickersons Medium as a screening test for yeast is not a benefit.
20. The carcinoembryonic antigen test (CEA) L690 is not to be used as a general cancer screen. It is to be used only for following established malignancies.
21. This preamble is intended to apply to everyone using codes L700, L001 to L731 and L900 to L944.
22. Fees for laboratory medicine testing are not refundable (in whole or in part) to the referring physician or referring laboratory by the laboratory performing the tests.
23. The benefits for patient documentation and specimen collection and each test are calculated by multiplying the individual L.M.S. Unit values by 48.3 cents.
24. Laboratory tests on specimens sent outside Ontario are not a benefit of the Plan.
25. Secondary Laboratories receiving specimens for additional (secondary) tests from another Laboratory that normally would be claimed as L303, L319, L500 or L544 should be claimed as L903, L919, L900 or L944 respectively.
26. When a pregnancy test is requested, L655 should be performed. L318 should only be performed, when H.C.G. or Beta sub-units are specifically requested by the referring physician.

Schedule 15

Schedule of Benefits

PREAMBLE

A. General

1. The rates listed in this Schedule of Benefits are the maximum payments which can be made by the Ontario Health Insurance Plan.
2. Insured medical services are limited to the services which are medically necessary, which are listed in this Schedule of Benefits and which are not specifically excluded by legislation or regulation. (See Appendix A for list of specific exclusions).
3. Additions, deletions or other modifications of the Schedule of Benefits require recommendation by the Ontario Health Insurance Plan. Such recommendations are made in consultation with the Ontario Medical Association.
4. This Schedule is a public document and frank discussion with patients regarding the listed rates is recommended.
5. Claims for services which are not listed in the Schedule or which are listed as N.A.B. (not a benefit) or which are excluded as benefits by legislation or regulation should not be submitted to the Plan. Such services may be charged directly to patients or others requesting them.
6. The principles governing proper professional charges are incorporated in the Regulations (Medicine) of the Health Disciplines Act.
7. Each physician who participates in the care of a patient is entitled to compensation commensurate with the services he/she renders.
8. Whenever possible, the physician should acquaint the patient or person financially responsible with their obligations to those concerned with their care. This is particularly important where supportive or concurrent care is rendered or when a consultation and/or procedure are being arranged.
9. Each physician participating in the care of a patient should render to the patient, or to the financially responsible party, an itemized statement of charges for professional services.
10. Each physician participating in the care of a patient should, on request, send a receipt to the patient for all payments made by him/her.
11. If fees are collected by an organized group, the name of the physician rendering the service should be clearly shown on the bill or claim card.
12. Claims may be submitted for services which a patient receives from the team of staff physician, resident, intern and clerk in a teaching unit, provided that the conditions as set out hereunder apply.

On October 10, 1972, the Minister of Health confirmed that the joint recommendations of the College and the O.M.A. governing the charging of fees for services provided by interns and residents in clinical teaching units are acceptable to the Ministry of Health. In his letter the Minister made it very clear that he is looking to the College and the Medical Schools to ensure that the ethical rules governing these billing procedures are followed meticulously in all cases.

It has been carefully explained that the responsible staff physician must be present in the clinical teaching unit at the time the services are rendered and must be identified to the patient at the earliest possible moment. No fees are to be charged for services given by the intern or resident prior to this identification taking place. The following rules are now in effect:-

When patient care is rendered in a clinical teaching unit or other setting for clinical teaching by a health care team, the physician responsible shall be personally identified to the patient. The physician's relationship to the team shall be defined by the clinical teaching unit Director and his/her role must be known to the patient and other members of the team. He/she shall assume full responsibility for the appropriateness and the quality of the services rendered.

PREAMBLE

Specific regulations must vary with the service and form of care being delivered:-

- (a) In order to claim for physical procedures being carried out by an intern or resident, the responsible staff physician must be in the clinical teaching unit and immediately available to intervene.
- (b) In psychotherapy where the presence of the staff physician would distort the psychotherapy milieu, it is appropriate for the staff physician to claim for psychotherapy when a record of the interview is carefully reviewed with the resident and the procedure thus supervised. However, the time charged by the staff physician may not exceed the total time spent by him/her in both such interview and direct supervision.
- (c) In other departments or services, the staff physician should only claim for visits on the days when actual supervision of that patient's care takes place through the presence of that staff physician in the clinical teaching unit on that day. This, of course, involves a physical visit to the patient and/or a chart review with detailed discussion with the other member(s) of the health team.
- (d) In those situations where on a regular basis a staff member might supervise concurrently multiple procedures or services through the use of other members of the team, the total claims made by the staff physician shall not exceed the amount that the staff physician might make in the absence of the other members of the team.

Any claim rendered should be in the name of the responsible staff physician.

13. Charges for missed appointments are not benefits of OHIP.

B. Terms and Definitions:

Call or Visit: is the service by a physician to a patient for assessment and/or treatment.

1. Consultations:

- (a) A consultation refers to the situation where a physician, in light of his/her professional knowledge of the patient, requests the opinion of another physician competent to give advice in this field, because of the complexity, obscurity or seriousness of the case or because another opinion is requested by the patient or an authorized person acting on his/her behalf. The consultant is obliged to perform a general or specific assessment, review the laboratory or other data and submit his/her findings, opinions and recommendations in writing to the referring physician.
- (b) If a consultant is requested by a physician on duty in the emergency department to see a patient in consultation, the former may charge a consultation fee for this service. If the consultant is requested to perform this same service by a resident or intern, the former may charge a general or specific assessment according to his/her specialty.
- (c) For laboratory and procedural benefits connected with consultations, see listings of Diagnostic and Therapeutic Procedures and Laboratory Medicine.
- (d) A consultation is not to be claimed as such when:
 - (i) The patient presents him/herself to a consultant's office without prior knowledge of the primary physician.
The sending of a report to the primary physician under these circumstances does not justify a consultation.
 - (ii) The primary physician is not asked for professional advice but is simply asked by the patient for the name of a specialist in a particular field and the patient seeks out the specialist him/herself.
- (e) A repeat consultation requires all of the criteria of a full consultation and implies interval care by the primary physician. The situation in which the consultant requests the patient to return for a later examination is not a repeat consultation.
- (f) A limited consultation may involve all the components of a full consultation but is less demanding, and in terms of time, normally requires substantially less of the physician's time than the full consultation.
- (g) A diagnostic radiology consultation applies when radiographs made elsewhere are referred to a radiologist for his/her written opinion or when a radiologist is required to make a special visit at Night (5:00 p.m. to 7:00 a.m.) or Saturdays, Sundays and Holidays to consult on the advisability of performing a diagnostic radiological procedure which eventually is not done. A consultation does not apply when the radiographs referred to above are used for comparison purposes with radiographs made in the consultant's facilities.

PREAMBLE

- (h) A diagnostic laboratory medicine consultation applies when tissue, slides, and/or specimens are referred to a second laboratory medicine physician not in the same institution for a written opinion. It does not apply when the above are used for comparison with tissue, slides, materials or tests done in the consultant's facilities. When a diagnostic laboratory medicine consultation fee is claimed, surgical pathology fees may not also be claimed.
 - (i) A laboratory medicine consultation or repeat consultation applies when a laboratory medicine physician is requested to examine a patient and provide a written opinion.
 - (j) A diagnostic nuclear medicine consultation applies when nuclear medicine studies are referred to a nuclear medicine specialist for a written opinion, or when the nuclear medicine physician is required to make a special visit at Night (5:00 p.m. to 7:00 a.m.) or Saturdays, Sundays and Holidays to consult on the advisability of performing a nuclear medicine procedure which eventually is not done. A consultation does not apply when procedures done elsewhere are used for comparison purposes with nuclear medicine studies made in the consultant's facilities.
 - (k) A nuclear medicine consultation or repeat consultation applies when a nuclear medicine specialist is requested to examine a patient and provide a written opinion, all of which takes a greater amount of time and effort than a nuclear medicine study would normally require. It may be done in conjunction with a nuclear medicine study but if so, the lesser professional fee (P_2) rather than the greater fee (P_1) should be claimed in addition to the technical fee (T).
 - (l) Some nuclear medicine specialists have other specialist qualifications which allow them to claim another consultation (e.g. internal medicine). A nuclear medicine consultation or repeat consultation may be claimed in lieu of another consultation (e.g. internal medicine) but would not be combined with such a consultation by the same consultant.
 - (m) A prenatal consultation by a paediatrician applies when a physician considers a foetus of greater than 20 weeks gestation to be at risk or in jeopardy by reason of continuation of pregnancy in the presence of maternal and/or foetal distress, and requests the opinion of a paediatrician competent to give advice in this field. The paediatrician shall perform a general or specific assessment, review laboratory and other data and submit his/her findings and recommendations in writing to the referring physician. Such a consultation does not preclude the paediatrician from a post-natal consultation on the infant.
 - (n) A special surgical consultation may apply when a surgeon provides all the components of a regular consultation but is required to spend at least fifty minutes with the patient (exclusive of any tests) in consultation because of the very complex, obscure or serious nature of the problem. The surgeon should claim \$100.70 for special consultations on an I.C. basis (A935). See paragraph B.32.
 - (o) An emergency physician consultation applies when a patient is referred by another physician (other than an E.R. physician in the same hospital) who has seen and examined the patient and requested the opinion of an emergency room physician because of the complexity, obscurity or seriousness of the case. The consultant shall perform the necessary assessment, review the laboratory, x-ray or other data and submit his findings, opinions and recommendations in writing to the referring physician. A copy of the E.R. chart does not constitute a consultation report. This consultation is not chargeable for the routine transfer of care to the E.R. nor for the provision of treatment for a previously diagnosed condition. It does not apply to patients who present themselves to the E.R. or are brought by people acting on their behalf. It is anticipated that these consultations will replace some of the consultations that would otherwise be provided by consultants in other branches of medicine. If the consultation leads to admission to hospital, no separate fee is chargeable for the admission assessment by the same physician. The consultation fee for a specialist in emergency medicine (F.R.C.P.) is \$61.90 (H055); for all others, \$37.20 (H065).
- Note: OHIP benefits for consultations normally are limited to one consultation per year, per patient, by any one physician. However, if the same patient is referred to the same consultant a second time within the year with a clearly defined unrelated diagnosis, one additional consultation may be claimed per year.
2. **General Assessment:** shall comprise a full history, an enquiry into, and an examination of all parts or systems (and may include a detailed examination of one or more parts or systems), an appropriate record, and advice to the patient.*
- OHIP benefits for general assessments normally are limited to one per year per patient by any one physician. However, if the same patient presents again within the year to the same physician with a clearly defined unrelated diagnosis, one additional general assessment may be claimed per year. In the case of a patient who proceeds normally to hospital, the admitting physician may claim one additional general assessment per year provided 90 days have elapsed since the last general assessment rendered (anywhere) to that patient by the admitting physician. If the patient doesn't qualify for a general assessment by the admitting physician, he may claim a general re-assessment.

PREAMBLE

3. **General Re-Assessment:** shall comprise the same services as a general assessment except that the history need not include all the detail already obtained in the original general assessment.* OHIP benefits for general re-assessments, except for hospital admission re-assessments, are limited to two per year, per patient, by any one physician.
4. **Specific Assessment:** shall comprise a full history of the presenting complaint, enquiry concerning, and detailed examination of the affected part, region or system(s), as needed to make a diagnosis, and/or exclude disease and/or assess function, an appropriate record, and advice to the patient.* (This may vary among sections.)

Physicians qualified in two specialties (EENT for example) may only claim for one visit, e.g.: a consultation (if referred) or a specific assessment (if non-referred), if both systems are examined during the same visit. However, two consultations or two specific assessments, etc. may be claimed if both systems are examined, each on a separate visit.

OHIP benefits for specific assessments normally are limited to one per year, per patient, by any one physician. However, if the same patient presents again within the year to the same physician with a clearly defined unrelated diagnosis, one additional specific assessment may be claimed per year.
5. **Specific Re-Assessment:** shall comprise a full relevant history and a comprehensive physical examination of one or more systems but not requiring an evaluation of the patient as a whole.* This service is the admission assessment when the patient has been seen prior to admission in the same illness. It is included in the surgical fee except for those procedures marked I.O.P.
6. **Partial Assessment:** shall comprise a history of the presenting complaint, the necessary physical examination, an appropriate record and advice to the patient. It also applies to subsequent visits for assessing the response to treatment and/or advice provided in a previous service.*
7. **Intermediate Assessment:** is a primary care service for physicians providing general practice or paediatric services and is a more extensive assessment than a minor assessment. It shall comprise a history of the presenting complaint(s), enquiry concerning and examination of the affected part(s), region(s), or system(s) or mental or emotional disorder as needed to make a diagnosis, exclude disease and/or assess function, an appropriate record, and advice to the patient.*
8. **Multiple Systems Assessment:** shall comprise a detailed history and examination of more than one system, part or region, an appropriate record and advice to the patient.*
9. **Minor Assessment:** is a visit which involves a direct doctor-patient interaction at which either or both of the following are provided and an appropriate record made of the visit:
 - (a) a brief assessment which includes the necessary history and examination of the affected part or region or mental or emotional disorder;
 - (b) brief advice or information regarding health maintenance, diagnosis, treatment and/or prognosis.
10. **Mini Assessment:** applies when a physician examines and/or treats a patient for a completely unrelated problem in addition to the examination/treatment of a W.C.B. related problem (for which the W.C.B. will only pay a minor assessment) during the same office visit. The fee for the mini assessment is \$7.40 (A008).*
11. **Re-Assessment (by physician on duty in the Emergency Department):** one re-assessment may be charged when, at least two hours after the original assessment is completed (including appropriate investigation and necessary treatment), a subsequent assessment indicates that further provision of care and/or investigation is required and performed. Re-assessments are not to be claimed for discharge assessments nor when the patient is admitted by the physician on duty in the Emergency Department, nor when this assessment leads directly to referral for consultation.
12. **Well Baby Care:** the periodic visits of a well baby during the first two years of life involving complete examination with necessary weight and measurements and instructions to the parent(s) regarding health care.

*For laboratory and other investigation performed in conjunction with a consultation or visit, see Diagnostic and Therapeutic Procedures and Laboratory Medicine.

PREAMBLE

13. **Annual Health or Annual Physical Examination (Including Primary and Secondary School Examination):** shall comprise all the elements of a general assessment as it pertains to an individual after the second birthday who presents and reveals no apparent physical or mental illness. OHIP benefits for any one physician are limited to one Annual Health Examination per patient per year after the second birthday. To qualify, an Annual Health Examination normally must be requested by the patient rather than a third party. Regulation 452 of Revised Regulations of Ontario, 1980 under the Health Insurance Act, examinations for the purpose of "legal requirements or proceedings" are excluded from coverage. However, it is recognized that an annual Health Examination will satisfy some or all of the requirements for examinations required by statute but excluded by the above mentioned Regulation. In such instances and where a prior claim for an Annual Health Examination has not been submitted to the Plan in the previous twelve months for that patient, it would be appropriate to submit a claim to OHIP for this service. The OHIP benefit in these cases covers the Annual Health Examination only and not any charges peculiar to the legal requirements, such as charges for the completion of forms.
14. **Long Term Institutional Care:** includes the listings for consultations, assessments and other visits to patients in chronic care hospitals, convalescent hospitals, nursing homes and other institutions in which such patients are covered by extended care legislation.
Admission Assessments to Long Term Care Institutions:
 - Type 1 - applies when the admitting physician has not performed a consultation, general assessment or general re-assessment prior to admission and when he/she carries out a general assessment (on admission) and provides a report for the medical record.
 - Type 2 - applies when the admitting physician has performed and claimed for a consultation, general assessment or general re-assessment prior to admission, makes an initial visit and records an admission note describing the condition of the patient following admission.
 - Type 3 - applies when the admitting physician readmits a patient after a 3 day stay in another institution; the admitting physician shall carry out a general re-assessment and provide a report for the medical record.

Note: When a physician already is in the institution and is asked to assess one of his/her own in-patients on a non-emergent or an emergent basis, the subsequent visit listings apply. However, if he/she is asked to assess another physician's patient on an emergency basis, the General Listings should be used.
15. **Subsequent Visits to Long Term Care Institutions:** include the supervisory care as well as the active treatment of acute intercurrent illness when the physician is already in the long term care institution. The supervisory care component includes discussion with the patient and/or family and/or examination of the patient and also includes as required, discussion with the nurse, chart review and annotation of the chart. When acute intercurrent illness requires a special visit, the appropriate fees under General Listings and Premiums apply. For acute intercurrent illnesses requiring visits after the monthly maximums have been claimed, extra visits should be made on an I.C. basis (W121 - \$14.90).
16. **Pre-dental General Assessment:** is the history and examination of a patient required prior to dental surgery under anaesthesia in hospital. A diagnosis is not required by OHIP for this service.
17. **Newborn Care:** is the routine care of a well baby up to ten days of age and should include a complete physical examination of the baby and necessary instructions to the mother. The service shall involve at least two visits; but may involve only one visit if the hospital stay is less than 24 hours and normally may not be claimed for the same patient by more than one physician. When a well baby is transferred to another hospital (because of the mother's state of health, for example) claims for newborn care by a physician at each hospital may be appropriate.
18. **Low Birth Weight Baby Care:** is the care of a baby weighing less than 2.5 kilograms at birth.
19. **Psychotherapy:** is any form of treatment for mental illness, behavioural maladaptations, and/or other problems that are assumed to be of an emotional nature, in which a physician deliberately establishes a professional relationship with a patient for the purposes of removing, modifying, or retarding existing symptoms, or attenuating or reversing disturbed patterns of behaviour, and of promoting positive personality growth and development. Accordingly, therefore, a psychotherapeutic procedure may be claimed if a half hour or major part thereof has been spent by a physician in such

PREAMBLE

treatment of the patient. The minimum time period for psychotherapy (to be charged as such) is twenty minutes. In order to claim for a major portion of a second or subsequent time interval of psychotherapy for the same patient during the same visit, the preceding time interval must be a full 30 minutes of psychotherapy. When psychotherapy extends beyond thirty minutes, the major part (16 minutes) of the next half hour must be spent with the patient to qualify for an additional half hour fee. Similarly, after one hour of psychotherapy, the major part (16 minutes) of the next half hour, must be spent to qualify for an additional half hour, and so on.

20. (a)Counselling (K013):

Is distinct from psychotherapy, and is that form of activity in which the physician engages in an educational dialogue with the patient(s), on an individual or group basis wherein the goal of the physician and patient(s) is to become aware of the patients' problems or situation and of modalities for prevention and/or treatment. Counselling is not to be claimed for the advice that is a normal part of any consultation or assessment, or for ongoing treatment. Counselling sessions must be rendered personally, by the attending physician.

If the counselling session is less than 20 minutes, the appropriate assessment fee should be claimed.

20. (b)Transplant Counselling (K014):

Includes counselling of recipient, donor or appropriate family member(s) of recipient or donor, and the presentation of adequate clinical data to enable the person(s) concerned to make and inform decisions regarding organ transplantation. This may only be claimed when transplantation/donation is imminent.

20. (c)Counselling of Relatives on behalf of a Patient (K015):

Is distinct from psychotherapy and is that form of activity in which the physician engages in an educational dialogue with the relative(s), on an individual or group basis where the goal of the physician and relative(s) is to become aware of the modalities for treatment and/or prognosis. Counselling must be rendered personally by the attending physician. It must be a booked, separate appointment in the office and billed under the patient's OHIP number. It only applies to relatives of catastrophically or terminally ill patients.

21. Genetic Counselling: includes interviewing the appropriate family members, the collection and assessment of adequate clinical and genetic data to make a diagnosis, construct a pedigree and assess the risks to persons seeking advice. It includes imparting this information and the various alternatives to the appropriate family members for dealing with the problem in such a way that they can make informed decisions about the genetic problem. Counselling must be rendered personally by the attending physician.

22. Documentation: when a physician examines or treats a patient, an appropriate record of such service should be made. (See Appendix B).

23. Visit for Procedure: when the sole reason for an office visit is the performance of a certain procedure, the listed benefit for the procedure will apply (See Diagnostic and Therapeutic Procedures Preamble for exceptions). When procedures are carried out in the office, emergency or outpatient department, on an elective basis, special visit fees should not be claimed in addition to the procedural fee. When procedure(s) are carried out by a physician's employee(s), under the direct supervision of the physician in his/her office, the usual claims may be made for procedure(s) which are generally and historically accepted as those which may be carried out by the nurse or other medical assistant in the employ of the physician. "Procedures" in this context do not include such services as assessments, consultations, psychotherapy, counselling, etc. Direct supervision requires that, during the procedure, the physician be physically present in the office or clinic at which the service is rendered.** While this does not preclude the physician from being otherwise occupied he/she must be in personal attendance to ensure that procedures are being performed competently and he/she must at all times be available immediately to approve, modify or otherwise intervene in a procedure as required in the best interests of the patient.

For Physical Medicine procedures performed on the physician's own patient under direct supervision as detailed above, see Code G467 listed in Diagnostic & Therapeutic Procedures - Physical Medicine.

** Some procedures may note require the physical presence of a physician for adequate supervision. Exceptions to this requirement of direct supervision may be made upon recommendation of the Ontario Medical Association and the College of Physicians and Surgeons of Ontario.

PREAMBLE

24. **Health Examination:** this may vary in extent according to the purpose for which it is required (e.g. pre-employment, insurance, free from infection, etc.). This is not a benefit of OHIP and the fee should be according to the type of assessment necessary for this purpose and billed to the patient or party requesting the service.
25. **Age:** (unless otherwise specified)
 Newborn - up to 10 days of age.
 Infant - up to 2 years.
 Child - up to and including 15 years.
 Adolescent - up to and including 17 years.
 Adult - 18 years or over.
26. **Most Responsible Physician:** is the attending physician who is primarily responsible for the day to day care of the patient in hospital. In cases of unusual severity where the consultant assumes the role of the most responsible physician, the consultant may claim on a per visit basis and the family physician may claim supportive care. Where the family physician remains the most responsible physician and requests only a consultation, the family physician may claim on a per visit basis and the consultant may claim a consultation only.
27. **Transferal and Referral:**
- (a) A referral takes place when one physician requests for his/her patient the services of another. The services of the latter may consist of:
 (i) an opinion (i.e. a consultation).
 (ii) diagnostic tests or procedures (e.g. skin test, biopsy, etc.).
- Note:** In such cases the referring physician continues to treat the case him/herself.
 (iii) treatment (surgical or medical).
 The referring physician's OHIP registration number must be included on the claim submission.
- (b) A **transferal**, as distinguished from a referral, takes place where the responsibility for the care of the patient is completely transferred permanently or temporarily, from one physician to another (e.g. where the first physician is leaving temporarily on holidays and unable to continue to treat the case). Physicians who are substituting for other physicians should consider that patients of the latter have been temporarily transferred (not referred) to their care. The physician to whom the patient is transferred should be regarded as substituting for the other physician. Where the care of the patient involves a benefit containing several components such as surgery, the physicians may consider the surgical benefit a team benefit and decide among themselves how each is to be compensated; traditionally physicians in these circumstances have reciprocated by exchanges of coverage for each other. When physicians routinely or frequently substitute for each other in providing hospital visits to registered bed patients in active treatment hospitals, e.g. weekend coverage or daily rounds by various members of a group, the most responsible physician may claim for all the visits.
28. **Concurrent Care:** applies when the family physician remains the most responsible physician but because of the seriousness or complexity of the condition, requests continued directive care by a consultant. The family physician may claim on a per visit basis and the consultant may also claim on a per visit basis not to exceed four such claims during the first week of concurrent care and not to exceed two such claims each week thereafter while the patient's condition remains serious - this arrangement being agreeable to both physicians.
29. **Multidisciplinary Care:** applies when the complexity of the medical condition requires the services of several physicians in different disciplines. In such cases, each physician should render a separate account on a per visit basis. This does not refer to a situation where a single benefit for a team of physicians is listed in this Schedule.
30. **Supportive Care:** is the care rendered in hospital by the referring physician, who is not actively treating the case (e.g. writing orders), to a patient under the care of another physician, at the desire of the patient or family, for purposes of liaison or reassurance. The physician may claim for this care on a per visit basis not to exceed four such claims during the first week of supportive care (determined by the date of the first supportive care visit) and not to exceed two such claims each week thereafter. If medical complications develop or are present in the post-operative period which require active management by the referring physician, hospital medical care fees should be applied not supportive post-operative fees.

PREAMBLE

31. **Terminal Care** : applies to one designated physician responsible for the care of a terminally ill patient suffering from malignant disease. Terminal care will be deemed to start when there is no aggressive treatment of the underlying disease process and care is directed to maintaining the comfort of the patient until death occurs. Terminal care should be claimed retroactively after death on the basis of visits actually rendered for a period not to exceed four weeks prior to death. Terminal care visit fees as described above do not apply when unexpected death occurs after prolonged hospitalization for another diagnosis unrelated to the cause of death. Visits to patients in hospital may be claimed at \$14.90 (C882) by general and family practitioners and at \$16.30 (C982) by specialists. For patients receiving terminal care in chronic hospitals, the above fees should be claimed with codes W882 and W982 respectively and in Nursing Homes and Homes for Aged the above fees should be claimed with codes W872 and W972 respectively.
32. **Independent Consideration - "I.C."**: Independent consideration may be given where a set fee is not listed in the Fee Schedule. Claims rendered under this heading should contain an explanation of the fee claimed. It is helpful to the Medical Consultant if claims for I.C. include an operative or consultation report and a comparison of the scope and difficulty of the procedure with other procedures in the Schedule.
33. **Specialist**: A specialist shall be defined (for purposes of application in the case of any given service within this Schedule) as one who holds a certificate from The Royal College of Physicians and Surgeons of Canada in the specialty which normally is considered to encompass the service in question.
A specialist rendering services outside of his specialty should use the codes and tariffs listed in the General Practice section of the Schedule.
34. **Differential Benefits**:
- (a) Procedural fees apply to any physician rendering the services regardless of specialty.
 - (b) Specialists providing primary care in a general practice setting shall claim the appropriate visit fees (as defined in the Preamble) listed under the heading Family Practice and Practice in General. Certain other non specialist services such as counselling and interviews are under the same heading for the use of any physician providing such services.
 - (c) Specialists in paediatrics who practice allergy may claim specialist fees for their allergy services regardless of the age of their patients.
35. **Referring Physician's Services**:
- (a) For the services rendered prior to the operation, the referring physician should claim on a fee-for-service basis, for example:
 - (i) Visits as rendered.
 - (ii) In addition to (i) above, in acute cases if detained, the physician may claim detention fees if appropriate. See Preamble paragraph B.45
 - (b)
 - (i) For services rendered as an assistant during the operation, the referring physician should claim an assistant's fee.
 - (ii) In cases in which the referring physician is required to be present in the interest of the patient but does not actually assist at the surgical procedure, he/she should claim on a hospital visit basis for this service.
 - (c) For the services rendered after the operation, the referring physician may claim on the basis of supportive care fees as outlined in the schedule.
36. **Assistants' Services**:
- (a) The assistants' fees are determined by adding the listed basic units and time units and multiplying the total number of units by \$9.21. For all cases commencing after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays, increase the total assistant's fee by 40% (E400B). For all cases commencing after midnight and before 7:00 a.m. any night of the week, increase the total assistant's fee by 50% (E401B).
 - (b) When a physician is required to make a special visit to the hospital to assist at surgery, he/she may charge a special visit premium of \$31.05 (C998B) for a case commencing after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays or \$46.65 (C999B) for a case commencing after midnight and before 7:00 a.m. any night of the week. These premiums are in addition to the E400 and E401 premiums but apply only to the first patient treated on each special visit.

PREAMBLE

- (c) The time units are computed by allowing one unit (\$9.21) for each 15 minutes or part thereof of time (up to two hours) spent by the assistant. When assisting for more than two hours per case, time units for periods in excess of two hours are computed by allowing two units for each 15 minutes or part thereof. Time for purposes of these calculations includes scrub time and time spent in the operating room. If claims are being made in coded form (see explanatory comments at front of Fee Schedule), the suffix B should be added to the fee code for the procedure. The basic units should be listed separately from the time units on the claim card.
 - (d) When multiple or bilateral surgical procedures are done during the same anaesthetic, the assistant's benefit shall be based on the basic units for the major procedure plus time. When bilateral procedures or surgical revisions are carried out at separate times with separate anaesthetics, the assistant shall be entitled to receive a full assistant's benefit for each procedure.
 - (e) In surgical procedures requiring more than one assistant, the second assistant shall compute his/her fee on the same basis as the first assistant. Each claim for second assistant should be accompanied by a statement from the operating surgeon confirming the necessity for his/her services.
 - (f) When a surgeon requires an assistant at a procedure for which no assistant's fee is listed, the assistant may calculate his/her fee by taking the number of basic units used by the anaesthetist, adding his/her time units and multiplying the total number of units by \$9.21.
 - (g) When assistants at surgery claim for procedures for which no assistants' fees have actually been listed in the schedule, the assistants should support their claims with a statement of explanation from the surgeon, confirming the medical necessity for their attendance.
- Note:** Code M400B to be used by OHIP for services performed by an assistant where no assistant units are listed. All such services must be assessed for appropriateness by the OHIP Medical Consultant.
- (h) Where the attendance of a physician is requested by the patient's other medical attendants for the sole purpose of monitoring or special supportive care, and when the physician is in constant attendance, the fee shall be 3 units plus time (E003B).
 - (i) When an anaesthetic has begun and the operation is cancelled prior to commencement of surgery, the assistant who has scrubbed but is not required to do more, should claim 3 basic units plus time units (E006B). If the operation is cancelled after surgery has commenced, the procedural basic units plus time units will apply. If the procedure is cancelled prior to the induction of anaesthesia and the assistant is scrubbed, a subsequent hospital visit only may be claimed.

37. Anaesthetists' Services:

- (a) The tariff is for all types of anaesthesia. The fee is for professional services, including pre-anaesthetic evaluation and post-anaesthetic follow-up and all immediate supportive measures, and does not include the cost of materials used.
- (b) If an anaesthetist is requested by another physician to see a patient in consultation (see paragraph 1(a)) because of the complexity, obscurity or seriousness of the case prior to the administration of an anaesthetic, he may claim a consultation fee as well as the anaesthetic fee. If this consultation is provided less than 36 hours prior to the administration of an anaesthetic, this consultation should be claimed at \$61.90 under fee code E015. The routine pre-anaesthetic evaluation of the patient required by the Public Hospitals Act does not qualify as a consultation, regardless of where and when this evaluation is performed. Anaesthetic consultations do not apply when hospital, departmental by-laws, statutes or policies require automatic consultations on any patient requiring anaesthesia.
- (c) If an anaesthetist examines a patient prior to surgery and the surgery is cancelled prior to the induction of anaesthesia, he or she may claim a hospital visit fee for this service. When an anaesthetic has begun and the operation is cancelled due to a complication prior to the commencement of surgery, the anaesthetist should claim 4 basic units plus time (E006C). If the operation is cancelled after surgery has commenced, the procedural basic fee plus time units will apply.
- (d) The anaesthetist's fees are determined by adding the basic and time units together and multiplying the sum by \$10.57. For cases commencing after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays, increase the total anaesthetic fee by 40% (E400C). For cases commencing after midnight and before 7:00 a.m., any night of the week, increase the total anaesthetic fee by 50% (E401C).
- (e) When an anaesthetist is required to make a special visit to the hospital to administer an anaesthetic, he may claim a special visit premium of \$31.05 (C998C) for a case commencing after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays or \$46.65 (C999C) for a case commencing after midnight and before 7:00 a.m. any night of the week.

PREAMBLE

These premiums are in addition to the E400 and E401 premiums but only apply to the first patient treated on each special visit.

- (f) When an anaesthetist administers an anaesthetic to a patient under the age of one (E009) or over the age of seventy (E007), add one unit to the total fee. When an anaesthetist administers an anaesthetic to a patient of any age with an incapacitating systemic disease that is a constant threat to life or to a moribund patient who is not expected to survive for 24 hours with or without the operation, add two units to the total fee (E008).
- (g) Basic units are listed for most procedures and include the value of all anaesthetic services except the actual time spent administering the anaesthesia, any modifying factors, or unusual detention with the patient (see paragraph n).
- (h) Except during maintenance of continuous conduction anaesthesia time units are computed by allowing one unit for each 15 minutes or part thereof of anaesthesia time (up to two hours); following the first two hours of anaesthesia, time units for periods in excess of two hours shall be computed on the basis of two units for each 15 minutes or part thereof; time units for periods in excess of eight hours shall be computed on the basis of three units for each 15 minutes or part thereof. Anaesthesia time begins when the anaesthetist is first in attendance with the patient for the purpose of creating the anaesthetic state and ends when he is no longer in personal attendance (when the patient may be safely placed under customary post-operative supervision).
- (i) If claims are being made in coded form (see explanatory comments at front of Fee Schedule), the suffix C should be added to the fee code for the procedure.
- (j) In special cases when the anaesthetic services of more than one anaesthetist are deemed necessary in the interest of the patient, the second anaesthetist shall charge 4 basic units (E001) plus time units for the time spent assisting the first anaesthetist.
- (k) When multiple or bilateral surgical procedures are done during the same anaesthetic, the anaesthetic benefit shall be based upon the basic units for the major procedure plus time. When bilateral procedures or surgical revisions are carried out at separate times with separate anaesthetics, the anaesthetist shall be entitled to receive a full anaesthetic fee for each procedure.
- (l) In procedures where no value is listed, or with I.C., the basic portion of the calculated value will be the same as listed for a comparable procedure considering the region and modifying conditions or techniques.
- (m) When a pump with or without an oxygenator and with or without hypothermia is employed in conjunction with an anaesthetic, the anaesthetic "Basic Units" will be 28 units; this replaces the listed basic units for the procedure.
- (n) Controlled hypotension may be billed for (10 units) when it is carried out in association with anaesthesia using any technique to deliberately lower and maintain the mean blood pressure by at least 25%. Incidental hypotension from the use of any anaesthetic agent does not constitute controlled hypotension. The additional 10 units may be claimed under E004C.
- (o) When unusual detention with the patient before or after anaesthesia is essential for the safety and welfare of such patient, the necessary time will be valued on the same basis as indicated for the anaesthetic time.
- (p) For detention not associated with anaesthesia detention rates and criteria apply (see paragraph B.45).
- (q) When the attendance of the anaesthetist is requested by the patient's other medical attendants for the purpose of monitoring or special supportive care, and when the anaesthetist is in constant attendance, the benefit shall be 4 units plus time. The code is E003C.
- (r) Introduction of a catheter for continuous conduction analgesia and anaesthesia in obstetrics has a basic value of 6 units. Maintenance and/or supervision may be claimed at one unit for each half hour of maintenance to a maximum of 5 units. Time units for delivery may be claimed at one unit per quarter hour (E100C).
- (s) When a physician administers an anaesthetic and/or other medication prior to, or during a procedure(s) or immediately after a procedure which he/she performs on the same patient, he/she should claim for the procedure(s) only. However, when a physician administers a pudendal, femoral, intercostal, sciatic, ilioinguinal, iliohypogastric, ulnar, median, or radial block in addition to performing a procedure, he/she may claim \$13.70 (G224) in addition to the procedure.
- (t) When hypothermia is used by the anaesthetist in procedures not specifically identified as requiring hypothermia, the basic value is 25 units. This basic value replaces the basic value listed in the Schedule for the procedure. When the basic value claimed is 25 units, the anaesthetic service may be claimed under code E002C.
- (u) When a patient is known to have malignant hyperthermia or there is a strong suspicion of susceptibility, and the anaesthetic requires full malignant hyperthermia set up and management, add 5 units to the anaesthetic claim (E012). This add-on does not apply to 2245 listed under "Integumentary System, Incision - Skin and Subcutaneous Tissue..."

PREAMBLE

- (v) Anaesthetic management for the emergency relief of acute upper airway (above the carina) obstruction (excluding choanal atresia) - basic 10 units (E013).
- (w) When one anaesthetist starts a procedure and is replaced by another part way through a surgical procedure or delivery, the first anaesthetist should charge the appropriate basic fee plus time units and the second anaesthetist should charge for time units only. The second anaesthetist should use code E005C for such time units except in the case of continuous conduction anaesthesia; for which P015 (plus E100C) applies (see paragraph 37(r)). E002C, E003C, E004C, E005C qualify for the premiums E400C or E401C only if the case originally started within the time stated under para. 37(d) above.
Each anaesthetist should state on his/her claim card which part of the anaesthetic is being claimed and the time begun and completed.
- (x) General anaesthesia for the purposes of this Fee Schedule includes all forms of anaesthesia except local infiltration.
- (y) Maintenance/Supervision of epidural catheter for relief of pain (G247) see "Nerve Blocks, Diagnostic and Therapeutic Procedures". For visits rendered after 5 p.m. and before midnight or on Saturdays, Sundays and Holidays add 40% (E402). For visits after midnight but before 7 a.m. add 50% (E403).

38. **General Listings:** include the basic listing for consultations, assessments and other visits wherever they are rendered, except for non-emergency services to hospital or long-term care institution in-patients and for care rendered by a physician on duty in the emergency department. These latter services are listed separately in the Schedule.
39. **Non-Emergency Hospital in-Patient Services:** include the fee listings for consultations and other visits rendered to registered bed patients on a non-emergency basis.
- (a) When a patient has not been seen previously by the physician in charge, the first visit after admission may be claimed as a consultation or general or specific assessment. When the patient has been previously attended before admission, the first visit after admission may be claimed as a general re-assessment or specific re-assessment (depending on the specialty) if the patient has been seen before in the same illness. However when a patient is admitted to hospital by one physician and is subsequently transferred to another physician, only one general or specific assessment or re-assessment may be claimed per patient admission.
 - (b) Subsequent routine visits should be claimed as subsequent visits (minor assessments). Payments for hospital visits are usually limited to one per patient per day prior to the weekly and monthly limitations that apply after the patient has been hospitalized for 5 weeks, (6 weeks for paediatricians). However, it is not the intent of the Fee Schedule that visit fees be claimed for every day a patient is in hospital unless a physician actually visits the patient each day. For acute illnesses or exacerbation of original illness requiring hospital visits after 5 weeks of hospitalization, claims for extra visits should be made on an independent consideration basis (C121).
 - (c) When a patient in hospital is referred by one physician to another, the second physician should not be limited by the "Subsequent Hospital Visit" formula for the number of hospital visits already rendered by the first physician. In other words, the second physician is entitled to claim for his/her visits up to 5 weeks just as if the patient was being attended to in hospital for the first time. If the patient is transferred to the care of another physician, the "Subsequent Hospital Visit" formula would apply just as it would if only one physician was involved in the care.
 - (d) When a physician is already in the hospital and is asked to assess one of his/her own in-patients on a non emergency or emergency basis, the subsequent hospital visit listings apply. However if he/she is asked to assess another physician's patient on an emergency basis, the General Listings apply.
40. **Emergency Department - Physician on Duty Services:** include the fee listings for minor and multiple systems assessments and re-assessments during regular and premium hours rendered by the physician on duty. Any physician on duty in the emergency department should claim these fees regardless of his/her specialty.

The listings under the heading "Emergency Department - Physician on Duty" are meant to apply to those circumstances wherein either emergency or other physicians have elected or are required to be physically and continuously present in the Emergency Department or environs for an arranged designated period of time. In addition to applying to full or part time emergency room physicians who work pre-arranged shifts, these listings also apply to the services rendered by physicians who provide on-call emergency room coverage for designated periods of time and limit the services they provide, in the community served by the hospital, predominantly to emergency room coverage. When special visits are rendered by such physicians, A and K codes may be charged for the first patient seen:

PREAMBLE

- (a) for up to a maximum of two special visits after 8:00 a.m. and up to 5:00 p.m.;
- (b) for up to a maximum of three special visits after 5:00 p.m. and up to midnight;
- (c) for the number of special visits rendered after midnight and up to 8:00 a.m.

When an on call physician practising in the area elects to be continuously present in the Emergency Department or environs for an arranged designated period of time because the volume of patients requires it, e.g. during a busy holiday period, the fees under Emergency Department - Physician on Duty (H101, H103, H104, etc.) should be charged after the patients responsible for the initial special visit have been examined and/or treated (and charged for under the A and K codes).

When an emergency physician is required to make a special visit to the Emergency Department prior to or after his/her regular arranged designated period of time on duty, he/she may charge the appropriate fee under the General Listings plus the applicable special visit premium for the first patient assessed; all subsequent patients assessed during this visit to the hospital should be billed under the Emergency Department - Physician on Duty listings.

When a physician is on duty in the Emergency Department, sees a patient and admits the patient to hospital, this physician may claim a minor or multiple systems assessment depending on the service initially provided. Either the patient's attending physician or the emergency department physician (but not both) may render and claim the hospital admission assessment. If the emergency department physician (instead of the attending physician) provides the admission general assessment, he/she may claim a general re-assessment (0004) as well as the initial assessment provided both services are actually rendered separately.

Special Visit to Emergency or O.P.D.

Consultation:

1. Consultation, patient not admitted:
The benefit for the consultation (or repeat consultation) plus the appropriate special visit surcharge (K99-) may be claimed.
2. Consultation, patient admitted:
 - (a) The benefit for the consultation (or repeat consultation) plus the appropriate special visit surcharge (K99-) followed by hospital visits (if rendered) may be claimed. However, if the consultant also is the "most responsible physician", he/she may not also claim a hospital in-patient consultation, repeat consultation, general or specific assessment, general or specific re-assessment since the initial consultation rendered in the emergency department serves as the admission assessment.
 - (b) If the consultant is not also the most responsible physician, the latter may claim the appropriate admission assessment.

Assessment:

1. Assessment, patient not admitted:
The benefit for the assessment (or re-assessment) plus the appropriate special visit surcharge (K99-) may be claimed.
2. General/specific assessment plus patient admission:
The benefit for the general or specific assessment plus the appropriate special visit surcharge (K99-) followed by hospital visits may be claimed. However, the admitting physician may not also claim a hospital in-patient general/specific assessment or reassessment since the initial general/specific assessment rendered in the emergency department serves as the admission.
3. Minor/intermediate assessment plus patient admission -
The benefit for the minor or intermediate assessment plus the appropriate special visit surcharge (K99-) may be claimed. In addition, the admitting physician may claim for a hospital in-patient general or specific reassessment if rendered.
4. No other premiums may be claimed.

PREAMBLE

Procedure:

Except for procedures for which the listed benefits specifically include the associated consultation or other assessment, claims may be made for both the procedure and the assessment. Note: If a physician has an office in the hospital and is called to assess a patient in the Emergency Department or O.P.D., the special visit premiums do not apply.

41. Emergency Department Equivalent:

An Emergency Department Equivalent is an office or other place (other than a hospital emergency department) in which a physician renders services as part of an emergency service being made available to the community.

"Emergency Department Equivalent" includes a place used by a physician to render services exclusively to the office practice patients of one or more physicians outside the office hours of those physicians if the place is open for patients to attend.

A place is an Emergency Department Equivalent only during the period of time that the emergency service is being made available.

A place may be an Emergency Department Equivalent notwithstanding that the physicians rendering services therein are not continuously present and only attend on call.

A physician may add a premium of 30% (E030) to the appropriate General Listings for services provided in an Emergency Department Equivalent if

- 1) the services were rendered on a Saturday, Sunday or Holiday ("Holiday" is defined in paragraph B.43(c) below);
- 2) the services were rendered on the day they were first requested; and,
- 3) the services were rendered for the purpose of dealing with an emergency.

42. Long-Term Institutional Care: See paragraph B. 14.

Premiums:

43. Special Visit Fees Applicable in Addition to Fees for Services Listed Under "Consultations and Visits", also "Diagnostic and Therapeutic Procedures - Critical Care and also - Injections or Infusions".

- (a) A special visit is one initiated by a patient or his/her representative where the physician is required to travel from one location to another to see the patient. Subject to paragraphs (b) to (r), the appropriate special visit fee applies when a physician makes a special visit to his office even if the office is in the physician's home, or to the patient's home or other location (hotel, motel, roadside, ski slope, etc.), or to the Emergency Department, O.P.D., hospital or long-term care institution from a location outside any premises of, or operated by or on behalf of, the hospital or institution.
- (b) A special visit may also involve an emergency call with sacrifice of office hours. The benefits for this type of special visit apply in a situation where the demands of the patient and/or the physician's interpretation of the patient's condition is such that the physician responds immediately and makes a special visit at the sacrifice of regular office hours.
- (c) A special visit at night or on a Saturday, Sunday or Holiday may be claimed when non-elective or emergent calls are made by the physician between 5:00 p.m. and 7:00 a.m. or are received and made on Saturdays, Sundays and Holidays. Holidays are defined for the purpose of this Schedule as New Year's Day, Good Friday, Easter Monday, Victoria Day, Canada Day, Civic Holiday, Labour Day, Thanksgiving, Remembrance Day, Christmas Day and Boxing Day. If any of these holidays fall on a Saturday or Sunday, the Friday before or Monday following will be recognized as the holiday.
- (d) Only one special visit (daytime; emergency call with sacrifice of office hours; or Nights, Saturdays, Sundays and Holidays) may be claimed for the same patient, same visit. Special visits only apply to non-elective or emergent calls and do not apply to non-referred or transferred obstetrics. Special visits do not apply to visits on regular rounds to registered bed patients nor do they apply to admission assessments of patients who have been admitted to hospital on an elective basis, regardless of the time performed.
- (e) An elective "home" visit is a visit to a patient's "home" deemed medically necessary by the physician, initiated by the physician or the patient and carried out at any time convenient to the physician. Physicians providing such services should charge in addition to the appropriate fee under the heading General Listings, the premiums under paragraph 43(j) only, even if the elective visits are rendered at Night, on Saturdays, Sundays and Holidays.

PREAMBLE

If an institution has arranged to have quarters in the same or in a proximal building in order that a physician will be available to make visits to the institution, particularly at night, these are not considered to be "special visits" to the institution.

If a physician is called to pronounce a patient dead, a minor assessment may be claimed along with the appropriate surcharge for the special visit.

- (f) When additional patients are assessed during special visits, the "additional patient" premiums are not normally applicable unless the additional patient himself qualifies for a special visit. However, extra patients seen during a home visit while the physician is there rendering a special visit to another patient also qualify for the "additional patient" premiums if an assessment is rendered. The maximum number of special visit premiums per special visit (to any location) is ten. Patients who drop in to the office while the physician is there for reasons other than rendering a special visit do not qualify for any of the special visit premiums. Extra in-patients seen during a special visit to a hospital or other institution do not qualify for the "additional patient" premiums unless the physician has been asked specifically to see these extra patients as well.

Note: Patients seen during "office hours" held at night or on Saturday, Sunday or Holidays do not qualify for any of the special visit premiums.

- (g) No special visit fee is chargeable in respect of services rendered in a place, other than a hospital or long term care facility, that is open for patients to attend.
 (h) When no consultation or visits may be claimed e.g. for post-op hospital visits by operating surgeon, the minimum premiums for special visits apply for additional patients seen during a special visit. Minimum premiums also apply to additional patients seen requiring Critical Care (excluding services to a critically ill patient where team fees apply), Injections or Infusions.

44. **Special Care Unit (e.g. I.C.U. or C.C.U.):**

For each patient seen on visit to I.C.U. or C.C.U. (excluding supportive care, critical, ventilatory, comprehensive and neonatal intensive care claimed on a per diem basis)

Note: Where visit is not chargeable, e.g. post operative care by surgeon, claim only C101 (excluding Supportive Care, Critical, Comprehensive, Ventilatory Care and Neonatal Intensive Care)

PREAMBLE

45. **Detention:** may be charged when a physician is required to spend considerable extra time in active treatment of the patient (and to the exclusion of all other work). Claims for detention must be substantiated by an explanation on the claim card or in an accompanying letter, and should be made on an "I.C." basis according to the following guidelines:

After 30 minutes if the physician spends more than this amount of time providing a minor, partial, multiple systems or intermediate assessment or subsequent hospital visit;
After 40 minutes if the physician spends more than this amount of time providing a specific or general re-assessment.

After 1 hour if the physician spends more than this amount of time providing a consultation, repeat consultation, specific or general assessment.

Detention is not meant to apply to procedural items or obstetrics and does not include time waiting for x-rays, lab reports or for the operating room.

K001 - Per full quarter hour \$18.70

46. **Detention: While in Attendance With Patient(s) in Ambulance:**

K101 - Per quarter hour or part thereof \$37.20

Note: K101 is not applicable to attendance in a vehicle other than an Ambulance.

All claims for detention are to be assessed by an OHIP Medical Consultant.

47. **Non Elective Surgical Procedures, Obstetrics or Clinical Procedures Associated with Diagnostic Radiological Examination or Detention While in Attendance With Patient(s) in Ambulance:** - when such procedures including fractures or dislocations or major invasive procedures contained in the list of Diagnostic and Therapeutic Procedures or elective procedures which because of intervening emergency procedure(s) commence after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays, increase the procedural fee(s) by 30% (E409). When the foregoing procedures commence after midnight and before 7:00 a.m. any night during the week, increase the procedural fee(s) by 50% (E410). These premiums are not chargeable in addition to the obstetrical fee(s) if labour is induced by medical and/or surgical means by the same physician unless the reason for the induction is fetal distress, diabetes, premature rupture of membrane, severe pre-eclampsia - hypertension or abruption. However a forewater A.R.M. or oxytocin augmentation of labour carried out on a patient in desultory labour does not constitute induction.

These premiums are not chargeable (during or after a "shift" or by a physician who provides service(s) as described in this Preamble, paragraph B.40) by emergency or other physicians who have elected or are required to be physically and continuously present in the Emergency Department or environs for an arranged designated period of time.

E409 or E410 may not be claimed for procedures which mainly involve the interpretation of test results and are not applicable to assessments or consultations. Neither are they applicable to procedures listed in the Diagnostic Radiology, Nuclear Medicine, Diagnostic Ultrasound or Pulmonary Function sections of the Schedule.

48. **Non Elective Diagnostic Radiology, Laboratory Medicine, Nuclear Medicine or Diagnostic Ultrasound Examinations:** - when a physician providing the foregoing services makes a special visit to see a patient in consultation, perform a procedure or conclude that a procedure is not medically indicated, between 5:00 p.m. to midnight or on Saturdays, Sundays and Holidays, a \$31.05 premium (C109) should be claimed in addition to the appropriate consultation fee or procedural fee or by itself if the decision is made not to perform the procedure. For such services rendered between midnight and 7:00 a.m., the premium is \$46.65 (C110).

PREAMBLE

49. **Anaesthetists' Services:** - for all cases commencing after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays, increase the total anaesthetic fee by 40% (E400C). For all cases commencing after midnight and before 7:00 a.m., any night during the week, increase the total anaesthetic fee by 50% (E401C). For cases requiring a special visit to the hospital, an additional premium of \$31.05 (C998C) during the 40% premium period or for non-elective surgery with sacrifice of office hours and \$46.65 (C999C) during the 50% premium period may be charged to the first patient treated on each special visit.
50. **Assistants' Services:** - for all cases commencing after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays, increase the total assistant's fee by 40% (E400B). For cases requiring a special visit to the hospital, an additional premium of \$31.05 (C998B) during the 40% premium period and \$46.65 (C999B) during the 50% premium period may be charged to the first patient treated on each special visit.
51. **Travelling Time:** may be charged directly to patients (since it is a non-insured service) when special visits are made by physicians to see patients outside their normal area of practice. Travelling time may be charged at the same rate as detention.
52. **A Locum Tenens**
- (a) Must replace the employing physician, who must be absent from the practice.
 - (b) Must replace the employing physician for a continuous period, minimum 1 week up to a maximum of 12 weeks, with an extension on request for a further 6 weeks.
 - (c) Must be the same specialty as the employing physician.
 - (d) Must be licensed by the College of Physicians and Surgeons of Ontario in a category of licence that allows him or her to practice independently without supervision.
- Prior notification must be given to OHIP of the name and OHIP physician number and/or licence number of the locum tenens and the exact dates of employment, together with an authorization from the locum tenens to make payment for his or her services to the employer.
- If these conditions are met, the locum tenens may sign the employing physician's claim cards.
- If any of the above conditions are not met, the physician involved must submit claims to OHIP on his or her own claim cards.

APPENDIX C

BENEFITS OUTSIDE ONTARIO

Under Code R991 payment will be made at the usual and customary fee paid by insurers in the place where the service was rendered, provided that all of the following conditions are met:

- 1) the insured service is a surgical or other complex medical procedure;
- 2) the procedure is generally accepted within Ontario as medical treatment for the insured person's condition;
- 3) the procedure is not performed in Ontario;
- 4) the insured person is referred by a physician in Ontario to the physician outside Ontario who will perform the procedure;
- 5) the insured person departs from Ontario for the express purpose of having the procedure performed;
- 6) prior written approval has been obtained from the Plan.

APPENDIX D

1. Surgery to alleviate significant physical symptoms that are refractory to medical treatment that has been actively undertaken for at least a six month period, or to restore or improve function to any area altered by disease, trauma or congenital deformity normally is a benefit under the Ontario Health Insurance Plan. Surgery solely to alter or restore appearance is not a benefit of OHIP except under the circumstances as listed in the following policy.
2. Emotional, psychological or psychiatric grounds are not considered sufficient reason for OHIP coverage of surgery for alteration of appearance except under exceptional circumstances.
3. On request of the attending physician, exceptions may be made on an independent consideration basis if the proposed surgery is to alter a significant defect in appearance caused by disease, trauma or congenital deformity, and if the surgery is
 - recommended by a Mental Health Facility (as designated by The Mental Hospitals Act) or equivalent, or
 - performed on a patient who is less than 18 years of age and the defect is in the area of the body which normally and usually would not be clothed, or
 - recommended by a Correctional Institution (tattoo removal only), or
 - essential in order to obtain employment as documented by the attending physician and either by a Canada Manpower Employment Centre or by an employer with regard to a specific job, (tattoo removal only).
4. In establishing this policy, it has been recognized that
 - peer acceptance in our society often is influenced disproportionately by the facies,
 - children are especially susceptible to emotional trauma caused by physical appearances.
5. Surgery to revise or remove features of physical appearance which are familial in nature is not a benefit of OHIP.
6. Within the context of this policy, the word "disease" does not include the normal sequelae of aging. Surgery to alter changes in appearances caused by aging is not a benefit of OHIP.
7. Within the context of this policy, the word "trauma" includes trauma due to treatment such as surgery, radiation, etc.
8. The phrase "reasonable period of convalescence" should be considered as two years. Independent consideration will be given to the questionable cases.
9. Authorization from OHIP is not required for all surgery to alter appearance. It is required only for those categories of procedures in which some cases may not be a benefit under OHIP policy.
10. Suitable documentation may be requested by OHIP in some cases before authorization can be considered.
11. The treatment of acute medical or surgical complications resulting from surgery for alteration of appearance and/or function is a benefit of the Plan whether or not the original surgery was covered by OHIP. No authorization is required.
12. Revision of surgery for alteration of appearance, because of undesirable results, is a benefit of the Plan if the original surgery was a benefit and if the revision either is part of a pre-planned staged process or occurs within a reasonable period of convalescence. OHIP authorization is required only when the original surgical procedure, if it had been carried out at the time of the proposed revision, would have required such authorization.

Surface Pathology

1. Trauma Scars
 - (a) Neck or Face
 - Includes ears and non-hair bearing areas of the scalp.
 - Repair of all such scars is a benefit of OHIP, except for scars resulting from previous surgery to alter appearance that was not originally a benefit of OHIP.
 - Repair procedures will depend upon the lesion but may include excision, revision, dermabrasion, etc. Rhytidectomy procedures for cosmetic reasons, however, are not a benefit of OHIP.
 - OHIP authorization for repair of such scars is not required but manual assessment of the claims will be necessary to ensure that the most appropriate procedure codes are used.
 - (b) Scars in other Anatomical Areas
 - Repair of scars which interfere with function or which are significantly symptomatic (pain, ulceration, etc.) is a benefit of OHIP.
 - Scars with no significant symptoms or functional interference
 - (i) Repair is a benefit if such a repair is part of a pre-planned post-traumatic (including post-surgical) staged process. OHIP notification must be included as part of the planning process.
 - (ii) Other post-traumatic scar revision is not a benefit of OHIP.
 - OHIP authorization is required for all scar repair procedures in areas other than the face or neck. Scar revision codes should be used (R026-R029).

APPENDIX D - Cont'd

2. Keloids

(a) Head or Neck

- The repair of all such keloids is a benefit of OHIP.
- Repair procedures may include excision, injection, dermabrasion or planing.
- No OHIP authorization is required.

(b) Excision of keloids in other areas

- Not a benefit of OHIP unless significantly symptomatic (pain, ulceration, etc.) or there is functional impairment.
- OHIP authorization is required.

3. Tattoos

(a) Face or Neck

- Excision or destruction of all such tattoos is a benefit of OHIP.
- Authorization is not required but adjudication of repair procedures will be identical to that for scars in these areas.

(b) Other Anatomical Areas

- Excision or destruction of concentration camp or P.O.W. tattoos is a benefit of OHIP. Otherwise, not a benefit of OHIP except as described in Para D-3 (Page xxi).

4. Benign lesions such as naevi, keratoses, spider naevi, papillomata, neurofibromata

(a) Face or Neck

- Excision or destruction of these lesions is a benefit of OHIP, where there is any suspicion of disease or malignancy.
- Authorization is not required.

(b) Other Anatomical Areas

- Normally not a benefit of OHIP if removed for alteration of appearance only, rather than for medical necessity or because of clinical suspicion or evidence of malignancy.
- Removal of very large lesions that would be considered disfiguring in patients of any age may be a benefit of OHIP.
- Authorization is required.

5. Hair Loss

(a) Head or Neck

- (i) Patients less than 18 years of age
 - Repair is a benefit for non-hereditary etiologies.
 - Authorization is not required. However, if it is possible that a planned staged procedure will extend beyond the age limit, pre-authorization should be obtained, since it will be necessary after the 18th birthday.
- (ii) Post-traumatic
 - Repair to the area of traumatic hair loss is a benefit of OHIP only if carried out within a reasonable period of convalescence. (See Para. 7, page xxiii).
 - OHIP authorization is required.
 - Usual repair procedures may include skin shifts of flaps, skin grafts, or hair plugs.

(iii) Other Etiology

- Not a benefit of OHIP.

(b) Other Anatomical Areas

- Not a benefit of OHIP.

6. Epilation of Hair

(a) Face

- This procedure is a benefit of OHIP only for those patients with documented endocrine abnormality or drug-induced hirsutism.

(b) OHIP authorization is required.

(c) Other Anatomical Areas - Not a benefit of OHIP.

7. Redundant Skin

(a) Excision of redundant skin for elimination of wrinkles, etc. is not a benefit of OHIP.

(b) Blepharoplasty is not a benefit of OHIP unless there is documented evidence of medical necessity from the appropriate physician such as visual field defect caused by the redundant eyelid skin. OHIP authorization is required. (Include documentation of visual fields).

APPENDIX D - Cont'd

Sub-surface Pathology

1. Congenital deformities

(a) Head or Neck

- Repair is a benefit of OHIP except for:
- surgery to revise or remove features which are familial in nature or do not interfere with function
- surgery to correct "outstanding ears" in patients who are eighteen years of age or over.
- OHIP authorization is required.

(b) Other Anatomical Areas

- Normally not a benefit of OHIP if surgery is for alteration of appearance only.

2. Post-Traumatic Deformities

- Reconstructive procedures are a benefit at the acute stage; within two years, or if part of a pre-planned staged process of repair.
- Repair of procedures may include bone revision, tissue shifts and grafts, prosthesis implantation, etc.
- OHIP authorization is required for repairs beyond the acute stage.

3. Deformities resulting from local disease (such as loss or distortion of bone, muscle, connective tissue, adipose tissue, etc.)

(a) Head or Neck

- Reconstructive procedures for significant abnormalities are a benefit at the acute stage, during a chronic disease process: within a reasonable period of convalescence (see Para. 7, Page xciii) or if part of a planned staged process of repair initiated during one of these periods.
- Repair procedures normally could include tissue grafts, flaps or shifts, bone revision, prosthesis insertion, etc.
- Face lifts, modified face lifts, brow lifts, etc., are not a benefit of the Plan if skin only is involved in the procedure. However, a repair such as ptosis repair or face lift with underlying slings is a benefit of OHIP if the procedure is to correct significant deformity following stroke, cancer, VIIth nerve palsy, etc.
- OHIP authorization is required.

(b) Other Anatomical Areas

- Not a benefit of OHIP if the correction is for appearance only.
- Correction of severe deformity resulting from polio or neurological disease will be considered for payment - OHIP authorization is required.

4. Breast Surgery

(a) Augmentation Mammoplasty

- This procedure is a benefit of OHIP unilaterally or bilaterally for a female patient with breast aplasia.
- It may be an OHIP benefit unilaterally for a female patient with a severely hypoplastic breast. Additional documentation may be required.
- Unilateral augmentation mammoplasty may be a benefit of the Plan if there is gross disproportion present or in association with an approved unilateral reduction mammoplasty or postmastectomy reconstruction of the contralateral breast.
- The correct code for the repair procedure is R112
- OHIP authorization is required.

(b) Post-Mastectomy Reconstruction

- Unilateral or bilateral breast reconstruction is a benefit of OHIP when the procedure is subsequent to total or partial mastectomy (including wedge resection) or prophylactic mastectomy as listed in the Schedule of Benefits.
- OHIP authorization is not required.

(c) Reduction Mammoplasty

- Reduction Mammoplasty may be approved where there is significant associated symptomatology. Ptosis and/or size are not sufficient grounds for OHIP coverage of reduction mammoplasty.
- Unilateral Reduction Mammoplasty may be a benefit of the Plan if there is gross disproportion present or in association with approved unilateral augmentation mammoplasty, or post mastectomy reconstruction of the contralateral breast. Additional documentation may be required.
- OHIP authorization is required.

APPENDIX D - Cont'd

- (d) Mastectomy
 - This procedure is a benefit of the Plan.
 - OHIP authorization is not required.
- (e) Accessory Breasts or accessory nipples
 - Excision of such accessory tissue is a benefit of the Plan.
 - The appropriate code should be used from the Schedule listings under Skin and Subcutaneous tissue.
 - OHIP authorization is not required
- 5. **Septorhinoplasty**
 - This is a benefit of OHIP when the rhinoplasty component is necessary to obtain an adequate airway or following trauma within 2 years or part of a pre-planned staged plastic repair. (See Para 7, Page xxi).
(See Para 7, Page xxi).
 - In cases where a septoplasty is necessary to improve function and a rhinoplasty is done to improve the cosmetic effect, OHIP will pay the part of the operation that was medically necessary (e.g. if a septorhinoplasty is performed and a septoplasty was necessary to improve the airway, OHIP will pay M012 and the surgeon is entitled to claim the difference from the patient).
 - OHIP authorization is required. A description of the external deformity should be provided.
- 6. **Excision of excess fatty tissue and/or skin** is not a benefit of the Plan except for panniculectomy where there is significant symptomatology.
 - OHIP authorization is required.
- 7. **Sex-Reassignment Surgery**
 - (1) Sex-reassignment surgical procedures are a benefit of OHIP only if they are performed on patients who have completed the Gender Identity Clinic program operated by the Clarke Institute of Psychiatry in Toronto. Moreover, claims are accepted for payment only for those patients for whom the Clinic has recommended that surgery take place. This surgery need not take place in Toronto or even in Ontario. Surgery recommended by the Clinic which takes place outside the Province of Ontario may be approved for payment at rates in accordance with the current OHIP Schedule of Benefits.
 - (2) Within the foregoing guidelines, reconstruction of genitalia and mastectomy are benefits of the Plan. However, since the hormonal treatments associated with sex-reassignment themselves give rise to breast enlargement, augmentation mammoplasty or breast reconstruction in a male to female conversion is not a benefit of OHIP, in keeping with the previously outlined policy regarding breast surgery in females.
OHIP authorization is required.

Team Management in a Rehabilitation Unit (active in-patient rehabilitation management from the initiation of rehabilitation care).

Active in-patient rehabilitation management from the initiation of rehabilitation care as it applies to fee codes H312, H317 and H319 means when this service is rendered by one physiatrist even if part of the service is rendered in an active treatment hospital and part is rendered in a rehabilitation unit, the weekly and monthly limitations under the following fee codes apply to the total rehabilitation care rendered. In other words, it is not possible to charge the maximum fees allowed under C312, C317 and C319 and then start billing de novo under H312, H317 and H319 under the above circumstances.

H312	up to twelve weeks	16.30
H317	from thirteenth to twenty-sixth week (maximum per week \$48.90).....per visit	16.30
H319	twenty-seventh week onwards (maximum per month \$97.80).... per visit	16.30
H313	Rehabilitation Procedures: Interviewing and counselling of patients and/or relatives per half hour or major part thereof (includes report)	40.50

Physiatric Management: applies to psychiatrists regulating the day to day management of patients when medical necessity requires prescription development, advice and supervision. It may be billed on the days when rehabilitation services are provided to patients seen previously by the physiatrist for consultation or assessment. The fee is not meant as an administrative fee for supervising a department of rehabilitation nor is it to be charged on the same day as claims are made for any other services which are provided by the physiatrist to the same patient(s). This fee applies only to those patients who require and receive frequent attention by the physician during the course of rehabilitation with regard to rehabilitative services of physical or occupational therapy, speech therapy and discharge planning

LABORATORY MEDICINE

Code ANATOMICAL PATHOLOGY, HISTOLOGY AND CYTOLOGY (Fees for Diagnostic Interpretation of Laboratory Procedures)

Preamble

1. The following fees involve responsibilities for accessioning specimens and interpreting the diagnostic descriptions.
2. On occasion the services provided by the laboratory physician may involve substantially greater professional responsibility and expertise than is provided for in these fees. In such cases, the physician may claim for these on an independent consideration basis provided that the nature of the services and their distinguishing features are adequately described.
3. The surgical pathology fees are organized according to services requiring increasing expertise and time and are defined as follows:
Simple specimen - includes gross and, where necessary, microscopic examination and interpretation of small tissues requiring less time, effort and professional responsibility than the next category. A simple specimen will ordinarily include tissue considered by the physician to be "normal" (e.g. uterine tubes, vas deferens, hernial sac, etc.).

Small or uncomplicated specimen - includes small tissues thought to be abnormal which carry more professional responsibility and effort than those described in the previous category, and in which the number of slides is small. As a rule, this category would apply to a single small specimen or to two specimens if two tissues are combined on a slide (e.g. skin biopsy, endometrial biopsy).

Multiple small specimens or curettings requiring multiple slides - includes specimens requiring several slides e.g. prostate curettings, uterine curettings, multiple endoscopic gastrointestinal tract biopsies from the same segment of the G.I. tract (multiple specimens or slides).

4. The physician assumes responsibility for all cytology smears and the listed professional benefits are weighted averages of the professional component. These benefits, therefore, are applicable in each case whether or not all slides are examined by the physician.
5. The benefit for seminal fluid examination (complete) is to include sperm count, volume estimation, motility and morphology and viscosity. The benefit for seminal fluid examination (L820) carried out post-vasectomy is not to be claimed by the operating surgeon unless the patient requires more than one office visit post-operatively.
6. This Preamble is intended to apply to everyone using codes L800 to L851.
7. The fees for diagnostic interpretation of laboratory procedures (L800 codes) are net fees and do not usually include overhead costs e.g., secretarial, handling and transport of specimen etc.,

NUCLEAR MEDICINE - IN VIVO

Column T - is the technical benefit for the production of records, radiopharmaceutical agents, apparatus, premises, technical services, administration and secretarial services.

Column P₁ - is the professional benefit for supervision of the procedure, appropriate patient interview and/or examination, correlation of related data, interpretation of results, and provision of a written report. The physician need not be continuously present in the nuclear medicine department or private facility while the procedures are being carried out but must be physically present frequently enough to carry out the appropriate patient interview and/or examination and approve, modify or intervene in the procedures as required.

Column P₂ - is the professional benefit for interpretation of results and provision of a written report. If the physician does not meet the criteria for P₁ or has claimed any visit in conjunction with that Nuclear Medicine procedure, the lesser professional fee (P₂) will be claimed.

- Notes:
1. The total benefit is arrived at by adding T plus P₁ (first code listed, e.g. J802 or by adding T plus P₂ (second code listed, e.g. J602).
 2. When coding the total benefit use suffix A; when coding technical portion only use suffix B; when coding professional portion only use suffix C.
 3. If quantification or data manipulation is carried out in addition to visual inspection of imaging studies, add 30% to the appropriate professional benefit except when SPECT is claimed. For claim purposes, use prefix "Y". Such activity must add significant diagnostic information not available by inspection alone and does not include simple image enhancement techniques such as smoothing, background subtraction, etc. Recording of images on videotape for replay and production of images on the video display of a computer do not in themselves justify the additional benefit.
The claims for cardiac wall motion studies and calculation of ventricular ejection fraction (J811 and J813) already include an allowance for data manipulation as a general rule and no additional benefit may be claimed. The additional computer benefit may be claimed only when additional cardiac quantifications are performed i.e. stroke volume ratio and volume response curves and/or phase analysis.
 4. If examination of Brain, Lung, Liver or Spleen is limited to one view, the benefit (T and P₁ or P₂) is to be reduced by 50%.
 5. Repeat studies on the same day may be claimed only after exercise or drug intervention.
 6. The phrase "nuclear medicine specialist" should be interpreted as "nuclear medicine physician" since not all physicians practising nuclear medicine are certified as specialists in this discipline by the Royal College of Physicians and Surgeons.
 7. When tomographic examination (SPECT) is billed, the 30% add on referred to in para. 3 may not be charged.

 (2) X305, X306, X323, X324, X334 - May only be performed on an inpatient and when done in hospital, this service is a hospital charge and cannot be claimed from OHIP (see OHIP Bulletin #4070). When done in an OCIRF Cancer Centre or OCL/PMH, may be claimed from OHIP by all physicians, including certified therapeutic radiologists.

 If claimed as inpatient service, follow directions in Note (2) above.
 If claimed as outpatient service, allow to all listed physicians.
 Payment for outpatient services must be made to the registered Department of Radiology, in the case of a hospital, even though there is no technical component listed.

RADIOISOTOPES (non-sealed sources)

The following benefits include treatment planning, dosage calculation and preparation of materials. Appropriate visit and procedural benefits (e.g. paracentesis) may be claimed in addition. Thyroid benefits (X326, X327, X335) include administration(s) within any three month period.

DIAGNOSTIC RADIOLOGY

- Column T** - The benefit for radiological examination including the production of radiographs, supplying of contrast media, apparatus, premises, technical services, administration and collection costs.
- Column P** - The benefit for consultation between radiologist and referring physician, fluoroscopy, interpretation of radiographs and fluoroscopic findings and supervision of x-ray services by a radiologist.

Hospital out-patient technical fees will be paid at 90.51% of the technical fee listed in this Schedule of Benefits.

Private offices and hospital out-patient departments will bill Column T plus P.

When coding the total benefit use suffix A; when coding the technical portion only use suffix B; when coding the professional portion only use suffix C.

Radiologists should use Column P as a guideline for negotiating remuneration with hospitals.

Benefits for clinical procedures related to x-ray examinations are listed in the following section, or under Diagnostic and Therapeutic or Surgical Procedures. "Clinical Procedures", in this context, are those by which contrast media are introduced, except oral or rectal administration for study of the alimentary tract, and intravenous injections, which are an integral part of the study, performed by the physician collecting the benefit for the procedure.

If less than minimum number of views are performed, reduce listed fees by 25%.

If the examinations which are requested by the referring physician yield abnormal findings or if they would yield information which in the opinion of the radiologist would be insufficient, governed by the needs of the patient and the requirements of the referring physician, the radiologist may add further views and charge for them (if listed).

Fee Schedule Interpretations

1. When a radiologist is asked to x-ray one extremity only, no additional charge should be made for comparison x-rays initiated by the radiologist.
2. Nephrotomography is covered by the listings for intravenous pyelogram and planigram.
3. A stereo pair is to be counted as two views.
4. No extra claim should be charged for rapid sequence I.V.P.
5. No additional claim is warranted for the use of the image intensifier in diagnostic radiology.
6. Fluoroscopy claims should not be submitted for any examination performed by the radiologist where fluoroscopy is generally regarded as an integral part of the examinations e.g. examinations of the G.I. tract, urinary tract, special procedures.
7. "Colon-air contrast" may be claimed when performed according to generally accepted criteria. The colon should be scrupulously prepared. Five to eight full size views of the abdomen should be obtained after fluoroscopically controlled introduction of air and barium.
8. "Oesophagus, stomach and duodenum, double contrast" presupposes the introduction of gas, the use of antifoam agent and a suitable barium mixture.
9. Abdomen and chest studies should not be routinely done and claimed in gastrointestinal examinations.
10. Three or more views of the chest should not be done routinely and claimed when a chest examination is requested.
11. Chest studies should not be routinely done and claimed in mammography cases.
12. Nasal bones or accessory nasal sinuses should not be routinely claimed in skull examination requests.
13. Abdomen and/or pelvis should not be routinely claimed in lumbar spine examination requests.
14. A survey film of the abdomen is a single view. The ordering of additional films should be left to the discretion of the radiologist who should have the power to determine what examination is adequate for a specific patient. Obviously, if progress of a long tube is being followed, a survey film is sufficient. If, however, an intestinal obstruction is being followed, a single film is usually inadequate.
15. Conventional films of the spine should not be routinely done and claimed for before myelography. The necessity of having plain film studies of the spine prior to interpreting the myelographic studies is obvious. It is not essential, however, that these be done at the institution where the myelogram was done. If they have been done at an outside office, then it is a matter for the radiologist and the referring physician to have the films available. If they cannot be made available to the radiologist, it is an acceptable practice for him to do the required examination of these areas and to claim for them so that they may be available for interpretation along with the myelographic study.

DIAGNOSTIC RADIOLOGY

16. Pharynx and oesophagus (cine or videotape) - X106 should not be claimed routinely with X108 and X109 but only when specifically indicated.
17. Lumbar or lumbosacral spine (X028) does not include the entire sacrum. An examination of the sacrum may be carried out and claimed for only when specifically indicated.
18. X006 and X007 are not both to be routinely claimed on the same patient but only when specifically ordered.
19. A maximum of two computed tomography examinations per patient per day may be claimed.
20. Complex head CT Scans are meant to be multi planer (multi directional) head CT Scans - to include one or more of the following areas: pituitary fossa, posterior fossa, internal auditory meati, orbits and related structures, the temporal bone and its contents and the temporomandibular joints. X400, X401 and X188 are not to be billed in addition to those fees for complex head studies.
21. All benefits listed apply to unilateral examinations unless otherwise specified.
22. Claims for X-ray services, when referred by an Osteopath, Chiropodist or Chiropractor to a private X-ray facility are not benefits of OHIP.
23. Claims for X-ray services, when referred by an Osteopath or Chiropractor to a hospital out-patient department are benefits.

**CLINICAL PROCEDURES, ASSOCIATED WITH
DIAGNOSTIC RADIOLOGICAL EXAMINATIONS**

- Note: 1. These procedural fees are intended to cover compensation for the professional service of placing an instrument and introducing contrast media if done (except oral or rectal administration for study of the alimentary tract). Injection of materials to enhance the effect of contrast media is included in the procedure benefits.
2. Radiological charges are additional: see similar entries under DIAGNOSTIC RADIOLOGY.
3. Where similar procedures are done for diagnostic physiological studies of non-radiological nature, e.g. cardiac catheterization or intra-arterial infusion, they are listed separately under Surgery or Diagnostic and Therapeutic Procedures. See Index.

DIAGNOSTIC ULTRASOUND

T and P Columns should be interpreted in the spirit of the first two paragraphs on page 43, but without limiting the performance of these tests to suitably trained physicians of any one specialty. Furthermore, the physician must be physically available to approve, modify or intervene in the examination as required or the examination must be completely recorded by video/computer methods and reviewed in its entirety by the physician. No fee (either professional or technical) may be charged if the physician's only involvement is the interpretation of hard copy (films).

Notes: A-Mode-implies a one-dimensional ultrasonic measurement procedure.

M-Mode-implies a one-dimensional ultrasonic measurement procedure with movement of the trace to record amplitude and velocity of moving echo-producing structures.

Scan B-Mode-implies a two-dimensional ultrasonic scanning procedure with a two-dimensional display. All ultrasound examinations include a permanent record and interpretative report.

The total benefit is arrived at by adding T plus P. When coding the total benefit use suffix A; when coding the technical portion only use suffix B; when coding the professional portion only use suffix C.

Column P - the benefit for professional services including responsibility for quality control and technician training, interpretation of the results of the tests, and consultation between the physician responsible for the tests and the referring physician concerning the results of the test.

DIAGNOSTIC AND THERAPEUTIC PROCEDURES

With a few exceptions specifically indicated below, the listed procedural benefits are for the procedure(s) alone. Consultations or visit benefits when such services are rendered, may be claimed in addition to the procedural benefits.

When a procedure(s) is the sole reason for a visit, add \$4.50 basic fee per visit for those procedures marked (+) regardless of the number of procedures carried out during that visit. However, if the patient visit is to a physician's office or a diagnostic facility controlled directly or indirectly by a physician who has examined (or is about to examine the patient) and referred the patient to such a diagnostic facility, no basic fee should be claimed under these circumstances.

G700 patient to such a diagnostic facility, no basic fee should be claimed under these circumstances.
Note: G700 is not payable to a hospital department.

Fee Schedule Interpretations

1. Urinalysis and other laboratory tests listed on page 66, apply when these services are performed by a physician in his office with or without an associated consultation or visit. The same tests listed in the Laboratory Medicine Section of the Schedule apply to licensed laboratories.
2. Some fees for Diagnostic and Therapeutic Procedures have the technical and professional components listed separately. The technical component includes the salaries of support staff, equipment depreciation or lease costs, supplies and costs associated with the preparation of a written report. The professional component includes the clinical supervision of the diagnostic facility, interpretation of the test results and a written report. When only one fee is listed for a service, it represents the professional component only.
3. The Preamble applicable to Surgical Procedures also applies, where appropriate, to Diagnostic and Therapeutic Procedures.

ALLERGY

Note: If a patient presents for an allergy injection and has an acute infectious condition, albeit of the respiratory system, or some other unrelated condition which would have otherwise required a separate office visit, the physician is entitled to charge the appropriate assessment fee as well as the injection fee. If a patient requires a brief assessment of his allergic condition as well as the allergy injection, the physician should bill the injection and basic fees.

If Ventilatory Support (b)only(e) is provided, for example, by the anaesthetist(s), claims should then be made under (b)Ventilatory Support(e). (b)Comprehensive Care(e) fees do not apply. Other physicians should then charge (b)Critical Care(e) fees (b)or(e) the appropriate consultation, visit or procedures.

The fees under Physician-in-Charge apply per patient treated, i.e., while the physician-in-charge may change during the course of treatment, the daily fee formula as set out should be charged by the physicians involved as if there was only one physician-in-charge during the treatment program; in this sense, the daily fees are team fees.

If patient has been discharged from Unit more than 48 hours and is re-admitted to Unit, 1st day rate applies again on day of re-admission.

The appropriate consultation, procedure and visit fees shall apply after stopping Critical Care, Ventilatory Support, Comprehensive Care or Neonatal Intensive Care.

Other physicians apart from those providing Critical Care or Comprehensive Care may charge the appropriate consultation, visit and procedure fees not listed in the fee schedule for Critical Care. These claims will be adjudicated by the Plan on an Independent Consideration basis.

OBSTETRICS

PREAMBLE:

1. Obstetrical care is divided into its components. A prenatal major assessment when performed may be claimed; it shall comprise a full history, an inquiry into, and an examination of all parts or systems (and may include a detailed examination of one or more parts or systems), an appropriate record and advice to the patient. All other prenatal visits shall comprise the necessary history and inquiry, examination, appropriate record, pregnancy related counselling and advice to the patient. Normal (uncomplicated) prenatal care includes a prenatal general assessment visit, then monthly visits to 32 weeks, followed by visits every 2nd week to 36 weeks, then weekly visits until delivery. However, complicated pregnancies may require additional visits. Labour - delivery and postpartum care are listed separately.
2. If an uncomplicated obstetrical patient is transferred from one physician to another physician for obstetrical care, the appropriate assessment benefit may be charged by the second physician, followed by prenatal visits. This statement does not apply to physicians substituting for each other or when the second physician sees the patient for the first time in labour. If the obstetrical patient is referred to a consultant for obstetrical care because of the complexity, obscurity or seriousness of the case, the consultant may claim a consultation in addition to the prenatal visits.
3. Illnesses resulting from or associated with pregnancy or false labour requiring added home or hospital visits, shall be claimed on a per visit basis.
4. When a pregnant patient visits her physician for a condition unrelated to her pregnancy and apart from her routine scheduled prenatal visits, the physician may charge the appropriate visit benefit.
5. The listings under the heading Referred Services may be claimed by the consultant physician in addition to the appropriate consultation or visit benefit. They may not be claimed by physicians providing obstetrical care to their own patients.
6. If a consultant is requested by another physician to perform a surgical induction of labour, or emergency removal of a Shirodkar suture (except at delivery) assuming someone else has inserted the suture, the consultant should claim consultation benefit for this (these) service(s).
7. Medical induction or stimulation of labour may be claimed once per pregnancy by any one physician and only when carried out for a recognized obstetrical complication(s) and does not qualify for detention benefits.
8. The listings for "Attendance at labour and attendance at delivery" and for "Attendance at delivery" may not be claimed by any physician when a patient is transferred to a second physician for normal obstetrical care.
9. Ordinary immediate care of the newborn is included in the labour-delivery fee and when the service is rendered by the anaesthetist, it is included in the anaesthetic benefit. A life threatening emergency situation requiring active resuscitation of the newborn provided by any physician may be claimed under codes G521, G522, G523. When indicated, endotracheal intubation and tracheo-bronchial toilet should be billed under G211 and not as G521, G522, G523.
10. When a physician provides newborn care and also performs a circumcision on the same newborn or infant, both services may be claimed.
11. When an obstetrician routinely transfers all newborns to another physician, the latter should not claim consultation benefit for these "transferrals". If the baby is well, the physician should charge the newborn care in hospital benefit plus for attendance at maternal delivery if this service is given. If the baby is sick, the physician may claim a general assessment and for attendance at maternal delivery (if this service is given) plus daily visits for as long as his services are required. If an obstetrician normally cares for newborns himself or transfers the care of newborns to a family physician but refers a newborn to a paediatrician because of the complexity, obscurity or seriousness of the case, the latter may claim for this service according to the following guidelines:
 - a) If attendance at maternal delivery is provided, code H267 may be claimed and if a general assessment of the baby is carried out, code C263 may be claimed as well. However, a postnatal consultation of the baby, code C265 may not be claimed in addition to code H267.
 - b) If a paediatrician has not attended delivery, a postnatal consultation may be claimed (if this service is rendered) even though a prenatal consultation may already have been claimed.

OBSTETRICS

PREAMBLE: Cont'd.

12. When a physician provides prenatal visits, attends labour, assists or administers the anaesthetic at Caesarean section and visits the patient post-operatively, he is entitled to claim for prenatal visits, attendance at labour, assistant's or anaesthetist's benefits for Caesarean section and post-operative supportive care while the patient is in hospital.

13. Physicians may claim for assisted breech delivery (P020) when the service includes spontaneous delivery to the umbilicus, with extraction of the shoulders, arms and aftercoming head.

14. The Preamble applicable to Surgical Procedures, pages 77 - 79 also applies to obstetrics where appropriate.

15. The premiums applicable to Obstetrics are as follows: When deliveries and other obstetrical procedures done in continuity with the delivery occur after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays, increase the procedural fee(s) by 30% (E409). When time of delivery occurs after midnight and before 7:00 a.m. any night during the week, increase the procedural fee(s) by 50% (E410). These premiums are not chargeable in addition to the obstetrical procedural fee(s) if labour is induced by medical and/or surgical means by the same physician unless the reason for the induction is multiple pregnancy fetal distress, diabetes, premature rupture of membrane, severe pre-eclampsia-hypertension or abruption. However a forewater A.R.M. or oxytocin augmentation of labour carried out on a patient in desultory labour does not constitute induction.

SURGICAL PROCEDURES

PREAMBLE

FOR DEFINITION OF THE ROLE OF THE REFERRING PHYSICIAN, SEE REFERRING PHYSICIAN SERVICES IN THE PREAMBLE ON PAGE xi.

FOR DEFINITION OF THE ROLES OF THE ANAESTHETIST, SEE ANAESTHETIST SERVICES IN THE PREAMBLE PAGES xcii, - xciii.

- (1) The surgical benefit (except for those procedures marked I.O.P., Complete Care and Fractures and Dislocations requiring no reduction) includes hospital visits rendered by the surgeon two days prior to surgery, the operative procedure, the post-operative care usually associated with the procedure(s) rendered by the surgeon while the patient is in hospital, and one office visit for follow up examination if necessary. If the surgeon is required to perform a procedure(s) not usually associated with the original surgical procedure, he may claim for these on a fee for service basis. If special visits to hospital are required at any time post-operatively, the surgeon may claim the minimum special visit premiums even if the basic hospital visit fees are not chargeable (under these circumstances the hospital visits should be claimed on an N/C (no charge) basis.) The surgical benefit as noted above does not include the major pre-operative visit i.e. the consultation or assessment fee chargeable when the decision to operate is made and the operation is scheduled, regardless of the time interval between the major pre-operative visit and surgery. The hospital or day-care admission assessment (consultation, repeat consultation, general or specific assessment or re-assessment) is not a benefit to the surgeon unless it happens to be the major pre-operative visit as defined above. Hospital visits (minor assessments) may be claimed for visits rendered more than two days prior to surgery. Other visits (excluding admission assessments) prior to admission may be claimed for in addition to the surgical fee. For patients remaining in hospital because of complications, hospital visit fees may be claimed in addition to the surgical or procedural fee after four weeks of post-operative care in the case of fractures and dislocations and after two weeks for other procedures. Because the number of hospital visits is limited to three per week after the fifth week of hospitalization and six per month after the thirteenth week of hospitalization, the starting point for calculating the number of hospital visits is based on the date of admission if the operating surgeon has admitted the patient or the date of referral if the patient has been referred to the operating surgeon while in hospital. The surgical benefit includes the generally accepted surgical components of the procedure. The listed benefit of a procedure normally includes repair of any iatrogenic complications occurring during the course of the surgery.
- (2) When a physician makes a special trip to perform a non-elective surgical procedure during the daytime (Monday to Friday), he should claim the appropriate special visit, a consultation if the case is referred or the appropriate assessment if the case is not referred plus the procedural benefit(s). If the non-elective procedure is carried out at night (after 5:00 p.m. and before 7:00 a.m.), or Saturdays, Sundays and Holidays, the physician may claim the special visit applicable to the consultation or assessment, and the surgical premium (E409 or E410 - see paragraph 47 of the Preamble).
- (3) When more than one procedure is carried out by a surgeon under the same anaesthesia or within 14 days during the same hospitalization for the same condition, the full benefit applies to the major procedure and 85% of the listed benefit(s) applies to the other procedure(s) performed unless otherwise stated in the Preamble(s) or Schedule. The above statement applies to staged or bilateral procedures but does not apply when a normal appendix or simple ovarian or para-ovarian cyst is removed incidentally during an operation, for which no claim should be made.
- (4) When a subsequent operation becomes necessary for the same condition because of a complication or for a new condition, the full benefit should apply for each procedure.
- (5) When a subsequent non-elective procedure is done for a new condition by the same surgeon, the full benefit will apply to each procedure. When a subsequent elective procedure is done for a different condition within 14 days during the same hospitalization by the same surgeon, the benefit for the lesser procedure shall be reduced by 15%.
- (6) When different operative procedures are done by two different surgeons under the same anaesthesia for different conditions, the benefit will be 100% of the listed benefit for each condition. Under these circumstances, the basic assistants' benefit should not be charged by either operating surgeon; however time units may be claimed.

SURGICAL PROCEDURES

PREAMBLE - Cont'd.

- (7) As a general rule, when elective bilateral procedures are performed by two surgeons at the same time, one surgeon should charge for the surgical procedures and the other surgeon should claim the assistant's benefit.
- (8) Where two surgeons are working together in surgery in which neither a team fee nor other method of billing is set out in the benefit schedule, the surgeon should identify himself as the operating surgeon and claim accordingly; the surgeon who is assisting him should identify himself as such and claim the assistant's benefit. Where the second or assistant surgeon is brought into the case on a consultation basis, he may, when indicated, claim a consultation as well but should be prepared to justify it on an I.C. basis. If the nature or complexity of a procedure requires more than one operating surgeon each providing a separate service in his own specialized field e.g. one surgeon carries out the ablative part and another surgeon the reconstructive part of the procedure, then each surgeon should claim the listed benefit for his services. This statement applies when the additional procedure(s) are not the usual components of the main procedure. If one surgeon in addition to performing a specialized portion of a procedure, acts as an assistant during the remainder of the procedure, he may also claim time units for assisting.
- (9) Unless otherwise stated, the listed benefits are for unilateral procedures only.
- (10) When a procedure is performed, a procedural benefit, if listed, should be claimed. Substitution of consultation and/or visit benefits for procedural benefits (except as in paragraph 11), is not in keeping with the intent of the benefit schedule.
- (11) When a surgical benefit (non I.O.P., Complete Care, Fracture or Dislocation) is less than the consultation benefit and the case is referred, the physician may claim the consultation benefit instead of the surgical benefit. However, to avoid the consultation being counted as such under the OHIP limitation rules on the number of consultations allowed per year, the physician should claim the consultation fee under the surgical procedure nomenclature or code. Since the consultation is replacing a procedural benefit which includes the pre- and post-operative and surgical care, no additional claims beyond the consultation should be made.
- (12) If a physician performs a minor surgical procedure and during the same visit assesses and treats the patient for another completely unrelated and significant problem involving another body system, the physician should claim for the procedure as well as the appropriate assessment.
- (13) Where a procedure is specified as "Independent Operative Procedure (I.O.P.)", the procedural benefit should be claimed in full along with the appropriate consultation or visit when both services are actually rendered. However, when an I.O.P. procedure is done in conjunction with a non-I.O.P. procedure, there should be no claim for the consultation, pre- and post-operative care related to the I.O.P. procedure. The listed I.O.P. benefit should be claimed in these circumstances along with the non-I.O.P. benefits plus the related major pre-operative visit (see paragraph (1) of Surgical Preamble). When multiple or bilateral I.O.P. procedures are performed at the same time by the same physician, the listed procedural benefits should be claimed in full but the pre- and post-operative benefits should be claimed as if only one procedure had been performed. When a patient is examined in a physician's office and this leads to an elective Independent Operative Procedure (I.O.P.) being performed for the same problem or diagnosis by the same physician in the Emergency or Outpatient Department on a non-admission basis, the physician should claim a consultation or visit for the examination in the office and the fee for the I.O.P. carried out in the Emergency Outpatient Department. An additional assessment benefit at the time of the elective I.O.P. should only be claimed when an additional assessment is performed.
- (14) When procedures are specifically listed under Surgical Procedures, surgeons should use these listings rather than applying one of the plastic surgery listed fees under Operations on Skin and Subcutaneous Tissue.
- (15) For excision of tumours not specifically listed in this Schedule, claims should be made on an I.C. basis (code R993). Independent consideration also will be given (under code R990) to claims for other unusual but generally accepted surgical procedures which are not listed specifically in the Schedule (excluding non-major variations of listed procedures). In submitting claims, physicians should relate the service rendered to comparable listed procedures in terms of scope and difficulty (see Preamble, Part B, paragraph 32).

SURGICAL PROCEDURES

PREAMBLE - Cont'd.

- (16) Cosmetic or Aesthetic Surgery: means a service to enhance appearance without being medically necessary such as
- (a) surgery for correction of facial wrinkles;
 - (b) surgery for eyelid wrinkles (symmetrical and without a functional problem);
 - (c) rhinoplasty for appearances only; and
 - (d) augmentation mammoplasty for symmetrical deficiency without physiological abnormality.
- These services are not benefits of OHIP. (See Preamble).
- (17) Reconstructive Surgery: is surgery to improve appearance and/or function to any area altered by disease, trauma or congenital deformity. Although surgery solely to restore appearance may be included in this definition under certain limited conditions, emotional, psychological or psychiatric grounds normally are not considered sufficient additional reason for OHIP coverage of such surgery. Appendix D of the Preamble to this Schedule describes the conditions under which surgery for alteration of appearance, only, may be a benefit of the Plan. Physicians should submit requests to their District OHIP office for authorization of any proposed surgery which may fall outside of OHIP coverage. (See Preamble, Appendix D).
- (18) Procedural benefits (non I.O.P.) include the removal of sutures when both services are rendered by the same physician unless the removal of sutures is done on the second or subsequent office visit for follow up examination. When a physician is entitled to claim for removal of sutures i.e. as outlined in the previous sentence or is a physician other than the operating surgeon or following an I.O.P. procedure, an office visit may be claimed.
- (19) Additional claims for biopsies performed when a surgeon is operating in the abdominal or thoracic cavity should be given independent consideration.
- (20) When a listed procedure is performed and no anaesthetic is required, the procedure should be claimed under the "local anaesthetic" listing.
- (21) When a physician administers an anaesthetic and/or other medication prior to, during a procedure(s) or immediately after a procedure(s) which he/she performs on the same patient, he/she should claim for the procedure(s) only. However, when a physician administers a pudendal, femoral, intercostal, sciatic, ilioinguinal, iliohypogastric, ulnar, median or radial block in addition to performing a procedure, he may claim \$13.70 (G224) in addition to the procedure.
- (22) If claims are being submitted in coded form, the surgeon should add the suffix A to the listed procedural code, the surgical assistant should add the suffix B to the listed procedural code and the anaesthetist should add the suffix C to the listed procedural code.

Plastic Surgery Procedures:

The setting of benefits covering the various procedures of plastic surgery is a very difficult problem. Since many procedures are divided into stages which have to be considered in assessing a fee, it is felt that all such plastic surgical procedures should be classed by the responsible specialist as very minor, major, intermediate, major, or extensive major. Benefits should be claimed according to procedures set forth in the tariff, except in cases which are difficult to define, in which case "I.C." should be the basis of the claim. The minimum benefit for each would be as follows:

R150	Very Minor		84.85	4
R151	Minor	3	129.00	4
R152	Intermediate	4	238.30	4
R153	Major	4	356.60	5
R154	Extensive Major	4	522.85	6

Notes: (1) Descriptive details of procedure (e.g.: operative report) should be submitted with claims for codes R150-R154 for professional assessment.

(2) Taking of skin by a surgeon for grafting by an Oral Surgeon claim as R150.

SURGICAL PROCEDURES

OPERATIONS ON THE MUSCULOSKELETAL SYSTEM

Preamble:

- (1) Corrective splints must be "corrective" to qualify for a benefit as such. The corrective splint listings are not applicable to simple immobilization such as with a Jones bandage or metal finger splint following soft tissue injury.
- (2) The removal of a wire or pin or other device when used for traction or external fixation (except for rigid external fixators) in the treatment of a fracture or other orthopaedic procedure is to be included in the procedural fee unless a general anaesthetic is required in which case a fee may be claimed. Removal of devices used for internal fixation more than 30 days after insertion may be charged for in addition to the procedural benefit.
- (3) The benefit for total hip replacement also includes denervation of the hip joint and adductor tenotomy.
- (4) The benefit for obtaining a bone graft is not to be claimed in cases of pseudarthrosis repair, fusions or for listings in which bone grafting is included.
- (5) For the supervision of limb fitting and 6 months post-operative care following amputation, claim visit fees. Amputation with immediate fitting to include supervision of final limb fitting - add 40% (E586).

Fractures and Dislocations:

- (a) For fractures or dislocations requiring open or closed reduction or no reduction, the major pre-operative visit i.e. consultation or appropriate assessment may be claimed in addition to the listed benefits.
- (b) OPEN REDUCTION shall mean the treatment of a fracture and/or dislocation by either closed intramedullary fixation or by an operative procedure to expose the fracture. The benefits include fixation by internal or external devices.
- (c) CLOSED REDUCTION shall mean the reduction of a fracture or dislocation by non-operative methods (including traction).
- (d) NO REDUCTION shall mean the treatment of a fracture or dislocation by any other method and includes the use of the initial external support.
- (e) The stated benefit covers full or after treatment up to 4 weeks except if additional reductions are necessary or if patient is transferred to another surgeon or if the patient is paraplegic.
- (f) In multiple fractures or dislocations, the benefit for the major fracture or dislocation shall be 100% and the benefit for the other fractures or dislocations 85%. When no procedural benefit is applicable, but when that fracture or dislocation necessitates hospitalization or concurrent care over that demanded by the major injury, a visit benefit may be claimed in addition to other procedural benefits.
- (g) For repeat reductions (closed or open) for the same fracture or dislocation, the full benefit should be claimed for the final reduction and after care - previous reductions by the same surgeon should be claimed at 85%.
- (h) Emergency splinting of fractures in the emergency department should be on the basis of appropriate visit benefit, plus application of cast if appropriate.
- (i) Transferred cases -
 - (1) When patients are transferred to a chronic or convalescent facility, additional visit benefits on a chronic care basis shall be allowed to other than the operating surgeon (and also to the surgeon after 4 weeks).
 - (2) When patients are transferred to another physician for after care of fractures and dislocations treated by closed or no reduction, the physician rendering the initial care should claim 75% of the listed fee and the surgeon rendering subsequent care visit fees except where otherwise specified. In cases involving open reduction, the percentage should be 80% for the surgeon providing the initial care.
 - (3) In cases where the original physician attempts to reduce a fracture or dislocation under general anaesthesia, is unsuccessful and refers the patient to another physician for definitive care, the original physician should claim 75% of the listed fee.
- (j) Paraplegia associated with fractures and dislocations may be claimed by charging visit fees after the first 2 weeks of post-operative care in addition to the appropriate procedural fees.
- (k) Pseudarthrosis may be allowed as the appropriate benefit after the fracture is 4 months old.
- (l) For fractures and dislocations not requiring reduction, visit fees apply unless a specific fee is listed. If the listed fee is less than the consultation, the consultation should be claimed under the fracture/dislocation code number.

DESIGNATION OF PERILS

4. The following are designated as perils for the purposes of this plan:

DESIGNATION OF CROP YEAR

5. The crop year for sunflowers is the period from the 1st day of March in any year to the last day of February next following.

CONTRACT OF INSURANCE

6.—(1) For the purposes of this plan, the entire contract of insurance for sunflowers is comprised of,

- (a) the contract of insurance in the form prescribed by Regulation 231 of Revised Regulations of Ontario, 1980;
- (b) the application for insurance;
- (c) an endorsement for sunflowers in Form 1;
- (d) the final acreage report for each crop year; and
- (e) any amendment to a document referred to in clause (b) or (d) agreed upon in writing.

(2) In the event of a conflict between the provisions referred to in clauses (1) (a) and (c), the provisions referred to in clause (1) (c) prevail.

7.—(1) An application for insurance shall,

- (a) be in a form provided by the Commission;
- (b) be accompanied by a minimum premium deposit of \$1 per acre; and
- (c) be filed with the Commission not later than the 1st day of May in the crop year in respect of which it is made.

(2) Premium deposits prescribed by clause (1) (b) are not refundable unless no acreage is planted to the crop.

DURATION OF CONTRACT

8.—(1) A contract of insurance is in force for the crop year in respect of which it is made and continues in force for each crop year thereafter until cancelled by the insured person or the Commission in the manner prescribed by subsection (2) or terminated in accordance with the regulations.

(2) A contract of insurance may be cancelled by the insured person or the Commission by notice in writing

to the other party on or before the 1st day of May in the crop year during which the cancellation is to be effective.

COVERAGE

9.—(1) Subject to subsections (4) and (5), the initial coverage provided under a contract of insurance shall be 75 per cent of the average farm yield in pounds of the total acreage seeded to sunflowers by the insured person.

(2) Subject to subsections (4) and (5), the coverage provided under a contract of insurance following a year in which there was no claim shall be,

- (a) where the previous year's coverage was 70 per cent, 73 per cent;
- (b) where the previous year's coverage was 73 per cent, 75 per cent;
- (c) where the previous year's coverage was 75 per cent, 78 per cent;
- (d) where the previous year's coverage was 78 per cent, 80 per cent; and
- (e) where the previous year's coverage was 80 per cent, 80 per cent,

of the average farm yield in pounds of the total acreage seeded to sunflowers by the insured person.

(3) Subject to subsections (4) and (5), the coverage provided under a contract of insurance following a year in which there was a claim shall be,

- (a) where the previous year's coverage was 80 per cent, 78 per cent;
- (b) where the previous year's coverage was 78 per cent, 75 per cent;
- (c) where the previous year's coverage was 75 per cent, 73 per cent;
- (d) where the previous year's coverage was 73 per cent, 70 per cent; and
- (e) where the previous year's coverage was 70 per cent, 70 per cent,

of the average farm yield in pounds of the total acreage seeded to sunflowers by the insured person.

(4) Where, in any year, a claim is paid in an amount that is less than one-half of the total premium for that year, the coverage for the following year shall remain unchanged.

(5) Despite clause (3) (a), the coverage provided under a contract of insurance following a year in which there was a claim shall be 80 per cent where,

(a) the insured person has had coverage and an actual farm yield for at least five years; and

(b) the previous year's coverage was 80 per cent.

(6) The number of pounds determined under this section, constitutes the total guaranteed production under a contract of insurance.

10. For the purposes of this plan the established price for sunflowers is 13 cents per pound.

11. The maximum indemnity payable for a loss in production of sunflowers in a crop year is the amount obtained by multiplying the total guaranteed production determined under section 9 by the established price.

PREMIUM

12.—(1) The total premium for sunflowers is \$18 per acre.

(2) The premium prescribed by subsection (1) includes payments in respect of premiums made by the Government of Canada under the *Crop Insurance Act* (Canada).

13.—(1) Where a contract of insurance is in force, a premium shall be paid in respect of each crop year in which the insured person plants acreage to sunflowers.

(2) Where a premium is payable in respect of a crop year, the insured person shall pay the premium, less the premium deposit prescribed by subsection (3), to the Commission at the time the final acreage report prescribed by section 14 is filed.

(3) Where a renewal premium is payable in respect of a crop year, the insured person shall, not later than the 1st day of May in the crop year, pay a premium deposit in accordance with clause 7 (1) (b).

FINAL ACREAGE REPORT

14.—(1) Every insured person shall file with the Commission in each crop year a final acreage report in a form provided by the Commission within ten days after the planting of acreage to sunflowers is completed.

(2) A final acreage report filed with the Commission shall not be amended without the written consent of the Commission.

15.—(1) When the final acreage report is inaccurate, the Commission may correct it and adjust the premium accordingly and, in such case, shall notify the insured person in writing forthwith of the correction and the reason therefor.

(2) The insured person shall be deemed to have agreed with the correction of the final acreage report and adjustment of premium made under subsection (1) unless, within ten days after the mailing or delivery of

the notification by the Commission, that person notifies the Commission, in writing, that the correction is not acceptable.

(3) Upon notice that a correction is not acceptable being given, the contract of insurance ceases to apply for the crop year in respect of which the final acreage report was filed.

(4) A final acreage report revised under this section shall, failing notice under subsection (2), constitute the final acreage report for the crop year.

16.—(1) Where an insured person in any crop year fails to file a final acreage report in the form and manner prescribed by this Regulation, the Commission may,

(a) prepare the final acreage report; or

(b) declare the insured acreage to be nil.

(2) Where the Commission prepares a final acreage report under subsection (1), the Commission shall mail or deliver a copy of the report to the insured person.

(3) Every insured person shall pay the premium for the crop year in respect of which a final acreage report is prepared by the Commission within ten days after the mailing or delivery to that person of a copy of the report.

FINAL DATE FOR PLANTING

17. For the purposes of this plan, in any particular crop year, the final date for planting sunflowers is the 1st day of July or such other date as is reasonably warranted in the circumstances.

18. All acreage planted to sunflowers shall be insured under one contract. O. Reg. 478/87, Sched.

Form 1

Crop Insurance Act (Ontario)

SUNFLOWER ENDORSEMENT

WHEREAS the insured person has applied for crop insurance under the Ontario Crop Insurance Plan for Sunflowers, hereinafter referred to as "the plan" and has paid the premium deposit prescribed thereunder;

NOW THEREFORE, subject to the *Crop Insurance Act (Ontario)* and the regulations made thereunder, the contract of insurance between The Crop Insurance Commission of Ontario and the insured person is hereby extended to cover sunflowers.

HARVESTING OF PLANTED ACREAGE

1.—(1) All acreage planted to sunflowers in a crop year shall be harvested unless the Commission, upon application therefor in writing, consents in writing to,

- (a) the use of the planted acreage or any part thereof for another purpose; or
- (b) the abandonment or destruction of the insured crop or any part thereof.

(2) Where the harvesting of any planted acreage is not completed and the failure to harvest was not caused by an insured peril, the contract of insurance shall cease to apply to such unharvested acreage and no indemnity shall be payable therefor.

EVALUATION OF LOSS

2.—(1) Where,

- (a) all the acres intended to be planted to the crops listed in the Table to this Regulation are offered for insurance;
- (b) the insured person so elects on the application for insurance and pays the premium deposit of \$1 for each acre intended to be planted to such crops; and

(c) the planting,

- (i) in the case of systematically tile drained land, of three acres or more, or

- (ii) in the case of land that is not systematically tile drained, of six acres or more,

is prevented by one or more of the designated perils,

an indemnity shall be paid,

- (d) in the case of systematically tile drained land, for each acre; or
- (e) in the case of land that is not systematically tile drained, for each acre in excess of three,

that remains unplanted.

(2) The amount of the indemnity shall be equal to one-third of the guaranteed production per acre of the crop highest in priority on the list in the Table of those intended to be planted and insured by the insured person multiplied by the established price applicable to that crop.

(3) Where the insured person plants a crop in respect of which crop production insurance was applied for, the premium deposit for the acreage so planted shall be applied against the regular premium.

(4) Where the insured person plants a crop which is not listed in the Table, the premium deposit in respect of such acreage shall be refunded.

(5) Where the insured person is unable to plant acreage designated on the application as intended to be planted to a crop listed in the Table, the premium deposit in respect of such acreage shall be retained by the Commission as payment for the coverage provided.

(6) This paragraph does not apply to and no indemnity is payable in respect of land,

- (a) that is orchard land, pasture, woodland, seeded to a perennial crop, fall sown or intended for summer fallow;

- (b) that is untilled and was not cropped in the previous year; or

- (c) that, in the opinion of the Commission, is not insurable.

(7) Where the planting is prevented by excessive rainfall, no indemnity is payable unless the insured person establishes that,

- (a) an abnormal amount of rain occurred;

- (b) the rainfall resulted in a reduced number of work days; and

- (c) a significant number of other insured persons were similarly affected,

during the planting season in the area where the insured acreage is situated.

3.—(1) Where loss or damage to three acres or more of the insured crop resulting from an insured peril occurs before the 1st day of July in the crop year, the Commission, upon application therefor in writing by the insured person, may consent in writing to the replanting of the damaged acreage.

(2) Where the damaged acreage is replanted to the insured crop in accordance with subparagraph (1), the Commission shall pay an indemnity of \$35 for each acre replanted and the contract of insurance continues to apply to such acreage.

(3) The total number of acres in respect of which a replanting benefit is paid in a crop year shall not in any case exceed the total number of insured acres.

4.—(1) Where loss or damage occurs prior to harvest, the Commission, upon application therefor in writing by the insured person, may consent in writing to the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and in such case shall determine the number of damaged acres and the potential production thereof.

(2) Where damaged acreage is used for any other purpose or the insured crop thereon is abandoned or destroyed in accordance with subparagraph (1), the amount of loss that shall be taken into account in the

final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the difference between the guaranteed production for the damaged acreage and the potential production for the damaged acreage determined under subparagraph (1) by the established price per pound.

(3) Where damaged acreage is not used for any other purpose or the crop thereon is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph (2) shall not be taken into account in the final adjustment of loss.

(4) Where the actual production of the harvested acreage is less than the guaranteed production for such acreage, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total seeded acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per pound.

(5) Where the crop contains damaged or foreign material, the actual production thereof shall be deemed to be reduced by an amount reasonable in the circumstances.

FINAL ADJUSTMENT OF LOSS FOR
TOTAL PLANTED ACREAGE

5. The indemnity payable with respect to the total planted acreage in the final adjustment of loss is the sum of the losses calculated under paragraphs 2, 3 and 4 applicable to the acreage but where,

- (a) the actual production of any harvested acreage; or
- (b) the potential production of any unharvested acreage,

exceeds the guaranteed production of the acreage, the indemnity otherwise payable in respect of loss calculations made under paragraph 4 shall be reduced by the amount obtained by multiplying such excess by the established price per pound.

INCORRECT ACREAGE IN FINAL ACREAGE
REPORT

6.—(1) Where the actual planted acreage of sunflowers in a crop year is less than the planted acreage declared on the final acreage report, the guaranteed production shall be decreased proportionately in calculating whether there has been a loss and the actual production shall be used in calculating the average production for purposes of determining coverage for the following crop year and there shall be no refund of premium.

(2) Where the actual planted acreage of sunflowers in a crop year exceeds the planted acreage declared on the final acreage report, the actual production shall be used in calculating whether there has been a loss and,

- (a) where the calculation indicates a loss, such actual production shall be used; or
- (b) where the calculation does not indicate a loss, such actual production shall be reduced proportionately,

in calculating the average production for purposes of determining coverage for the following crop year.

IN WITNESS WHEREOF, The Crop Insurance Commission of Ontario has caused this endorsement to be signed by its general manager but the same shall not be binding upon the Commission until countersigned by a duly authorized representative thereof.

(3) The Regional Municipality of Haldimand-Norfolk shall raise the annual sum required for regional purposes in accordance with subsections 79 (2) to (8) of the *Regional Municipality of Haldimand-Norfolk Act*.

(4) For the purposes of determining grant eligibility within the Regional Area, the Ministry of Municipal Affairs shall determine in respect of each area municipality,

(a) the dollar amount obtained by multiplying the residential and farm assessment contained on the last returned assessment roll by the uniform residential and farm rate of 44.159 prescribed for regional purposes in 1986, and dividing the result by 1000;

(b) the dollar amount obtained by multiplying the residential and farm assessment, prior to the assessment update, as set out in Column 2 of Schedule 4 by the actual rate levied on residential and farm assessment for regional purposes in 1986 and dividing the result by 1000; and

(c) the dollar change obtained by subtracting the dollar amount obtained in clause (a) from that determined under clause (b).

(5) If the dollar change obtained under clause (4) (c) is greater than zero, that amount correct to the nearest dollar represents the apportionment guarantee grant entitlement for that area municipality.

(6) The Ministry of Municipal Affairs shall notify the treasurer of the area municipality of the amount of the apportionment guarantee grant determined under subsection (5) and the Minister shall pay to the area municipality such amount.

(7) The amount payable under subsection (6) in respect of the annual sum required for regional purposes shall be deducted by the area municipality from the 1987 taxes otherwise payable by the residential and farm ratepayers. O. Reg. 501/87, s. 11.

12. This Part does not apply to The Regional Municipality of Peel, The Regional Municipality of Sudbury, The Municipality of Metropolitan Toronto or The District Municipality of Muskoka. O. Reg. 501/87, s. 12.

(3) The Ministry of Municipal Affairs shall notify the treasurer of each supporting municipality of the amount of the apportionment guarantee grant determined under subsection (2), and the Minister shall pay such amount, if any, to each supporting municipality within a county which apportions the annual sum required for county purposes on the basis of the apportionment prescribed in this Regulation.

(4) Where the Minister has paid an apportionment guarantee grant to a supporting municipality and the county subsequently fails to apportion the annual sum required for county purposes on the basis of the apportionment prescribed in this Regulation, the grant paid under subsection (3) to the supporting municipality shall be repayable to the Minister.

(5) The amount payable under subsection (3) shall be deducted by the supporting municipality from the county levy and the special levy as determined by the

council of the supporting municipality and the net amount so determined shall be the amount to be raised by the municipality in 1987. O. Reg. 501/87, s. 18.

19. Unless an amending by-law is passed under subsection 365 (9) of the *Municipal Act*, a by-law passed by the council of a county under subsection 365 (6) of that Act shall apportion the annual sum required for county purposes on the basis of the percentage determined for each supporting municipality under section 16, and the amount that each supporting municipality is required to provide shall be the amount so determined. O. Reg. 501/87, s. 19.

20. Where the council of the county finds a determination made under section 15, 16 or 17 to be incorrect, the council on or before the 31st day of December, 1987 shall amend the percentage shares of apportionment as set out in the by-law passed under subsection 365 (6) of the *Municipal Act* and shall notify the Ministry of Municipal Affairs of such amendment. O. Reg. 501/87, s. 20.

21. Where a by-law of a county passed under subsection 365 (6) of the *Municipal Act* is amended by a by-law passed under subsection 365 (9) of that Act, the amending by-law shall specify the amount to be provided by each supporting municipality within the county in 1987. O. Reg. 501/87, s. 21.

22.—(1) Where the Ontario Municipal Board, upon an appeal under subsection 365 (11) of the *Municipal Act*, determines that the equalization factor, the residential and farm assessment, commercial assessment, or the equivalent assessment, as determined under this Part, of one or more supporting municipalities within a county should be altered, or an adjustment of percentage shares is made by the Ontario Municipal Board under subsection 365 (18) of that Act or the clerk of a county receives written notification from the clerk of a supporting municipality indicating a revision to the statement supplied in accordance with section 14, the treasurer of the county shall determine what the responsibility of each supporting municipality would have been in accordance with sections 15 to 17 and section 19 and the council of the county shall, by amending the by-law passed under subsection 365 (6) of the *Municipal Act*, adjust accordingly the amounts to be provided by each supporting municipality.

(2) Where as a result of an appeal to the Ontario Municipal Board the treasurer of the county alters for the year 1987 the percentage share of responsibility for a supporting municipality as described in subsection (1) or the council of the county amends its apportionment by-law in accordance with section 20, the Ministry of Municipal Affairs shall redetermine the grant eligibility of each supporting municipality within the county in accordance with subsections 18 (1) and (2), and the Minister shall adjust the amount payable to each supporting municipality under subsection 18 (3) accordingly. O. Reg. 501/87, s. 22.

23.—(1) Sections 14 to 22 do not apply to the

County of Brant and the supporting municipalities within the County.

(2) The County of Brant shall raise the annual sum required for county purposes in accordance with subsections 368e (2) to (8) of the *Municipal Act*.

(3) For the purpose of determining grant eligibility within the County of Brant, the Ministry of Municipal Affairs shall determine in respect to each supporting municipality,

(a) the dollar amount obtained by multiplying the residential and farm assessment contained on the last returned assessment roll by the uniform residential and farm rate of 16.943 prescribed for county purposes in 1986 and dividing the result by 1,000;

(b) the dollar amount obtained by multiplying the residential and farm assessment, prior to the assessment update, as set out in Column 2 of Schedule 4 by the actual rate levied on residential and farm assessment for county purposes in 1986 and dividing the result by 1000;

(c) the dollar change obtained by subtracting the dollar amount obtained in clause (a) from that determined under clause (b).

(4) If the dollar change obtained under clause (3) (c) is greater than zero, that amount correct to the nearest dollar represents the apportionment guarantee grant entitlement for that supporting municipality.

(5) The Ministry of Municipal Affairs shall notify the treasurer of the supporting municipality of the amount of the apportionment guarantee grant, determined under subsection (4), and the Minister shall pay to the supporting municipality such amount.

(6) The amount payable under subsection (5) in respect of the annual sum refunded for county purposes shall be deducted by the supporting municipality from the 1987 taxes otherwise payable by the residential and farm ratepayers. O. Reg. 501/87, s. 23.

PART III

24.—(1) In this Part,

"apportionment" means an apportionment made by a conservation authority among the municipalities within the conservation authority area of an amount required for the purposes of the conservation authority under the *Conservation Authorities Act*;

"discounted equalized assessment of a conservation authority" means the total of the discounted equalized assessments of all municipalities within a conservation authority area;

"municipality" means a regional municipality, supporting municipality, city or separated town;

"municipality within a conservation authority area" means a municipality that is located wholly or partly within a conservation authority area and against which an apportionment is to be made in 1987 by the conservation authority.

(2) Where only part of a municipality against which an apportionment is made by a conservation authority in 1987 is located within the conservation authority area, the discounted equalized assessment for that part of the municipality shall be deemed to be the discounted equalized assessment for the whole municipality for the purposes of this Part.

(3) For the purpose of this Part, the discounted equalized assessment of a regional municipality is the sum of the discounted equalized assessments of the municipalities within the regional municipality. O. Reg. 501/87, s. 24.

25. In 1987, the Ministry of Natural Resources shall determine in respect of each conservation authority,

(a) the discounted equalized assessment of each municipality within the conservation authority area; and

(b) the discounted equalized assessment of each conservation authority. O. Reg. 501/87, s. 25.

26. The Ministry of Natural Resources shall, in respect of each conservation authority, determine the 1987 percentage share of apportionment, correct to four decimal places, for each municipality within the conservation authority area by dividing the discounted equalized assessment of each municipality, as determined under clause 25 (a), by the discounted equalized assessment of the conservation authority, as determined under clause 25 (b), and multiplying the result by 100. O. Reg. 501/87, s. 26.

27. The discounted equalized assessment determined under section 25 and the respective 1987 percentage share of apportionment determined for each municipality under section 26 shall be substituted for the equalized assessment in the notice of the equalized assessment that is provided to the conservation authority by the Ministry of Natural Resources under the Act establishing a conservation authority. O. Reg. 501/87, s. 27.

28.—(1) For 1987, the apportionment of the conservation authority levies among the municipalities within a conservation authority area shall be made on the basis of the percentages determined for each municipality under section 26.

(2) The Ministry of Natural Resources shall submit to each conservation authority to which subsection (1) applies a statement showing the information men-

tioned in clauses 25 (a) and (b) and the calculations which produced that information.

(3) A conservation authority shall, upon receipt of the statement referred to in subsection (2), forthwith forward a copy of the statement to the clerk of each municipality within the conservation authority area. O. Reg. 501/87, s. 28.

29. Each conservation authority shall forward to the Ministry of Natural Resources a statement showing the total amount apportioned for 1987 among the municipalities within the conservation authority area under the Act establishing the conservation authority, as modified by subsection 28 (1). O. Reg. 501/87, s. 29.

30.—(1) Where the equalization factor, the residential and farm assessment or the commercial assessment of one or more municipalities within a conservation authority area is altered by the Ontario Municipal Board upon an appeal under the Act establishing the conservation authority, notice of the altered equalization factor, residential and farm assessment, or commercial assessment, as the case may be, shall be given forthwith by the clerk of the municipality to the Ministry of Natural Resources.

(2) Upon being satisfied that all appeals of the equalization factor, the residential and farm assessment or the commercial assessment of all municipalities within a conservation authority area have been determined and that all notices under subsection (1) have been received, the Ministry of Natural Resources shall, using the altered equalization factor, residential and farm assessment, or commercial assessment, as the case may be,

(a) make the determinations required under sections 25 and 26; and

(b) revise the notice and information to be supplied under sections 27 and 28.

(3) When a conservation authority receives a notice revised by the Ministry of Natural Resources under clause (2) (b), the conservation authority shall amend the apportionment of the total sum required for conservation authority purposes among the municipalities within the conservation authority area on the basis of the adjusted discounted equalized assessments. O. Reg. 501/87, s. 30.

PART IV

GENERAL

31.—(1) Where any Act requires the Ministry of Revenue or the Ministry of Municipal Affairs to equalize assessment rolls or parts of an assessment roll that relate to two or more defined areas within a supporting municipality, the Ministry of Municipal Affairs shall, in equalizing each assessment roll or each

part of the assessment roll, as the case may be, for purposes of municipal taxation in 1987, use the same equalization factor as was used to equalize such assessment roll or such part of the assessment roll for purposes of municipal taxation in 1979.

(2) Subsection (1) does not apply to a supporting municipality where there has been a different assessment generally of real property within that supporting municipality under section 63 of the *Assessment Act*. O. Reg. 501/87, s. 31.

32.—(1) Where the Ministry of Municipal Affairs, Ministry of Revenue or Ministry of Natural Resources, as the case may be, determines in respect of a regional municipality, county or conservation authority that any calculation made under this Regulation was made incorrectly or was based on incorrect information, the Ministry of Municipal Affairs may correct the calculation and may determine the amount that would have been payable to the supporting municipalities within the regional municipality, county, or conservation authority area by the Ministry of Municipal Affairs under this Regulation if the calculation had been correct and the grant amounts payable under Part I or II may be adjusted accordingly.

(2) Where a determination is made under subsection (1) in respect of an apportionment and levy of a regional municipality, county or conservation authority, that apportionment and levy shall be adjusted in accordance with the corrected calculations and any overpayment or underpayment by a supporting municipality shall be corrected in the same manner as it is corrected following an appeal of a county apportionment by-law or of a discounted equalized assessment being used for apportionment purposes, whichever is applicable. O. Reg. 501/87, s. 32.

33. Where, under this Regulation, an adjustment is made by the Ministry of Municipal Affairs or Ministry of Revenue, as the case may be, in the grant amounts payable by the Minister of Municipal Affairs to a supporting municipality under Part I or II, and where the Ministry of Municipal Affairs determines as a result of the adjustment that an overpayment has been made to the municipality, it shall notify the municipality of the amount of the overpayment and the amount of the overpayment shall be paid forthwith by the municipality to the Ministry of Municipal Affairs. O. Reg. 501/87, s. 33.

34. This Regulation applies to apportionments and levies made on or after the 1st day of January, 1987.

REGULATION TO AMEND ONTARIO REGULATION 382/84 MADE UNDER THE HEALTH PROTECTION AND PROMOTION ACT, 1983

1. Ontario Regulation 382/84 is amended by adding thereto the following section:

8a.—(1) Notwithstanding section 1, the Minister may pay grants to a board of health in an amount equal to 100 per cent of the expenses incurred in providing the dental treatment services set out in the Schedule to eligible children.

(2) For the purposes of subsection (1), a child is an eligible child if,

- (a) the child is in kindergarten or in any of grades 1 to 8, inclusive;
- (b) the parents or guardians of the child have no insurance or other form of coverage in respect of the services set out in the Schedule;
- (c) the parents or guardians of the child make a declaration that the cost for dental treatment services would constitute financial hardship;
- (d) the child has been assessed by a dentist or dental hygienist under a program established under Ontario Regulation 516/84 as requiring immediate or urgent dental care for conditions causing pain, infection, haemorrhage, trauma or pathology or conditions that would imminently lead to pain or infection; and
- (e) in the case of the dental services set out in Part 2 of the Schedule, the dental director for the board of health determines that the services are necessary.

(3) Notwithstanding subsection (2), a child is not an eligible child if the child,

- (a) is a recipient as defined in clause 1 (h) of the *General Welfare Assistance Act* or is a depen-

dant as defined in clause 1 (1) (e) of Regulation 441 of Revised Regulations of Ontario, 1980 (General);

- (c) is receiving residential services from a service provider under the *Child and Family Services Act, 1984* and the service provider makes dental care available for the child.

(4) Nothing in this section prevents a board of health from providing the services set out in the Schedule to a child referred to in subsection (3) on behalf of the Ministry of Community and Social Services.

(5) The payment of a grant is subject to the following conditions:

- 1. The board of health shall ensure that the dental services set out in the Schedule are made available to an eligible child as described in subsection (2).
- 2. The board of health shall issue a form authorizing work to be done, which form is valid for a six month period from the date of the issuance of the form.
- 3. The dental work authorized by a board of health shall be carried out by a dentist who is the holder of a licence to practice dentistry under Part II of the *Health Disciplines Act* and who,
 - i. has agreed to charge not more than the amounts set out in the Schedule,
 - ii. has agreed to seek payment only from the board of health and not from the parents or guardian of the child,
 - iii. has agreed to follow the directives set out in the Schedule, and

Guidelines for Procedural Requirements

The following shall be considered necessary to constitute
acceptable treatment:

- a) Removal of diseased tooth structure.
- b) Assessment of the necessity for:
 - i) provision of substitute substructure to provide
sufficient retention and protection of the remaining
natural tooth.
 - ii) finishing and contouring of adjacent restorations.
 - iii) correction of periodontal abnormalities related to the
unit.
 - iv) correction of occlusal abnormalities in the opposing
arch related to the unit.

Procedure Service

Fee

Assessment of the necessity for (i), (ii), (iii), (iv) is to be considered part of the prosthodontic treatment. Should any of the above be required then it would be done as a separate entity with the additional fee guided by the appropriate code numbers in the suggested Fee Guide.

- c) Design and execution of tooth reduction to accommodate the dictates of the chosen restorative material and the functional requirements (occlusal and retentive).
- d) Accurate impressions of the prepared tooth, its surroundings and opposing occlusion.
- e) Accurate centric registration as a minimum in occlusal registration.
- f) Adequate provisional coverage for the treated tooth for the interim of the treatment period.
Adequate coverage shall mean:
 - i) protection of the cut dentinal tubules and underlying dental pulp.
 - ii) maintenance of contact to adjacent teeth.
 - iii) maintenance of an acceptably stable functional occlusion during the construction period.
 - iv) respect for periodontal structures; i.e. the provisional restoration should provide little or no significant insult to the surrounding tissues.
- g) Shade selection where necessary.
- h) A proper written prescription for the guidance of the dental technician.
- i) Proper insertion technique which includes:
 - i) pulp protection,

PROSTHODONTIC SERVICES
Prosthodontics - Removable

PREAMBLE

1. This service is the provision of an artificial substitute for living tissue.
2. Professional skill used to provide the method of substitution is the essence of this health service, rather than the artificial component (denture).
3. There are two distinct and identifiable integral components necessary for the provision of this health service:
 - (a) Physiological component - requiring professional skill,
 - (b) Technical component - requiring laboratory procedures.
4. The significance of this service is in the preservation of the oral tissues supporting the artificial denture.
5. The value of this service is in the replacing of tooth function to the maximum possible range.

The following parts A and B on Clinical Procedures for Complete and Removable Partial Dentures, and the outlines for prosthetic procedures as related to the Fee Guide are designed to fulfil the principles outlined above. It will be noted therefore, that diagnostic services are emphasized by reference to the appropriate diagnostic procedure for each denture service being rendered.

PROSTHODONTIC SERVICESPROSTHODONTICS - FIXEDPREAMBLEA. AIMS OF FIXED PROSTHODONTIC SERVICES

- 1.) The restoration of diseased or missing teeth or parts of teeth.
- 2.) The maintenance of the restored teeth and their surrounding supporting structures in a normal healthy condition for as long a time as possible.
- 3.) The prevention of further injury to the restored teeth.
- 4.) The correction of abnormal oral conditions whether they be cosmetic, functional (occlusal) and/or periodontal (as in periodontal prosthetics).

B. EXTENSIVE OR COMPLICATED RESTORATIVE DENTISTRY

In order to qualify as "extensive or complicated restorative dentistry" a restorative treatment plan should include or encompass some or all of the following considerations:

- 1.) Multiple units in opposing quadrants.
- 2.) Major changes in the occlusal plane.
- 3.) The opening or closing of vertical dimension with fixed restorations.
- 4.) Repositioning of the mandible; i.e. a correction of the acquired occlusion to centric relation by means of fixed restorations.
- 5.) Bridgework of three abutments or more which begins in one posterior quadrant and ends in the anterior segment or in the opposite posterior quadrant.
- 6.) Development of major changes in incisal guidance.

- 7.) Development of major changes in occlusal morphology.
- 8.) Extensive splinting of mobile teeth.
- 9.) Major restorative dentistry for treatment of temporomandibular joint and myo-facial pain syndrome.

C. GUIDELINES FOR PROCEDURAL REQUIREMENTS FOR FIXED PROSTHODONTIC SERVICES

- 1.) Procedural requirements for three to four unit fixed prosthesis and multiple adjacent units.

The following requirements shall be considered necessary to constitute acceptable treatment:

- a) The same requirements as those for a single unit (refer to CROWNS - Preamble) with the addition of:
- b) Centric and eccentric occlusal records and the programming of a semi-adjustable articulator or the use of a functionally generated path technique.
- c) Abutment design, preparation and retainer construction in a manner compensating for the additional stress on the prosthesis.
- d) Parallelizing of the abutments or the judicious use of broken stress principles when necessary. (Broken stress techniques may have to be at an additional fee).

- e) Assessment of the necessity for:
 - i) occlusal correction of a total quadrant or total mouth occlusal correction as opposed to correction of one or two opposing teeth as in the single unit.
 - ii) correction of tissue around all abutments and ridge area for proper pontic design.
 - iii) complete mouth periodontal treatment.
- f) Design of pontics and the total prosthesis to provide sufficient strength to resist moments of bending and to provide acceptable cosmetic appearance, function and protection of the surrounding tissues.
- g) Provisional restoration in accordance with requirements for single restorations and in addition, the requirement to maintain abutment relationships through the provision of pontics and the restoration of proximal contact.
- h) Diagnostic casts, refer to Codes 04510 or 04520
- i) Complete series periapical films - refer to Code 02100

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 551/87.

Exemption—Toronto Area Transit Operating Authority (GO TRANSIT)—GT-1.

Made—September 2nd, 1987.

Approved—September 2nd, 1987.

Filed—October 1st, 1987.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—TORONTO AREA TRANSIT OPERATING AUTHORITY (GO TRANSIT)—GT-1

Having received a request from GO Transit that an undertaking, namely:

the acquisition of approximately 25 acres of land for the future development of a rail or bus station in the City of Oshawa, located on the southeast

quadrant of the Stevenson Road, Gibb Street intersection

be exempt from the application of the Act pursuant to section 29, and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

The existing property is presently for sale with offers or conditional offers in effect. If this property is sold and developed, the cost to acquire and redevelop or demolish a development will be significantly more than the cost of acquiring the property as existing vacant land at the present time and may result in the location being no longer feasible. The environmental implications of relocating to another site are unknown and could be significant.

Having weighed such injury, damage or interference against the betterment of the people of the whole, or any part of Ontario by protection, conservation and wise management of the environment which would result from the undertaking being subject to the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The original GO-ALRT Oshawa Project was subject to the *Environmental Assessment Act*. An Environmental Assessment was completed (dated December 1983) and filed with the Minister of the Environment in 1984. Formal approval was received in 1985 for all aspects of the project including a station at this location. In October 1985, the Ontario government made a decision to revert to conventional rail technology for this project which invalidated the Environmental Assessment approval.
- B. The change in technology from the GO-ALRT system to conventional rail does not change the location of the proposed station site.
- C. Studies are presently underway but are not expected to be completed until early 1988 to revise and update the Environmental Assessment document to address issues related to conventional rail technology. When completed, a further application will be submitted to the Minister of the Environment for approval under the *Environmental Assessment Act*.
- D. This order covers only property acquisition for the site.
- E. GO Transit will still be required to obtain the necessary *Environmental Assessment Act*

approvals for construction, operation and maintenance of the proposed station.

- F. If this property is not purchased now, the cost to acquire and redevelop or demolish possible developments will be significantly more than the cost of acquiring the property as existing vacant land and may result in the location being no longer feasible.

This exemption order is subject to the following terms and conditions:

1. No construction shall occur on the site before the appropriate approvals under the *Environmental Assessment Act* have been obtained.
2. This order expires on June 30th, 1988 or such later date as the Minister of the Environment may specify in writing to the proponent and in *The Ontario Gazette*. O. Reg. 551/87.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 552/87.

Exemption—Ministry of Government Services—MGS-76.

Made—September 2nd, 1987.

Approved—September 2nd, 1987.

Filed—October 1st, 1987.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF GOVERNMENT SERVICES—MGS-76

Having received a request from the Ministry of Government Services that an undertaking, namely:

the activities involved in the implementation of the Ministry of Correctional Services Head Office project at a site referred to as lots 447, 448, 449, 450, 21, 22, 523 and 524 R.P. No. 21, N.B. City of North Bay, District of Nipissing

be exempt from the application of the Act pursuant to section 29, and

Having been advised by the Ministry of Government Services that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Crown will be interfered with and damaged by the undue delay and expense required to prepare an environmental assessment for an activity for which adverse environmental impacts have not been identified.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The proposed undertaking will have no significant adverse effects on the environment.
- B. The recognition of the heritage factor associated with the retention and re-use of the building envelope of the former Teacher's College structure in the proposed development has been accepted as appropriate by the Ministry of Citizenship and Culture through consultations with the Ministry of Government Services.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.
2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.
3. The Ministry of Government Services will undertake the re-use and development of the former Teacher's College building and site in a manner that is sympathetic to the goals and objectives of the Ministry of Citizenship and Culture.
4. The Ministry of Government Services will arrange for the provision by itself or others of sufficient off-street parking spaces in the vicinity of the new Head Office for use of people working or attending there to satisfy

the standards for parking in the Municipal by-laws.

5. This order expires on December 31st, 1988 if construction has not commenced by that date. O. Reg. 552/87.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 576/87.

Exemption—Ministry of the

Environment—MOE-33/1.

Made—October 8th, 1987.

Approved—October 8th, 1987.

Filed—October 16th, 1987.

**ORDER MADE UNDER THE
ENVIRONMENTAL ASSESSMENT ACT****EXEMPTION—MINISTRY OF THE
ENVIRONMENT—MOE-33/1**

Having received a request from the Regional Director, Central Region, Ministry of the Environment that an undertaking, namely:

The removal of lead-contaminated soil from residential and municipal properties in the vicinity of the Canada Metal Company Limited secondary lead smelter on Eastern Avenue in Toronto, hauling the soil to approved waste disposal sites, replacing it with uncontaminated top soil and restoring the properties to a condition approximating that which existed prior to the soil removal and completion of related clean up work inside and outside dwellings,

be exempt from application of the Act pursuant to section 29; and having been advised by the Regional Director Central Region, that if the undertaking is subject to the application of the Act, the following injury, damage or interference with persons and property indicated will occur:

- A. Since lead contaminated soil on residential and municipal properties poses a potential hazard to the health of pre-school aged children, there will be a prolonged exposure of these children to the potential hazard.
- B. The public will become increasingly uneasy over the continuing presence of lead contaminated soil in view of its potential hazard to pre-school aged children and the Ministry commitment to remove it.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation

and wise management of Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The lead-contaminated soil poses a potential hazard to the children of the area. Delays which would be engendered by the application of the Act to the removal program will add to the duration of this potential hazard. Therefore, it is in the public interest to replace lead contaminated soil in the area expeditiously without waiting for an environmental assessment approval.
- B. This Order is for the purpose of replacing O. Reg. 411/87 to clarify the description of the undertaking.

The exemption is subject to the following terms and conditions:

1. The Ministry, where appropriate, shall inform and consult with agencies, municipalities, public groups and the public, which have concerns with the undertaking before the commencement of the undertaking.
2. The Director, Central Region, Ministry of the Environment, shall advise, in writing, thirty calendar days after the completion of the undertaking, the Director of the Environmental Assessment Branch of the Ministry of the Environment, as to how the conditions of the exemption have been met, for filing with the public records kept under section 31 of the Act by the Branch at the Ministry's main office.
3. The Director, Central Region, shall designate specific truck haulage routes to be followed throughout the undertaking, in order to minimize any potential adverse effects on local residents.
4. The Director, Central Region, Ministry of the Environment, shall take steps to ensure that the hauling contractor securely contains all loads in order to prevent spillage and cleans up any spillage that does result from the loading and hauling of the soil.
5. Exemption Order MOE-33 filed as O. Reg. 411/87 is terminated and replaced hereby. O. Reg. 576/87.

(3) Upon receipt of the statement referred to in subsection (2), the district board shall forthwith forward a copy of the statement to the clerk of each municipality within the district board area. O. Reg. 577/87, s. 6.

7. Each district board shall forward to the Ministry of Municipal Affairs a statement showing the total amount apportioned for 1987 among the municipalities within the district board area under the Act establishing the district board, as modified by subsection 6 (1). O. Reg. 577/87, s. 7.

8.—(1) For the purpose of determining grant eligibility, the Ministry of Municipal Affairs shall make determinations in the same manner as is prescribed under sections 2, 3 and 4 and the determinations under this subsection shall be based on the last returned assessment roll and on the equivalent assessments that by this Regulation are required to be added to the real property and business assessment for apportionment purposes.

(2) The Ministry of Municipal Affairs shall determine for each municipality within a district board area,

- (a) the dollar amount obtained by subtracting from the 1986 apportionment guarantee grant to each municipality the product obtained by multiplying the total number of households in that municipality by five dollars; and
- (b) if the dollar amount obtained under clause (a) is greater than zero, the apportionment guarantee grant by taking the dollar amount obtained under clause (a).

(3) For the purpose of determining grant eligibility, the Ministry of Municipal Affairs shall,

- (a) determine for each municipality within a district board area the dollar amount obtained by multiplying the percentage share of apportionment for that municipality, as determined under section 4, by the total amount apportioned among the municipalities within the district board area, as determined under section 7;
- (b) determine the dollar amount obtained by multiplying the 1986 sharing responsibility for general purposes by the total amount apportioned among the municipalities within the district board area, as determined under section 7;
- (c) determine the dollar amount obtained by subtracting from the dollar amount obtained under clause (a) the dollar amount obtained under clause (b);
- (d) determine the dollar amount obtained by subtracting from the dollar amount obtained under clause (c) the product obtained by multiplying the total number of households in that municipality by five dollars; and
- (e) if the dollar amount obtained under clause (d) is greater than zero, increase the apportionment guarantee grant determined under subsection (2) by the amount determined under clause (d).

(4) The Ministry of Municipal Affairs shall notify the treasurer of the municipality of the amount of the apportionment guarantee grant determined under subsections (2) and (3) and the Minister shall pay to the municipality such amount, if any.

(5) The amount payable under subsection (4) in respect of the total sum required for district board purposes shall be deducted by the municipality from the total sum and the net amount so determined shall be the amount to be raised by the municipality in 1987. O. Reg. 577/87, s. 8.

9.—(1) Where the equalization factor, the residential and farm assessment, the commercial assessment or the equivalent assessment, as determined under this Part, of one or more municipalities within a district board area is altered by the Ontario Municipal Board upon an appeal under the Act establishing the district board, notice of the altered equalization factor, residential and farm assessment, commercial assessment or equivalent assessment, as the case may be, shall be given forthwith by the clerk of the municipality to the Ministry of Revenue.

(2) Upon being satisfied that all appeals of the equalization factor, the residential and farm assessment, the commercial assessment or the equivalent assessment, as determined under this Part, of all

municipalities within a district board area have been determined and that all notices required under subsection (1) have been received, the Ministry of Revenue shall, using the altered equalization factor, residential and farm assessment, commercial assessment, or equivalent assessment, as the case may be,

(a) make the determinations required under sections 2, 3 and 4; and

(b) revise the notice and information to be supplied under sections 5 and 6.

(3) When a district board receives a notice revised by the Ministry of Revenue under clause (2) (b), the district board shall amend the apportionment of the total sum required for district board purposes among the municipalities within the district board area on the basis of the adjusted equalized assessments as determined.

(4) Where the Ontario Municipal Board alters, for 1987, the equalization factor, the residential and farm assessment, the commercial assessment or the equivalent assessment, as determined under this Part, of a municipality, the Ministry of Municipal Affairs shall redetermine the grant eligibility of each municipality within the district board area in accordance with subsections 8 (1), (2) and (3) on the basis of the altered equalization factor, residential and farm assessment, commercial assessment or equivalent assessment, as the case may be, and the Minister shall adjust the amount payable under subsection 8 (4) accordingly. O. Reg. 577/87, s. 9.

10. Notwithstanding sections 2 to 9, for the purpose of apportioning the 1987 requirements of the District of Parry Sound Welfare Administration Board, Parry Sound Home for the Aged (East) and Parry Sound Home for the Aged (West), the discounted assessment of the supporting municipality shall be deemed to be the discounted equalized assessment of the supporting municipality within each of the specified district board areas. O. Reg. 577/87, s. 10.

PART II

GENERAL

11.—(1) Where any Act requires the Ministry of Revenue or the Ministry of Municipal Affairs to equalize assessment rolls or parts of an assessment roll that relate to two or more defined areas within a

supporting municipality, the Ministry of Municipal Affairs shall, in equalizing each assessment roll or each part of the assessment roll, as the case may be, for purposes of municipal taxation in 1987, use the same equalization factor as was used to equalize such assessment roll or such part of the assessment roll for purposes of municipal taxation in 1979.

(2) Subsection (1) does not apply to a supporting municipality where there has been a different assessment generally of real property within that supporting municipality under section 63 of the *Assessment Act*. O. Reg. 577/87, s. 11.

12.—(1) Where the Ministry of Municipal Affairs or the Ministry of Revenue, as the case may be, determines in respect of a district board that any calculation made under this Regulation was made incorrectly or was based on incorrect information, the Ministry of Municipal Affairs may correct the calculation and may determine the amount that would have been payable to the supporting municipalities within the district board area by the Ministry of Municipal Affairs under this Regulation if the calculation had been correct and the grant amounts payable under Part I may be adjusted accordingly.

(2) Where a determination is made under subsection (1) in respect of an apportionment and levy of a district board, that apportionment and levy shall be adjusted in accordance with the corrected calculations and any overpayment or underpayment by a supporting municipality shall be corrected in the same manner as it is corrected following an appeal of a discounted equalized assessment being used for apportionment purposes. O. Reg. 577/87, s. 12.

13. Where, under this Regulation, an adjustment is made by the Ministry of Municipal Affairs or Ministry of Revenue, as the case may be, in the grant amounts payable by the Minister of Municipal Affairs to a supporting municipality under Part I, and where the Ministry of Municipal Affairs determines as a result of the adjustment that an overpayment has been made to the municipality, it shall notify the municipality of the amount of the overpayment and the amount of the overpayment shall be paid forthwith by the municipality to the Ministry of Municipal Affairs. O. Reg. 577/87, s. 13.

14. This Regulation applies to apportionments and levies made on or after the 1st day of January, 1987. O. Reg. 577/87, s. 14.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 578/87.

Exemption—Municipality of Metropolitan Toronto—METRO-M-2.

Made—October 15th, 1987.

Approved—October 15th, 1987.

Filed—October 21st, 1987.

ORDER MADE UNDER THE
ENVIRONMENTAL ASSESSMENT ACTEXEMPTION—MUNICIPALITY OF
METROPOLITAN TORONTO—METRO-M-2

Having received a request from The Municipality of Metropolitan Toronto that an undertaking, namely:

a proposal to alter parts of the north and east boundaries of the Keele Valley Landfill Site located on Parts of Lots 21-28 inclusive, Concession 3, Town of Vaughan, Regional Municipality of York,

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. Stage II is currently under development. The time requirements of full application of the *Environmental Assessment Act* may disrupt waste disposal operations at the site and cause the proposed undertaking to be delayed or partially cancelled.
- B. Possible damage to the nearby groundwater may occur through increased overall permeability of the clay liner. This is due to the fact that the easterly site boundaries of the Stage II area and the Stage IV area are irregular to the extent that construction and quality control difficulties in the installation of the liner will occur if the easterly boundaries of these areas are not straightened and waste is disposed thereon.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertak-

ing is exempt from the application of the Act for the following reasons:

- A. The overall area and capacity of the site for refuse filling purposes will not be increased above that currently approved;
- B. The proximity of the refuse to the property boundary brought about by this change will not be less than exists at other locations around the site and will not be less than that suggested in the proposed amendment to waste management Regulation 309 respecting waste disposal sites;
- C. No increased environmental effect on or off the site on surface or subsurface hydrology, flora, fauna, or ambient air conditions is anticipated as a result of the boundary modification;
- D. The neighbouring ratepayers who have previously objected to the site have been advised of this proposed alteration and have indicated to the proponent's representatives that the proposed alteration is appropriate;
- E. The natural environment could probably be better protected by altering the east boundary so as to allow for a more efficient liner construction; and
- F. The operator will be able to construct the liner in the altered Stage II and Stage IV areas in a manner that will ensure less permeability only upon approval of its plans and specifications by the Director of Environmental Approvals of the Ministry of the Environment following a public hearing by the Environmental Assessment Board under Part V of the *Environmental Protection Act*.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order, is being carried out as or is part of, an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order. O. Reg. 578/87.

JAMES BRADLEY
Minister of the Environment

(name of officer in charge) (name of psychiatric facility)”

in the fifth and sixth lines “where applicable, or TO WHOM IT MAY CONCERN”.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry must be supported by a valid receipt or invoice. This ensures transparency and accountability in the financial system.

Furthermore, it is noted that the records should be kept for a minimum of five years. This period allows for a thorough audit and helps in identifying any discrepancies or irregularities that may arise over time.

In addition, the document highlights the need for regular reconciliation of accounts. By comparing the internal records with the bank statements, any errors can be detected and corrected promptly, preventing them from escalating.

It is also stressed that the records must be stored in a secure and accessible manner. This can be achieved through the use of digital storage systems with robust security protocols to protect against data loss or unauthorized access.

The document concludes by stating that adherence to these guidelines is essential for the smooth operation of the financial system. It encourages all stakeholders to take their responsibilities seriously and ensure that all transactions are properly documented and recorded.

Finally, it is recommended that the records be reviewed periodically to ensure their accuracy and relevance. This ongoing process helps in maintaining the integrity of the financial data and supports the overall financial health of the organization.

The document also mentions that the records should be made available to authorized personnel for review and analysis. This facilitates the identification of trends and patterns, which can be used to inform strategic decision-making.

In summary, the document provides a comprehensive overview of the requirements for maintaining financial records. It outlines the key principles of accuracy, security, and accessibility, and emphasizes the importance of regular review and reconciliation.

The document is intended to serve as a guide for all personnel involved in the financial management of the organization. It is hoped that these guidelines will help to ensure the highest standards of financial record-keeping and contribute to the overall success of the organization.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 607/87.
Exemption—Ministry of Natural
Resources—MNR-30/8.
Made—October 30th, 1987.
Approved—October 30th, 1987.
Filed—November 10th, 1987.

ORDER MADE UNDER THE
ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF NATURAL
RESOURCES—MNR-30/8

Having received a request from the Minister of Natural Resources that an undertaking, namely:

The carrying out of the Provincial Parks Program including,

(a) Implementing:

1. Park Management Plans,

2. Resource Management Strategies,
3. Operations Strategies and Maintenance Schedules,
4. Development Strategies,
5. Site Plans,
6. Visitor Service and Interpretive Programs,
7. Capital Construction and Lease Purchase Projects,

in Provincial Parks;

- (b) Developing sewage or water works within or for Provincial Parks;
- (c) Acquiring land to amend the boundaries of existing Provincial Parks, to complete land acquisition for an existing Provincial Park or for a sewage lagoon in or for a Provincial Park; and
- (d) Amending and rescinding boundary regulations for existing Provincial Parks;

be exempted from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Ministry of Natural Resources has included a schedule for completion of a Class Environmental Assessment (Class EA) for Provincial Park Management with its request for exemption. Pre-submission consultation and completion of the EA for formal submission will be hampered by having to prepare separate exemptions or assessments for all Provincial Park projects at the same time.
- B. Park environmental and recreational features could be damaged in the absence of Provincial Park projects that address existing park management problems.
- C. Public enjoyment of recreational features may be reduced in the absence of the implementation of Provincial Park projects.
- D. The realization of the Government's Outdoor Recreation Program Objective and economic benefits to local communities would be limited.

Having weighed such injury, damage or interference with the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management of the environment which

would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. This interim exemption will allow Provincial Park plans and projects to continue while the Environmental Assessment for Provincial Park Management undergoes pre-submission consultation.
- B. The Provincial Parks Program is carried out within a context of conservation, protection and wise management of the environment. A major feature of the Provincial Parks Program is the preservation of significant, natural and cultural features in the Ontario landscape.
- C. The conditions to which this undertaking is subject will ensure that affected Government agencies and the public are informed of MNR's intentions to implement components of the Provincial Parks Program during the period of this exemption order.
- D. A number of activities that make up this undertaking are similar to activities that are covered by approved MNR Class Environmental Assessments. The Minister of Natural Resources will apply such parts of the procedures specified in the Class Environmental Assessments as are appropriate to the activities that make up this undertaking until such procedures, or other procedures are made directly applicable by the Environmental Assessment referred to in reason A.

This exemption order is subject to the following terms and conditions:

1. This exemption order does not apply to any plan or project,
 - (a) for any provincial park designated by regulation under the *Provincial Parks Act* after June 1, 1983;
 - (b) where development is likely to affect the habitat of a species designated under the *Endangered Species Act* (except for protecting the species);
 - (c) where the estimated completion cost of a sewage or water works or a capital construction or lease purchase project is in excess of \$2 million, not including any land acquisition costs.
2. This exemption order does not apply to any plan or project which includes the disposition

of property or interests in property to the private sector for,

- (a) the development of a new commercial recreation facility or the upgrading of an existing commercial recreational facility;

- (b) mineral exploration or development,

both of which will be done pursuant to Exemption Order MNR-26/4, as amended from time to time.

3. MNR will continue to provide the Environmental Assessment Branch as well as the Regional Office of the Ministry of the Environment (MOE) with a list of proposed plans and projects (e.g., capital development and facility upgrading projects, facility retirement, park resource management activities, park boundary amendments (including de-regulation), schedules for preparation or review of park management plans) for the Provincial Parks Program no less than thirty days prior to the implementation of any project. The lists will specify the nature, scope and location of all plans and projects and will specify which plans and projects will be carried out pursuant to another exemption order. MNR will notify the above offices of revisions to the lists no less than thirty days prior to the implementation of any such plans or projects.

4. A copy of all plans prepared for projects specified in the lists noted in Condition 3 shall be available to the public for examination at the appropriate District Office of MNR at least thirty days before implementation commences.

5. Any activity exempt under this Order that would be approved under a MNR Class Environmental Assessment, except that the approval does not apply to Provincial Parks, shall be carried out in accordance with the appropriate Class EA procedures, as though the activity were not in a Provincial Park by,

- (a) following the appropriate Class EA procedures, including notification, if there is no Park Management Plan; and

- (b) following the environmental quality guidelines and Construction and Mitigation Handbook, if there is a Park Management Plan.

6. Where the Minister of the Environment determines, after consultation with the Minister of Natural Resources, that a proposed plan or project,

- (a) may generate an unusual amount of public or Government concern; or

- (b) may have unusual or significant potential environmental impacts not adequately treated in the pertinent planning exercise,

the Minister of the Environment may, by written notice to the Minister of Natural Resources, direct that an environmental assessment be prepared for the plan or project in which event the plan or project will not be exempt under this Order.

7. Where the Minister of the Environment has given written notice to the Minister of Natural Resources that he is considering the application of Condition 6 to a plan or project, MNR shall not implement the plan or project until forty-five days have elapsed from the giving of notice or the Minister of the Environment gives written notice to the Minister of Natural Resources that it is not proposed to require an environmental assessment.

8. During the period covered by this order, the Provincial Parks Program shall be planned, implemented and managed according to the following Provincial Parks' guidelines and policies:

- Ontario Provincial Parks Policy
- Ontario Provincial Parks Planning and Management Policies
- Provincial Park Management Planning Guidelines—1983
- Provincial Park Management Planning Reference—1986
- Ontario Provincial Parks Provincial Operating Standards
- Ontario Provincial Parks Capital Maintenance Standards
- Ontario Provincial Parks Development Manual
- Ontario Provincial Parks Development Standards
- Parks and Recreational Areas Branch Policies and Procedures
- Visitor Services Interim Policy

9. The guidelines and policies specified in condition 8 and any revisions or additions to these guidelines and policies will be made available by MNR for public inspection upon

request and will be forwarded to the Environmental Assessment Branch of the Ministry of the Environment.

10. Those plans and projects planned under the previous exemption (MNR-30/7), filed as Ontario Regulation 657/86, but not implemented by the date of its expiry, may continue to proceed in accordance with the conditions of this exemption.
11. Those plans and projects planned under this exemption, but not fully implemented by the date of expiry of this exemption, will have their status under the *Environmental Assessment Act* reviewed in connection with the review of the Class Environmental Assessment for Provincial Park Management and, if provided for in conditions of approval issued in connection with the undertaking, may continue to proceed in accordance with such conditions.
12. This order expires on October 31, 1988 except that the Minister of the Environment, taking into consideration the progress of the Ministry of Natural Resources on pre-submission consultation and any related drafting of the Class Environmental Assessment for Provincial Park Management and upon the request of the Minister of Natural Resources, may extend this expiry date but this extension shall not be beyond April 30, 1989.
13. If the Ministry of Natural Resources has submitted a Class Environmental Assessment under this Act for the Provincial Park Management undertaking prior to the expiry of this order, this order shall remain in effect until a final decision on the approval of the undertaking for which the Class Environmental Assessment is submitted has been made.
14. Where an Environmental Assessment has been done and approval to proceed issued for an individual Provincial Parks plan or project, that plan or project shall be deemed to be a separate undertaking not exempt by this order. O. Reg. 607/87.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 613/87.

Exemption—Municipality of Metropolitan
Toronto—METR-M-3.

Made—November 12th, 1987.

Approved—November 12th, 1987.

Filed—November 19th, 1987.

**ORDER MADE UNDER THE
ENVIRONMENTAL ASSESSMENT ACT****EXEMPTION—MUNICIPALITY OF
METROPOLITAN TORONTO—METR-M-3**Having received a request from The Municipality of
Metropolitan Toronto that an undertaking, namely:The acquisition of approximately 1.58 hectares of
land located north of Old Fort York and east of
Strachan Avenue at 10 and 10R Ordnance Street,be exempt from the application of the Act pursuant to
section 29; andHaving been advised by The Municipality of Met-
ropolitan Toronto that, if the undertaking is subject to
the application of the Act, the following injury, dam-
age or interference with the persons and property indi-
cated will occur:

- 02A. A private warehouse redevelopment is pro-
posed on a portion of the subject property,
for which The Corporation of the City of
Toronto has no legal basis to deny the
requested building permit if the usual
requirements are met. If the property is re-
developed, the cost to The Municipality of
Metropolitan Toronto to acquire and
demolish the new development will be sig-
nificantly more than the cost of acquiring the
property in its present state. The environ-
mental implications of relocating the align-
ment for a Front Street Extension could be
significant.

Having weighed such injury, damage or interfer-
ence against the betterment of the people of the whole
or any part of Ontario by protection, conservation and
wise management of the environment which would
result from the undertaking being subject to the Act;

The undersigned is of the opinion that it is in the
public interest to order and orders that the undertak-
ing is exempt from the application of the Act for the
following reasons:

- A. The Central Waterfront Transportation
Study (CWTS) in May, 1983 identified the
Front Street Extension, together with the
widening of the Gardiner Expressway, as the
two key road improvements required to
maintain an adequate level of service for
existing, planned and ongoing developments
in the Central and Waterfront areas of
downtown Toronto.
- B. The Metropolitan Council in May, 1985
authorized initiation of the Front Street/
Gardiner Expressway Interchange Environ-
mental and Feasibility Study. The study,
being undertaken by the Metropolitan
Toronto Technical Transportation Planning
Committee, has followed the principles of
environmental planning embodied in the
Environmental Assessment Act and is near-
ing completion.
- C. The above-noted study has identified a pre-
ferred alignment for the Front Street Exten-
sion which bisects the subject lands. Five of
the seven other alternative alignments
studied also impact the site. When the study
has been accepted by the Metropolitan
Council, it will be submitted as an Environ-
mental Assessment or dealt with as an
Environmental Study Report under the
Municipal Roads Class Environmental
Assessment.

- D. The owners of the property have applied to the City of Toronto for a building permit to develop a ten-storey warehouse. The Metropolitan Corporation has advised that the City has no legal basis to deny the permit. If the owner proceeds with the proposed development, the adverse financial impacts on the Metropolitan Corporation of acquisition of the lands at a later date could be significant.
- E. The Metropolitan Corporation desires to acquire these lands now prior to their redevelopment, either by way of a negotiated agreement or by expropriation. The Corporation is seeking the requested exemption to obtain the necessary legal authority to commence negotiations with the owner in good faith and in a timely manner.
- F. This order covers only property acquisition for the site.
- G. The Metropolitan Corporation will still be required to comply with the *Environmental Assessment Act* if it is to proceed with the construction, operation and maintenance of the proposed Front Street Extension and Gardiner Expressway Interchange.
- H. Ownership of the subject lands by the Metropolitan Corporation should not be a factor in the selection of a preferred alternative for the Front Street Extension.

This exemption order is subject to the following terms and conditions:

1. This order does not permit any construction activities, other than demolition if required for purposes of safety, connected with the Front Street Extension.
2. The acquisition of the subject lands by The Municipality of Metropolitan Toronto shall not be considered as a factor in the environmental assessment analysis or selection of a preferred alternative for the Front Street Extension.
3. No lands shall be acquired under this order unless an agreement to do so has been entered into with the owner or a notice of intention to expropriate has been served prior to September 30, 1989, or such later date as the Minister of the Environment may specify by notice in writing given to the proponent and printed in THE ONTARIO GAZETTE. O. Reg. 614/87.

Exemption—Ministry of Government Services—MGS-75.

Made—November 12th, 1987.

Approved—November 12th, 1987.

Filed—November 19th, 1987.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF GOVERNMENT SERVICES—MGS-75

Having received a request from the Ministry of Government Services that an undertaking, namely:

The activities involved in the implementation of the Ontario Provincial Police (O.P.P.) District Headquarters project at a site which is legally referred to as Part Lot 3, Concession 1, Western Boundary River Thames Survey, Township of Harwich, now in the City of Chatham, County of Kent,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Ministry of Government Services that, if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Ministry of the Solicitor General and its agency, the Ontario Provincial Police, will be interfered with because they require the undertaking to overcome existing inadequate accommodation facilities (including communications) which severely hamper effective and efficient program delivery.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reason:

- A. The proposed undertaking will have no significant adverse effects on the environment that cannot be mitigated.

This exemption is subject to the following terms and conditions:

1. Where an activity which otherwise would be exempt under this order is being carried out

as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions in this order.

2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.
3. All recommendations of the Lower Thames Valley Conservation Authority with respect to fill-lines, elevations and flood-proofing will be implemented in the development of the proposed undertaking.
4. Construction Guidelines shall be prepared to ensure that contractors respect the integrity of the watercourse, maintain the site in a neat and tidy condition during construction and dispose of refuse and construction related material in a fashion that is environmentally acceptable (by disposing in a licensed landfill rather than burying or burning at the site).
5. Prior to the construction of the building, the proponent shall prepare a site plan identifying the areas of organic deposits and all proposed buildings, structures and facilities, including paved surfaces and underground services, with details and specifications for any measures to address concerns related to the generation and migration of gas in the subsurface. This report shall be submitted to the Windsor District Office, MOE, for approval. The proponent shall not proceed with the undertaking until such approval is given in writing and a copy filed with the Director, EA Branch, for filing in the public record.
6. The proponent shall implement the site plan as approved.
7. The site shall be assessed for archaeological evidence prior to construction and a report of the results shall be submitted to the Director of the Environmental Assessment Branch for filing in the public record.
8. This order shall expire if construction activities have not commenced by December 31, 1989. O. Reg. 614/87.

*This Table brings out the relationship between test pressures and maximum allowable operating pressure subsequent to the test. If an operating Company decides that the maximum operating pressure will be less than the design pressure, a corresponding reduction in prescribed test pressure may be made as indicated in Column 3. However, if the reduced test pressure is used, the maximum operating pressure cannot later be raised to the design pressure without retesting the pipeline to the test pressure prescribed in Column 4. (See Clauses 3.1 and 5.9.1.)

**See Clause 8.7.1.5.

NOTES:

(1) m.o.p. = maximum operating pressure (not necessarily the maximum allowable operating pressure).

(2) d.p. = design pressure.

(3) t.p. = test pressure.

O. Reg. 653/87, s. 4.

5.—(1) Tobacco does not qualify for a grade if it is damaged by mould after being cured, is damaged by smoke or soot at any time or contains bits of broken tobacco leaves and stems resulting from handling.

(2) Despite subsection (1), bits of broken tobacco leaves and stems free from foreign material may be graded as scrap and so marked. O. Reg. 653/87, s. 5.

6. The grade factors for tobacco leaves are plant position group, colour, colour intensity, leaf structure, leaf development, maturity, width, length, green tolerance, uniformity, injury and waste and crude. O. Reg. 653/87, s. 6.

7. The plant position groups for tobacco and the symbols therefor are,

(a) lugs (X), consisting of the leaves nearest the ground on a tobacco plant;

(b) cutters (C), consisting of the leaves above the lugs and below the cutter leaf;

(c) cutter leaf (H), consisting of the leaves in the mid to upper part of a tobacco plant;

(g) VL, meaning variegated lemon;

(h) VF, meaning variegated dusky tan;

(i) A, meaning green on the butt of a leaf;

(j) G, meaning lemon to light orange to medium orange to mahogany to dusky tan with green on the lamina of a leaf;

(k) GL, meaning lemon to light orange to medium orange with green on parts of the leaf other than the butt;

(l) GF, meaning medium orange to mahogany to dusky tan with green on parts of the leaf other than the butt;

(m) K, meaning that at least 50 per cent of the leaves are grey; and

(n) CR, meaning cherry red. O. Reg. 653/87, s. 8.

9. The colour intensity classifications for tobacco are,

(a) deep;

(b) strong;

(c) moderate;

(e) pale. O. Reg. 653/87, s. 9.

10. The leaf structure classifications for tobacco are,

(a) open;

(b) firm;

(c) close;

(d) tight; and

(e) slick. O. Reg. 653/87, s. 10.

11. The leaf development classifications for tobacco of each plant position group are,

(a) fleshy;

(b) medium fleshy;

(c) medium;

(d) thin; and

(e) skinny. O. Reg. 653/87, s. 11.

12. The maturity classifications for tobacco are,

- (a) very ripe;
- (b) ripe;
- (c) medium mature;
- (d) slightly immature; and
- (e) immature. O. Reg. 653/87, s. 12.

13. In each of sections 9 to 12, the most favourable classification is listed first and the least favourable classification is listed last. O. Reg. 653/87, s. 13.

14.—(1) The grades indicated in Schedules 1 to 5, subsection 5 (2) and sections 15 and 16 are established for tobacco.

(2) Tobacco, the majority of which is of the plant position group indicated in the heading of a Schedule, may be graded with a grade indicated in the Schedule if it meets the minimum grade requirements set opposite the grade.

(3) Tobacco, no more than 20 per cent of the leaves of which have an injury referred to in subsection (4), may be graded with the grade for which it would qualify but for the injury if the grade mark designating the grade that is affixed to the bale is followed by the symbol referred to for the appropriate special factor set out in subsection (4).

(4) For the purpose of subsection (3), the symbol to be used,

(7) Subsection (6) does not apply to a producer of tobacco who notifies the person in charge of grading at the tobacco auction exchange to which he or she delivers tobacco, not later than the time of delivery of the tobacco, that the producer applied maleic hydrazide to the tobacco during the growing season.

(8) Tobacco to which maleic hydrazide was applied shall not be included in any grade in the Schedules, but a grader may mark the tobacco with the letters and figures of the grade it would have had if maleic hydrazide had not been applied, if that mark is followed by the letters MH legibly marked or printed in at least the same size.

(9) Section 3 does not apply to tobacco marked in accordance with subsections (6), (7) and (8). O. Reg. 653/87, s. 14.

15.—(1) In this section, "nondescript tobacco" means tobacco which contains,

REGULATION TO AMEND ONTARIO REGULATION 59/86 MADE UNDER THE LEGAL AID ACT

1. Schedules 2, 3, 4, 5, 6 and 7 of Ontario Regulation 59/86 are revoked and the following substituted therefor:

Schedule 2

Fees in Criminal Matters

Notes

- A. The fees payable in criminal matters are set out in the Table to this Schedule and must be read in conjunction with these Notes and any qualifications or allowances set out in the Table.
- B. All fees in this Schedule are subject to,
 - (a) an increase or decrease in accordance with Note C and items 17.1 and 17.2 of the Table to this Schedule; and
 - (b) a reduction in accordance with section 22 of the Act.
- C. This Schedule is a legal aid tariff reflecting fees customarily paid by a client of modest means and except in unusual circumstances the fees provided for shall normally apply for the described legal services, including block fees and maximum fees, but,

- (a) at the written request of the solicitor, the fees may be increased by a Legal Accounts Officer if in the opinion of the Legal Accounts Officer an increase is justified, having regard to all the circumstances, including,

- (i) the result obtained,
- (ii) the complexity of the matter,
- (iii) the nature of the work done,
- (iv) the importance of the matter to the client,
- (v) the solicitor's degree of skill and competence,
- (vi) the number of charges against the client,
- (vii) the length of the trial,
- (viii) the amount of court time saved,
- (ix) the amount of money saved by the Legal Aid Plan,
- (x) the time necessarily spent,
- (xi) the amount of time realistically set aside in anticipation of a lengthy trial which time was not otherwise filled by the solicitor, and
- (xii) any other relevant factor which would warrant an increased fee; and

- (b) the fees may be decreased by a Legal Accounts Officer if in the opinion of the Legal Accounts Officer a decrease is appropriate,

- (i) under the provisions of section 100 of this Regulation, or
- (ii) where and to the extent that the fees charged exceed the amount of fees that would be allowed if the fees of the solicitor were assessed under the Solicitors Act.

- D. A solicitor shall prepare an account in accordance with this Schedule and shall provide details of services rendered, including the date, time of day, length of time, description of service and by whom the service was rendered.
- E. A Legal Accounts Officer may require proof and justification of all items included in an account, either by the production of docket entries or otherwise.
- F. If a solicitor represents two or more persons charged with the same offence or a similar offence arising out of the same occurrence and if the pre-trial hearings, preliminary hearings, trials, pleas of guilty or appeals are heard in

the same court at approximately the same time, then, for the purposes of this Schedule, the solicitor is entitled to fees as for one client and to an increase of 40 per cent and such additional fees as may be appropriate in accordance with Note C.

- G. If a solicitor represents a person charged with two or more offences and the pre-trial hearings, preliminary hearings, trials, pleas of guilty or appeals are heard in the same court at approximately the same time, then, for the purposes of this Schedule, the solicitor is entitled to fees as for one charge and such additional fees as may be appropriate in accordance with Note C.
- H. Where a solicitor represents two or more persons, and one of them is a private retainer client and another of them is represented under the Legal Aid Plan, the solicitor shall disclose the fact of representing a private client to the Legal Accounts Officer and shall prorate all disbursements and preparation between the private client and the Legal Aid client.
- I. If a solicitor can readily ascertain that a maximum allowed by this Schedule is clearly inadequate with respect to a matter for which a certificate has been issued, the solicitor shall forthwith advise the area director and a Legal Accounts Officer of the details of the case and an estimate of the time and services required. Failure to do so will be a factor in the settlement of the solicitor's account.
- J. In any matter not dealt with by this Schedule, a Legal Accounts Officer shall allow a reasonable fee and, in determining the fee properly payable in respect of the matter, the Legal Accounts Officer shall have regard to this Schedule for comparable services.
- K. A solicitor may render interim accounts whenever his or her unbilled account balance, exclusive of disbursements, exceeds \$500 and at such other times as a Legal Accounts Officer may permit.
- L. If junior counsel is retained under subsection 79(4) of this Regulation,
 - (a) the junior counsel shall be paid, as counsel fee, 75 per cent of the counsel fee set out in this Schedule and, for all other services, the junior counsel shall be paid the hourly rates set out in the Schedule but the junior counsel shall not be entitled to any increases in the basic rate based on experience; and
 - (b) the total preparation time permitted under this Schedule shall be increased by 50 per cent.
- M. Fees shall be allowed for proceedings under the Young Offenders Act (Canada) at the same rate as is provided for proceedings under the Act creating the offence.

(3) The minimum special payments referred to in clauses (1) (b), (c) and (d) may be determined by refer-

ence to a schedule of dollar payments determined in accordance with subsection (4),

(4) In the case of a pension plan referred to in subsection (1), the actuary shall, as part of the report required under subsection 3 (1) or section 10 or 11,

(a) perform such tests as will demonstrate the sufficiency of the contributions required by the collective agreement or agreements to provide for the benefits set out in the plan without consideration of any provision for reduction of benefits set out in the plan; or

(b) where the contributions are not sufficient to provide the benefits under the plan, propose options available to the administrator of the plan that will have the result that the required contributions will be sufficient to provide the benefits under the plan.

(5) Where an actuary proposes options in accordance with clause (4) (b),

(a) submit a copy of the report containing the proposed options to the administrator;

(b) the actuary shall file a copy of the report within thirty days after submitting the report to the administrator and within the time period referred to in subsection 11 (3);

UTILIZATION OF ACTUARIAL GAIN AND SOLVENCY GAIN

7.—(1) Where a report with a review date on or after the 1st day of January, 1988 discloses,

- (a) an actuarial gain under the plan with respect to a period that begins on or after the 1st day of January, 1988; and
- (b) that there is no new solvency deficiency nor any unamortized balance of any previous solvency deficiency first established on or after the 1st day of January, 1988,

and where the actuarial gain is to be utilized, the amount of the actuarial gain shall first be applied to reduce the outstanding balance of any going concern unfunded actuarial liability.

(2) The outstanding balance of a going concern unfunded actuarial liability that is reduced under subsection (1) may be reamortized over the same or a shorter period during which special payments are required to be made.

(3) Where a report with a review date on or after the 1st day of January, 1988 discloses an actuarial gain and there is either a new solvency deficiency or an unamortized balance of a previous solvency deficiency, the amount of the actuarial gain shall not be applied to reduce any previously scheduled special payments within the remaining amortization period for any solvency deficiency.

(4) An actuarial gain referred to in subsection (1) may be applied to reduce any employer contributions for normal cost provided that there is no going concern unfunded actuarial liability or solvency deficiency.

(5) Where an actuarial gain is not utilized as from the review date on which the actuarial gain is reported, any subsequent utilization of the actuarial gain is subject to,

- (a) subsection (1), where there is no remaining unamortized balance of a solvency deficiency at the time the actuarial gain is utilized; or
- (b) subsection (3), where there is any remaining balance of a solvency deficiency at the time the actuarial gain is utilized.

(6) A solvency gain may only be applied to reduce the total of any new solvency deficiency and the unamortized balances of any previous solvency deficiency.

(7) Where a solvency gain is applied as set out in subsection (6),

- (a) the remaining solvency deficiency may be reamortized over the same or a shorter period during which special payments are required to be made; and
- (b) the remaining special payments with respect to any further going concern unfunded actuarial liabilities shall be recalculated, taking into account the results of the current going concern valuation and the reduced special payments for solvency deficiencies. O. Reg. 708/87, s. 7.

FUNDING OF ESCALATED ADJUSTMENTS

8.—(1) The estimated future costs of the escalated adjustments of a pension plan that provides for escalated adjustments may be excluded from the funding requirements set out in sections 4, 5 and 6.

(2) The amount of a payment of an escalated adjustment that is made from the pension fund, to the extent that it has not been prefunded, shall be deemed to be part of the normal cost.

(3) For the purposes of a report required by section 10 or 11, factors attributable to an escalated adjustment may be excluded in determining the existence or amount of any going concern unfunded actuarial liability. O. Reg. 708/87, s. 8.

REDUCTION OF SPECIAL PAYMENTS

9.—(1) Where special payments greater than the minimum payment required under subsection 5 (1) are made by,

- (a) a special payment made in advance; or
- (b) an additional payment of any kind,

the amount of special payments for subsequent periods may be reduced provided that the outstanding balance of any going concern unfunded actuarial liability or solvency deficiency shall at no time be greater than it would have been had the special payment required under subsection 5 (1) been made, taking into account the effect of any application of an actuarial gain or a solvency gain in accordance with section 7.

(2) Where the date of filing a report under subsection 3 (1) and section 10 or 11 is later than the review date of the report, the employer shall pay into the pension fund within sixty days of the filing of the report, all monthly amounts that have not yet been paid into the pension fund, calculated from the date on which they are required to be made to the date of filing

the report, plus interest at the going concern valuation rate or the solvency valuation rate, as applicable. O. Reg. 708/87, s. 9.

(ii) the cost for the escalated adjustment is included in the normal cost.

(2) The report referred to in subsection (1) shall be certified by a person authorized by section 12.

(3) A report referred to in subsection (1) may certify the adequacy of the premiums necessary to provide for the payment of all benefits under an insured pension plan that is funded by level premiums extending not beyond the retirement age for each individual member, in lieu of the matters required to be certified under that subsection. O. Reg. 708/87, s. 10.

11.—(1) The administrator of a pension plan shall cause the plan to be reviewed and a report prepared and certified by a person authorized by section 12 not more than three years after the date of the establishment of the plan and at intervals of not more than three years thereafter.
